Fairies and Elves ,1984 Recounts legends and folktales from around the world concerning people's encounters with elves and fairies.

Gardener's Guide to September/October Wildflowers Paul R. Wonning, This wildflower identification guide includes over twenty common fall blooming wildflowers with photographs. Gardener's Guide to September/October Wildflowers allows easier identification of wildflowers in the field because it is composed only of the late summer and early fall. Late summer blooming wildflowers tend to be flowers of the vast great American prairie. The prairies occupied the interior of the North American continent and supported a cornucopia of flowers, grasses and herbs. The prairies have disappeared and these former prairie wildflowers now occupy sunny meadows and roadsides throughout the Midwest. fall, guide, field, identification, wildflower, indiana, autumn

Reading Programs for Young Adults Martha Seif Simpson,2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade, but there is little available to young adults. For them, libraries become a place for work—the place to research an assignment or find a book for a report—but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme-based units (such as Cartoon Cavalcade, Log On at the Library, Go in Style, Cruising the Mall, Space Shots, Teens on TV, and 44 others) that are designed for young adults. Each includes a display idea, suggestions for local sponsorship of prizes, a program game to encourage participation, 10 theme-related activities, curriculum tie-in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a bibliography of related works, and a list of theme-related films. The units are highly flexible, allowing any public or school library to adapt them to their particular needs.

Giants Monsters and Dragons Carol Rose,2001-12-04 Contains alphabetically arranged entries that describe the imaginary creatures found in legends, religions, folklore, oral history, and theologies around the world.

Whatever Happened to Pudding Pops? Gael Fashingbauer Cooper,Brian Belmont,2011-06-07 If you owe a couple

cavities to Marathon candy bars, learned your adverbs from Schoolhouse Rock!, and can still imitate the slo-mo bionic running sound of The Six Million Dollar Man, this book is for you. Whatever Happened to Pudding Pops? takes you back in time to the tastes, smells, and sounds of childhood in the '70s and '80s, when the Mystery Date board game didn't seem sexist, and exploding Pop Rocks was the epitome of candy science. But what happened to the toys, tastes, and trends of our youth? Some vanished totally, like Freakies cereal. Some stayed around, but faded from the spotlight, like Sea-Monkeys and Shrinky Dinks. Some were yanked from the market, revised, and reintroduced...but you'll have to read the book to find out which ones. So flip up the collar of that polo shirt and revisit with us the glory and the shame of those goofy decades only a native could love.
