Decolonial Feminism in Abya Yala Yuderkys Espinosa-Miñoso, María Lugones,, Nelson Maldonado-Torres, 2022-08-01 This is a collection of eleven chapters and an introduction that develop key arguments in decolonial feminism, particularly, the colonality of gender, the critique of white and Eurocentric feminisms, the imbrication between gender, race, and colonialism, feminicides, and the colonality of democracy and public institutions. The introduction addresses the path of decolonial feminism: from a new approach to understanding the relationship between gender as a category, race, and colonialism that combined U.S. Third World feminism and scholarship on colonality and decoloniality to its exponential growth in the hands of activists and engaged scholars from Latin America and the Caribbean. Today, much of the literature on decolonial feminism in Latin America and the Caribbean remains unknown in the U.S. This anthology seeks to start remedying this problem with seven translations of work originally written in Spanish, and three essays originally written in English that address the fundamental concepts of decolonial feminism as well as its contributions to important contemporary political and intellectual debates.

El Ser Uno I Franca de Schramm, 2021-01-21 EL SER UNO is a universal knowledge that will wake humans consciousness and realign it with the canons of the universe finding what has so deeply remained hidden in their minds for millennia. This knowledge has been received via telepathy and channeling by Elder Brothers-Ayaplianos of the Antimatter (spiritual) Reality of Alpha Centauri. They belong to the Sixth, Seventh, Eighth, and Ninth Dimension, parallel antimatter realities to the third dimension of planet Earth called TERA. The complete information is covered in a six-book series that range from the birth of the universe to the formation of the planet, its evolution, and destiny, which had formerly been transmitted to the ancient societies of Lemuria and Atlantis. Books: EL SER UNO I - The Arcana of Thoth EL SER UNO II - Planet 3.3.3 - The Guardians of Tera EL SER UNO III - The Seramitas - The long Path of Return EL SER UNO IV - Cosmic Alignment - 7 thousand Years of Preparation EL SER UNO V - The Interanos - The City of Crystal EL SER UNO VI - The Siren-Lemurianos - City of LIGHT and LOVE

Pluriversal Politics Arturo Escobar, 2020-04-24 In *Pluriversal Politics* Arturo Escobar engages with the politics of the possible and how established notions of what is real and attainable preclude the emergence of radically alternative visions of the future. Reflecting on the experience, philosophy, and practice of indigenous and Afro-descendant activist-intellectuals

and on current Latin American theoretical-political debates, Escobar chronicles the social movements mobilizing to defend their territories from large-scale extractive operations in the region. He shows how these movements engage in an ontological politics aimed at bringing about the pluriverse—a world consisting of many worlds, each with its own ontological and epistemic grounding. Such a politics, Escobar contends, is key to crafting myriad world-making stories telling of different possible futures that could bring about the profound social transformations that are needed to address planetary crises. Both a call to action and a theoretical provocation, *Pluriversal Politics* finds Escobar at his critically incisive best.

Rising Up, Living On Catherine E. Walsh, 2022-12-16 In *Rising Up, Living On*, Catherine E. Walsh examines struggles for existence in societies deeply marked by the systemic violences and entwinements of coloniality, capitalism, Christianity, racism, gendering, heteropatriarchy, and the continual dispossession of bodies, land, knowledge, and life, while revealing practices that contest and live in the cracks of these matrices of power. Through stories, narrations, personal letters, conversations, lived accounts, and weaving together the thought of many—including ancestors, artists, students, activists, feminists, collectives, and Indigenous and African peoples—in the Americas, the Global South, and beyond, Walsh takes readers on a journey of decolonial praxis. Here, Walsh outlines individual and collective paths that cry out and crack, ask and walk, deschool, undo the nation-state, and break down boundaries of gender, race, and nature. *Rising Up, Living On* is a book that sows re-existences, nurtures relationality, and cultivates the sense, hope, and possibility of life otherwise in these desperate times.

Decolonizing Applied Linguistics Research in Latin America Harold Castañeda-Peña, Paola Gamboa, Claire Kramsch, 2023-09-29 This collection explores the critical decolonial practices of applied linguistics researchers from Latin America and the Latin American diaspora, shedding light on the processes of epistemological decolonization and moving from a monolingual to a multilingual stance. The volume brings together participants from an AILA 2021 symposium, in which researchers reflected on applied linguistics in Latin America, and on the ways in which it brought concerns around social justice, the legacy of coloniality, and the role of monolingual English in education to the fore. Each chapter is composed of four parts: an autobiographical section written both in Spanish or Portuguese and in English followed by a reflection on the epistemological differences between versions; a discussion in English of the research project; a critical reflection on the epistemic practices and critical pedagogies enacted in the project; and the author(s)' understanding of the concept of decolonization and recommendations for further decolonizing the monolingual mindset of language teachers and learners. At once linguistic, epistemological, and political, the collection aims to diversify the concept of decoloniality itself and showcase other ways in which decolonial thought can be implemented in language education. This book will be of interest to scholars in applied linguistics, sociolinguistics, and language education.

The Palgrave Encyclopedia of the Possible Vlad Petre Glăveanu, 2023-01-25 The Palgrave Encyclopedia of the Possible

represents a comprehensive resource for researchers and practitioners interested in an emerging multidisciplinary area within psychology and the social sciences: the study of how we engage with and cultivate the possible within self, society and culture. Far from being opposed either to the actual or the real, the possible engages with concrete facts and experiences, with the result of transforming them. This encyclopedia examines the notion of the possible and the concepts associated with it from standpoints within psychology, philosophy, sociology, neuroscience and logic, as well as multidisciplinary fields of research including anticipation studies, future studies, complexity theory and creativity research. Presenting multiple perspectives on the possible, the authors consider the distinct social, cultural and psychological processes - e.g., imagination, counterfactual thinking, wonder, play, inspiration, and many others - that define our engagement with new possibilities in domains as diverse as the arts, design and business.

Born of War in Colombia Tatiana Sanchez Parra,2024-04-12 Born of War in Colombia addresses why people born of conflict-related sexual violence remain unseen within transitional justice agendas. In Colombia, there are generations of children born of conflict-related sexual violence across the country. Whispers of their presence have traveled outside their communities. They also exist within the country's domestic reparations program, which entitles them to reparations. Drawing on an immersive feminist ethnography with a community that endured a paramilitary confinement, the book reveals how a past-oriented and harm-centered model of transitional justice has converged with a restricted notion of gendered victimhood and the patriarchal politics of reproduction to render the bodies and experiences of people born of conflict-related sexual violence unintelligible to those seeking to understand and address the consequences of war in Colombia.

La responsabilidad jurídica en psiquiatría Octavio Casa-Madrid Mata,2025-01-13 Para la mejor comprensión del acto médico en psiquiatría, este libro hace un planteamiento sistemático a título no solamente de antecedente y juicio crítico general, sino de eje de análisis. De tal suerte, que se insiste en la necesidad de que la buena praxis se oriente hacia un sistema tripartita: constructivismo-asertividad-feedback, a fin de cumplir el desiderátum bioético de la atención de la salud mental. De igual modo, se abordan los temas de la relación jurídica médico-paciente, la teoría de legitimación del acto biomédico, el consentimiento bajo información, la urgencia psiquiátrica y el problema del internamiento involuntario, la incapacidad del paciente, el problema de la medicalización y las notas bioéticas esenciales en la atención psicológica, hasta llegar al tema de la responsabilidad jurídica. En todos los casos se presentan recomendaciones específicas para la solución de la problematicidad observada, pues el objetivo central del trabajo, más que ser un tratado, es ofrecer una guía a los lectores.
