The Way I See It Joseph K. Chan, 2014-11-21 This book offers hope and inspiration to: People who are visually impaired People who have other bodily impairments Parents who have a physically challenged child People who ponder about the purpose of life Born with not one, but two rather restrictive birth defects, Joseph Chan faced multiple challenges in coping as a little child. In addition to the stress of keeping up in school, the stigma of being different experienced in both his family and school was a burden in building self-esteem. These challenges permeates his life as a young adult. Trying to start a career in accounting and building a social life was a long and difficult learning process. Despite a disadvantaged beginning, this is a story of love, faith, and personal triumph over fate. The Way I See It is Joseph Chan's spiritual journey to discover his life's purpose and to share the hope and inspiration that he has found with those who might also benefit from it.

Stories and Their Limits Hilde Lindemann Nelson, 2014-01-21 Narratives have always played a prominent role in both bioethics and medicine; the fields have attracted much storytelling, ranging from great literature to humbler stories of sickness and personal histories. And all bioethicists work with cases--from court cases that shape policy matters to case studies that chronicle sickness. But how useful are these various narratives for sorting out moral matters? What kind of ethical work can stories do--and what are the limits to this work? The new essays in *Stories and Their Limits* offer insightful reflections on the relationship between narratives and ethics.

Is There a Duty to Die? John Hardwig, 2014-05-01 Amid the controversies surrounding physician-assisted suicides, euthanasia, and long-term care for the elderly, a major component in the ethics of medicine is notably absent: the rights and welfare of the survivor's family, for whom serious illness and death can be emotionally and financially devastating. In this collection of eight provocative and timely essays, John Hardwig sets forth his views on the need to replace patient-centered bioethics with family-centered bioethics. Starting with a critique of the awkward language with which philosophers argue the ethics of personal relationships, Hardwig goes on to present a general statement on the necessity of family-centered

bioethics. He reflects on proxy decisions, the effects of elder care on the family, the financial and lifestyle consequences of long-term care, and physician-assisted suicide from the perspective of the family. His penultimate essay, *Is There a Duty to Die?* carries the idea of family-centered ethics to its logical, controversial, conclusion; comments upon this essay from Daniel Callahan, Larry Churchill, Joanne Lynn, and journalist Nat Hentoff offer differing views on this highly charged subject. As advances in medicine prolong patient's lives, the welfare of those ultimately responsible for medical care-the family-must be addressed. Hardwig's courageous and illuminating essays set forth a new direction in bioethics: one that considers the welfare of everyone concerned.

Interviews Through Time & Selected Prose Roy Fisher,2000 Poetics. A kind of biography in poetics, INTERVIEWS THROUGH TIME AND SELECTED PROSE weaves disparate threads into a narrative guide to the life and work of British poet Roy Fisher. Fisher's intelligent, candid voice comes alive in this carefully edited selection of interviews from 1975 to 1998; the picture is filled out by an autobiographical piece that covers the poet's early years, by Fisher's own tongue-in-cheek review of his last collection, and by five of the Talks for Words that he recorded for the BBC in the late 1970s. Writing in *Poets of Britain and Ireland* since 1960, Deborah Mitchell lauded Fisher's ability to combine an openness to a wide range of international and modernist influences with a scrupulous honesty towards his experience and a healthy distrust of the bogus and the metaphysical. SPD also carries Fisher's chapbook *IT FOLLOWS THAT*.
