Get Me Right Again Diamond Johnson,2017-03-06 Two different people. Two different personalities. Two mouths that just have to always have the last word all the time. Desmond isn't the type of guy that Shaniqua is used to. Always spoiled by her father and her brother, she was used to getting her way. While Desmond is willing to give her anything that her heart desires, he is dishing out tough love to her as well. Desmond and Shaniqua could be Miami's hood couple but it's Desmond's, baby mama Harlem who just won't let that happen. We were introduced to the start of Desmond's and Shaniqua's relationship in Christmas in Miami, and now that we've started, the hardest part is trying to keep the two of them together.

Rebels Like Us Liz Reinhardt,2017-02-28 It's not like I never thought about being mixed race. I guess it was just that, in

Brooklyn, everyone was competing to be unique or surprising. By comparison, I was boring, seriously. Really boring. Culture shock knocks city girl Agnes Nes Murphy-Pujols off-kilter when she's transplanted mid-senior year from Brooklyn to a small Southern town after her mother's relationship with a coworker self-destructs. On top of the move, Nes is nursing a broken heart and severe homesickness, so her plan is simple: keep her head down, graduate and get out. Too bad that flies out the window on day one, when she opens her smart mouth and pits herself against the school's reigning belle and the principal. Her rebellious streak attracts the attention of local golden boy Doyle Rahn, who teaches Nes the ropes at Ebenezer. As her friendship with Doyle sizzles into something more, Nes discovers the town she's learning to like has an insidious undercurrent of racism. The color of her skin was never something she thought about in Brooklyn, but after a frightening traffic stop on an isolated road, Nes starts to see signs everywhere—including at her own high school where, she learns, they hold proms. Two of them. One black, one white. Nes and Doyle band together with a ragtag team of classmates to plan an alternate prom. But when a lit cross is left burning in Nes's yard, the alterna-prommers realize that bucking tradition comes at a price. Maybe, though, that makes taking a stand more important than anything.

Civility, Compassion, and Courage in Schools Today Patricia Kohler-Evans, Candice Dowd Barnes, 2015-02-13 Over the past two decades, and perhaps even before the “No Child Left Behind Act,” policy makers and others have managed to drain civility, compassion, and courage from everyday classroom instruction. We have grown to become an educational system that is almost solely focused on academics at the expense of teaching to the whole child. *Civility, Compassion, and Courage in Schools Today* argues that civility, compassion and courage are absolutely essential to foster good citizenship—to encourage and motivate students to action—to take on the perspectives of others, and to see how they can become productive members in an ever changing global community. Using the authors’ “Model of Influence,” a four level hierarchy, they suggest that students can be taught to be more civil, compassionate, and courageous, even when facing adversity, and can move from developing a consciousness about these attributes into embracing influence and taking bold action. This book provides numerous examples as well as lesson plans designed to assist all educators to infuse their instruction with these critical attributes.

Thrive in Retirement Eric Thurman, 2019-02-26 Discover the three secrets to happiness--and much more--in the later years of life. Never before in human history have so many people lived for decades beyond their working years. 10,000 Americans turn 65 each day, and their average life expectancy is another 20 years--and many will live longer. But will they just live or have a meaningful life? The truth is that many--if not most--people approaching the latter years do not have a plan, much less a strategy to thrive instead of just survive. Packed with information based on research as well as common-sense wisdom, here are some examples of what readers will discover: How retiring at the wrong time increases the likelihood of dying 89%. What can delay Alzheimer's onset an average of 9 years. How everything that makes you happy comes in just 3

forms. Which partner is most likely to initiate divorce after decades of marriage and why.

Black Women Navigating Historically White Higher Education Institutions and the Journey Toward Liberation Logan, Stephanie R., Good, Tyra L., 2022-05-27 Black women in higher education continue to experience colder institutional climates that devalue their presence. They are relied on to mentor students and expected to commit to service activities that are not rewarded in the tenure process and often lack access to knowledgeable mentors to offer career support. There is a need to move beyond the individual resistance strategies employed by Black women to institutional and policy changes in higher education institutions. Specifically, higher education policymakers and administrators should understand and acknowledge how the race and gender makeup of campuses and departments impact the successes and failures of Black women as they work to recruit and retain Black women graduate students, faculty, and administrators. *Black Women Navigating Historically White Higher Education Institutions and the Journey Toward Liberation* provides a collection of ethnographies, case studies, narratives, counter-stories, and quantitative descriptions of Black women's intersectional experience learning, teaching, serving, and leading in higher education. This publication also provides an opportunity for Black women to identify the systems that impede their professional growth and development in higher education institutions and articulate how they navigate racist and sexist forces to find their versions of success. Covering a range of topics such as leadership, mental health, and identity, this reference work is ideal for higher education professionals, policymakers, administrators, researchers, scholars, practitioners, academicians, instructors, and students.

The Art of Doing Jesse Lipscombe, 2025-01-07 From the wildly popular speaker, how to embrace a life of curiosity, action and adventure while still mastering your to-do list In 2007, Jesse Lipscombe was training for the Beijing Olympics. An internationally top-ranked high jumper, his dreams of making the podium were shattered when he had a mini-stroke just five months before the Olympics. Jesse's stroke was a turning point in his life and changed his entire outlook. Rather than a singular focus on achieving a goal like an Olympic medal, he began to focus on the "doing" – and a world of opportunity, wonder and happiness unfolded for him. Lipscombe uses lessons from his life as an actor, speaker, writer, entrepreneur, pro-athlete and singer to craft a simple template that anyone can use to ensure they get out of the blocks and continue the momentum towards their dreams and goals. Lipscombe outlines tactics and strategies from passion, pursuit and productivity including how to win through losing, the macro to the micro planning strategy, and how to only do what you love or find a way to love what you do. Sensible, practical and inspiring, The Art of Doing will help you do any and everything you hope for.

Who Will Roll Away the Stone? Ched Myers,1994 The author of the critically-acclaimed *Binding the Strong Man* exposes the social and spiritual stones that impede us in our development and growth as Christians. In every age, writes Myers, disciples despair that the story has ended, only to discover that the stone 'has been rolled away, ' reopening the possibility - and imperative - of following the Way of Jesus. As a sequel to *Binding the Strong Man*, *Who Will Roll Away the Stone?* brings Myers' study of the gospel of Mark full circle. The first book provided a compelling reading of Mark's gospel as a manual of radical discipleship in the ancient Roman empire. *Who Will Roll Away the Stone?* picks up and extends the gospel's challenge specifically to those living in the contemporary imperial context. Each chapter opens with classic questions from within the gospel itself. Beginning with Peter's denial of Jesus, *Who Will Roll Away the Stone?* shows how and why first-world Christians - politically free, socially mobile, and resource-rich - seem typically unable or unwilling to struggle for social change. Myers uses three of the most troubling and problematic of recent events - the Los Angeles riots, the Gulf War, the Columbus quinentennial - to demonstrate how the subtle complexities of a culture of technological wizardry, information overload, and short-term memory can be recognized as blocking the first step on the journey of discipleship. Myers then turns to the second stage of discipleship which is conversion, literally a call to change direction both as individuals and as a society. He continues with a deconstruction of the modus vivendi of U.S. culture, using experiments in other ways of living, including social relocation and nonviolent politics. He then moves into the third stage of the call to discipleship, to reconstruct the church and the world through positive action: building solidarity with one another and with the poor, accepting and celebrating diversity and its gifts, and reclaiming the discourse of the reign of God from those who use it to defend the status quo.

Mom & Me & Mom Maya Angelou, 2013-04-02 NEW YORK TIMES BESTSELLER • A moving memoir about the legendary author's relationship with her own mother. Emma Watson's Our Shared Shelf Book Club Pick! The story of Maya Angelou's extraordinary life has been chronicled in her multiple bestselling autobiographies. But now, at last, the legendary author shares the deepest personal story of her life: her relationship with her mother. For the first time, Angelou reveals the triumphs and struggles of being the daughter of Vivian Baxter, an indomitable spirit whose petite size belied her larger-than-life presence—a presence absent during much of Angelou's early life. When her marriage began to crumble, Vivian famously sent three-year-old Maya and her older brother away from their California home to live with their grandmother in Stamps, Arkansas. The subsequent feelings of abandonment stayed with Angelou for years, but their reunion, a decade later, began a story that has never before been told. In *Mom & Me & Mom*, Angelou dramatizes her years reconciling with the mother she preferred to simply call "Lady," revealing the profound moments that shifted the balance of love and respect between them. Delving into one of her life's most rich, rewarding, and fraught relationships, *Mom & Me & Mom* explores the healing and love that evolved between the two women over the course of their lives, the love that fostered Maya Angelou's rise from immeasurable depths to reach impossible heights. Praise for *Mom & Me & Mom* "Mom & Me & Mom is delivered with Angelou's trademark good humor and fierce optimism. If any resentments linger between these lines, if lives are partially revealed without all the bitter details exposed, well, that is part of Angelou's forgiving design. As an account of reconciliation, this little book is just revealing enough, and pretty irresistible."—The Washington Post "Moving . . . a remarkable portrait of two courageous souls."—People "[The] latest, and most potent, of her serial autobiographies . . . [a] tough-minded, tenderhearted addition to Angelou's spectacular canon."—Elle "Mesmerizing . . . Angelou has a way with words that can still dazzle us, and with her mother as a subject, Angelou has a near-perfect muse and mystery

woman.”—Essence
