Watching TV Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season-by-season narrative that encompasses the eras of American television from the beginning in broadcast, through cable, and now streaming. They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline, Watching TV provides the context and background to this multi-billion-dollar enterprise. Drawing on decades of research, the authors weave together personalities, popular shows, corporate strategies, historical events, and changing technologies, enhancing the main commentary with additional elements that include fall prime time schedule grids for every season, date box timelines, highlighted key text, and selected photos. Full of facts, firsts, insights, and exploits from now back to the earliest days, Watching TV is the standard chronology of American television, and reading it is akin to channel surfing through history. The fourth edition updates the story into the 2020s and looks ahead to the next waves of change. This new edition is the first to also be available in a digital format.

Bondi Beach Douglas Booth, 2021-09-29 Bondi Beach is a history of an iconic place. It is a big history of geological origins, management by Aboriginal people, environmental despoliation by white Australians, and the formation of beach cultures. It is also a local history of the name Bondi, the origins of the Big Rock at Ben Buckler, the motives of early land holders, the tragedy known as Black Sunday, the hostilities between lifesavers and surfers, and the hullabalos around the Pavilion. Pointing to a myriad of representations, author Douglas Booth shows that there is little agreement about the

meaning of Bondi. Booth resolves these representations with a fresh narrative that presents the beach's perspective of a place under siege. Booth's creative narrative conveys important lessons about our engagement with the physical world.

The Routledge Companion to Literature and Social Justice Masood Ashraf Raja,Nick T. C. Lu,2023-11-20 The Routledge Companion to Literature and Social Justice is a comprehensive and multi- purpose collection on this important topic. With contributors working in various fields, the Companion provides in- depth analyses of both the cumulative and emergent issues, obstacles, praxes, propositions, and theories of social justice. The first section offers a historical overview of major developments and debates in the field, while the following sections look in more detail at the key traditions and show how literature and theory can be applied as analytical tools to real- world inequalities and the impact of doing so. The contributors provide reviews of major theoretical traditions, including Marxism, feminism, Critical Race Theory, disability studies, and queer studies. They also share literary analyses of influential authors including W. E. B. Du Bois, Yang Kui, Edwidge Danticat, Octavia Butler, and Rivers Solomon amongst others. The final section considers future possibilities for theory and action of justice, drawing specifically from theories and knowledges in decolonial, Indigenous, environmental, and posthumanist studies. This authoritative volume draws on the intersections between literary studies and social movements in order to provide scholars, students, and activists alike with a complete collection of the most up- to- date information on both canonical and emerging texts and case studies globally.
