Perfectly Imperfect: In A World Where You Can Be Anything, Be Exactly Who God Created You To Be. Melani Samples,2017-08 Perfectly imperfect is a book of 33 devotions to touch your heart and reach your soul. It is a compilation of words of encouragement, divine-breathed scripture, and hope. SUCCEED AGENDRA RANA,2023-09-30 Success is an excellent acquired quality of a person to sustain a strong spirit which can willfully overpower the dictums of mind. Even if a person possesses good physical strength, treasures of wealth and other resources, recognition among prominent personalities, but lack of self confidence, fails to provide the desired success. Every person, belonging to any age, religion or caste has an earnest desire to seek the achievements of the topmost level to command respect in the society. Perfection in any task is difficult but it requires prolonged efforts. Winning isn't about finishing in first place. It isn't about beating the others. It is about overcoming yourself, overcoming your body, your limitations, and your fears. Winning means surpassing yourself and turning your dreams into reality. Success hugs you in private but failure slaps you in public. Better learn and determine to succeed in life.

Managing in the Gray Area Patrick O'Keefe,2020-10-16 - Managing in the Gray Area Throughout this book the generic term “manager” is meant to apply to anyone who prioritizes, directs, supervises, and is responsible for the work and

performance of others. Few jobs in the corporate environment are as difficult or important as one entrusted and responsible for delivering corporate objectives through the interaction, oversight, and direction of human resources, i.e., managers. All employees have an expectation of being treated fairly, with respect and dignity, and this begins with the line manager. An employee should trust their manager to administer his or her duties in a fair and consistent manner. If an employee feels their concerns and interests are best served with a trip to HR this can only be viewed as a failure of line management. An employee should not believe a trip to HR, or to any other third party for that matter, would yield a more favorable result. Therefore, "all managers are human resource managers". However, too often managers find themselves ill-prepared for their assigned responsibilities. Text books, employee handbooks, policies, standard operating procedures, union contracts, are all one dimensional, too black and white, not informative enough and lack practical applications to help someone manage their human resources. When you're dealing with a multitude of personalities it's essential to have an internal "tool bag" of experience allowing you to manage in between the lines of black and white, right or wrong, yes or no, i.e., managing the gray area. For those looking to become more effective in the art of managing this book offers a Swiss army knife, of tips, ideas, techniques, principles, and management philosophies collected throughout my forty years within the management ranks.

Oxford Treasury of Sayings and Quotations Susan Ratcliffe, 2011-10-13 Contains quotations, proverbs, and phrases from throughout history and around the world, grouped by topic in over four hundred alphabetically arranged categories from Ability to Youth. Includes a list of themes and a keyword index.

Spiritual Realism David A. Gurdjieff Ph. D., 2004-10 You are not happy. You may enjoy periods of relative happiness and you may be happier than other people that you know, but you are not as happy as you'd like to be or as happy as you can be. How do I know? First of all, if you were completely satisfied with your life you wouldn't be holding this book in your hands right now. Second, it is very rare to find people that are in touch with certain realities regarding their existence that lead to lasting happiness. Spiritual Realism works in two ways. First, it will challenge the way you think about yourself and your personal reality construct, or in simpler terms, what you think is real. Your illusions need to be shattered in order to achieve the bliss that you desire, yet has been eluding you for so long. Second, this book will teach you a series of techniques that will make you happier and more content with your life if you practice them sincerely over an extended period of time. Spiritual Realism works. It cannot fail to work. Good luck! IMPORTANT NOTE: If you have strong religious beliefs you will likely find views in this book disturbing.
