**Seven Years in Tibet** Heinrich Harrer, 1953 In the summer of 1939, climber and Olympic ski champion Heinrich Harrer was in India when war was declared. He found himself a prisoner of the British and was interned at the POW camp at Dehra-Dun. With the Himalayas right in front of him the thought of escaping through the mountain passes was very attractive. With few possessions and little money, Harrer escaped in 1944 and succeeded in reaching Tibet only to discover that Tibetians did not welcome strangers. Eventually, after great hardship and some remarkable experiences, he reached the forbidden city of Lhasa where he became tutor and friend of the present Dalai Lama, who was then a child. Harrer left the country seven years later when the Red Chinese invasion forced the Dalai Lama to flee.

*Summary of Heinrich Harrer's Seven Years in Tibet* Everest Media, 2022-07-02T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I had planned to escape from India during the war, but the war suddenly began, and I was taken prisoner. I was then transferred to another camp. With the help of like-minded companions, I collected compasses, money, and maps. #2 We were transferred to another camp in India, and this time we were transported by rail to the biggest POW camp in India. The conditions at the camp changed completely, and we had the Himalayas right in front of us. We thought about escaping over the passes to Tibet. #3 I had originally intended to escape alone, so that I wouldn't have to consider a companion. But one day, my friend Rolf Magener told me that an Italian general had the same intentions as myself. We quickly joined forces on the basis that I would be responsible for all the planning, and he for the money and equipment. #4 I was often sent out to gather information for the escape plan, and I learned how to climb over the camp's outer fence and into Marchese's wing. I cut the wires, and we escaped into the jungle.

**Beyond Seven Years in Tibet** Heinrich Harrer, 2007 The full autobiography of one of the world's most wellknown

adventurers. Heinrich Harrer, traveller, explorer and mountaineer led one of the most extraordinary lives of the twentieth century. He famously spent Seven Years in Tibet (published in 1953 and made into the film starring Brad Pitt in 1997) and was tutor, mentor and a lifelong .....

**Return to Tibet** Heinrich Harrer, 1985 Describes how Tibet has changed under Chinese rule, looks at the life of the exiled Dalai Lama, and discusses ways to preserve Tibet's cultural heritage

The Tibetan Book of the Great Liberation W. Y. Evans-Wentz, 2000-09-28 The Tibetan Book of the Great Liberation, which was unknown to the Western world until its first publication in 1954, speaks to the quintessence of the Supreme Path, or Mahāyāna, and fully reveals the yogic method of attaining Enlightenment. Such attainment can happen, as shown here, by means of knowing the One Mind, the cosmic All-Consciousness, without recourse to the postures, breathings, and other techniques associated with the lower yogas. The original text for this volume belongs to the Bardo Thödol series of treatises concerning various ways of achieving transcendence, a series that figures into the Tantric school of the Mahāyāna. Authorship of this particular volume is attributed to the legendary Padma-Sambhava, who journeyed from India to Tibet in the 8th century, as the story goes, at the invitation of a Tibetan king. Padma-Sambhava's text per se is preceded by an account of the great guru's own life and secret doctrines. It is followed by the testamentary teachings of the Guru Phadampa Sangay, which are meant to augment the thought of the other gurus discussed herein. Still more useful supplementary material will be found in the book's introductory remarks, by its editor Evans-Wentz and by the eminent psychoanalyst C. G. Jung. The former presents a 100-page General Introduction that explains several key names and notions (such as Nirvāṇa, for starters) with the lucidity, ease, and sagacity that are this scholar's hallmark; the latter offers a Psychological Commentary that weighs the differences between Eastern and Western modes of thought before equating the collective unconscious with the Enlightened Mind of the Buddhist. As with the other three volumes in the late Evans-Wentz's critically acclaimed Tibetan series, all four of which are being published by Oxford in new editions, this book also features a new Foreword by Donald S. Lopez.

**The Tibetan Book of the Dead** Padmasambhava, Karma Lingpa, 2013-03-12 The Tibetan Book of the Dead: Awakening Upon Dying, with introductory commentary by Dzogchen Buddhist master Chögyal Namkhai Norbu, is a new translation of the ancient text also known as The Great Liberation through Hearing in the Intermediate State. Both a practical guide and intriguing historical, cultural, and spiritual document, this new version incorporates recent discoveries that have allowed for a better translation of previously ambiguous passages. Revealing a set of instructions designed to facilitate the inner liberation of the dead or dying person, the book provides a guide to navigating the bardo--the interval between death and rebirth. Originally composed by Padmasambhava, an important Indian master of the eighth century, the Tibetan Book of the

Dead was concealed in Tibet until it was discovered in the fourteenth century by Karma Lingpa, a famous Tibetan tertön (discoverer of ancient texts). Describing in detail the characteristics and fantastic visions of each stage beyond death, the book includes invocations to be read aloud to the dying person, to help his or her successful journey toward the stage of liberation. Chögyal Namkhai Norbu's introduction clarifies the texts from the Dzogchen point of view and provides a scholarly summary of the ancient material based on his oral teachings and written works. In addition, material from several of Namkhai Norbu's more recent written works and oral teachers have been added, including an essay on the four intermediate states after death entitled Birth, Life, and Death. A full-color 16-page insert of traditional Tibetan art highlights Tibet's unique aesthetic wisdom.

Walter Yeeling Evans-Wentz,2000 To introduce this great published work on the Eastern, yoga-inspired method of attaining enlightenment, Evans-Wentz presents 100 pages of explanatory notes. Psychoanalyst C.G. Jung offers commentary on the differences between Eastern and Western thought, and Donald S. Lopez, Jr., writes the Foreword. 9 halftones.
