

Cast Under An Alien Sun

Emily G. Bradley

Cast Under an Alien Sun Olan Thorensen, 2016-12-02 Joe Colsco boarded a flight from San Francisco to Chicago to attend a national chemistry meeting. He would never set foot on Earth again. On planet Anyar, Joe is found naked and unconscious on a beach of a large island inhabited by humans with a level of technology similar to Earth circa 1700. He wakes amid strangers speaking an unintelligible language, and struggles to accept losing his previous life, finding his way in a society with different customs, and not knowing a single soul. He makes a place among the people there when he applies his knowledge of chemistry—as long as he is circumspect in introducing new knowledge not too far in advance of the planet's technology and being labeled a demon. Joe discovers he has been dropped into a developing clash between the people who cared for him, and for whom he develops an affinity, and a military power from elsewhere on the planet, a power with designs on conquest. Unaware, Joseph Colsco has been poured into a crucible, where time and trials will transform him in ways he could never have imagined.

Under Alien Skies Philip Plait, 2023-04-18 A Financial Times Best Science Book of 2023 • A Science News Favorite Book of 2023 • A Scientific American 2023 Staff Recommendation The next-best thing to traveling through space and time. —Laura Helmuth, editor in chief of Scientific American A rip-roaring tour of the cosmos with the Bad Astronomer, bringing you up close and personal with the universe like never before. Have you ever wondered what it would be like to travel the universe? How would Saturn's rings look from a spaceship sailing just above them? If you were falling into a black hole, what's the last thing you'd see before getting spaghettified? While traveling in person to most of these amazing worlds may not be possible—yet—the would-be space traveler need not despair: you can still take the scenic route through the galaxy with renowned astronomer and science communicator Philip Plait. On this lively, immersive adventure through the cosmos, Plait draws ingeniously on both the latest scientific research and his prodigious imagination to transport you to ten of the most spectacular sights outer space has to offer. In vivid, inventive scenes informed by rigorous science—injecting with a dose of Plait's trademark humor—Under Alien Skies places you on the surface of alien worlds, from our own familiar Moon to the far reaches of our solar system and beyond. Try launching yourself onto a two-hundred-meter asteroid, or stargazing from the rim of an ancient volcano on a planet where, from the place you stand, it is eternally late afternoon. Experience the sudden onset of lunar nightfall, the disorientation of walking—or, rather, shuffling—when you weigh almost nothing, the

irritation of jagged regolith dust. Glimpse the frigid mountains and plains of Pluto and the cake-like exterior of a comet called 67P. On a planet trillions of miles from Earth, glance down to see the strange, beautiful shadows cast by a hundred thousand stars. For the aspiring extraterrestrial citizen, casual space tourist, or curious armchair traveler, Plait is an illuminating, always-entertaining guide to the most otherworldly views in our universe.

The Art of Invective Dennis Potter,2015-05-12 Dennis Potter (1935-94) was Britain's leading television dramatist for almost thirty years and remains an inspiration to today's programme makers as a result of such ground-breaking work as *Pennies from Heaven*, *Blue Remembered Hills* and *The Singing Detective*. But he also engaged with his audience through reviews, journalism, interviews, broadcasts and speeches. *The Art of Invective*, the first collection of its kind, brings together some of his finest non-fiction work. Published to mark 80 years since Potter's birth, this book includes his merciless television columns, penetrating literary criticism and angry writings on class and politics, as well as his sketches for Sixties satire shows including *That Was the Week That Was*. From Frost-Nixon to *Coronation Street*, David Hare to *Doctor Who*, Orwell to *Emu*, this collection shows Potter's distinctive voice at its entertaining, thought-provoking and uncompromising best.

Doctrines of Imperialism Archibald Paton Thornton,1965 In a new appraisal of a highly controversial topic, Professor Thorton sets out the beliefs that underlie the doctrines of power, profit and civilization, all of which have animated and still animate the instinctive human activity known as imperialism. Imperialism is the category that has been allocated by social analysts to a process they normally condemn. At its heart is the image of dominance, of power asserted - and power is neither used nor witnessed without emotion. Imperialism is therefore more often the name of the emotion that reacts to a series of events than a description of the events themselves. Colonialism, which is imperialism seen from below, illustrates this point. Why this should be so is the subject of *DOCTRINES OF IMPERIALISM*- Publisher.

Splintered Shadow Nancey Cummings,2022-08-07 The portals take... So I forgot to update my phone. Big deal. Only there's a glitch and an app opens a portal to another planet! Because that makes sense. Now I'm stuck on an alien planet with a grumpy prince. His eyes turn black when he's upset. He can manipulate the shadows and grow a pair of massive inky wings. I mean, sure, he's hot, and he saved me from a pack of monsters, but I don't trust anything about this place, let alone a surly alien. I'm going to find a way home. The portals give... Fate delivered this odd, soft female to me. The royal mark is inked into her skin. She is meant for greatness. Then why did I, the half-blind prince, find her? Now that I have her, I refuse to let her go. She is my fate, my mate, and my destiny. Enjoy this portal fantasy with a royal alien prince and a determined woman! No cheating and a guaranteed HEA.
