

# Ethics For Social Workers

**Frank M. Loewenberg, Ralph Dolgoff**

**Social Work Ethics** Charles S. Levy, 1976

**Social Work Values and Ethics** Frederic G. Reamer, 2018-11-06 For decades, teachers and practitioners have turned to Frederic G. Reamer's *Social Work Values and Ethics* as the leading introduction to ethical decision making, dilemmas, and professional conduct in practice. A case-driven, concise, and comprehensive textbook for undergraduate and graduate social work programs, this book surveys the most critical issues for social work practitioners. The fifth edition incorporates significant updates to the National Association of Social Workers Code of Ethics and new practice and model regulatory standards used by social service and licensing agencies around the world. Reamer also focuses on how social workers should navigate the digital world through discussion of the ethical issues that arise from practitioner use of online services and social networking sites to deliver services, communicate with clients, and provide information to the public, and what standards will protect confidential information transmitted electronically. He highlights potential conflicts between professional ethics and legal guidelines and expands discussions of informed consent, confidentiality and privileged communication, boundaries and dual relationships, documentation, conflicts of interest, and risk management. Conceptually rich and attuned to the complexities of ethical decision making, *Social Work Values and Ethics* is unique in striking the right balance among history, theory, and practical application.

**Ethics and Values in Social Work** Sarah Banks, 2020-11-04 With over 40,000 copies sold across its lifetime, this is social work classic from a leading international author. Synthesizing the complex ideas and concepts that characterize social work's value base, Sarah Banks expertly provides a clear and systematic account of professional ethics in relation to social work practice, framed within a global context. *Ethics and Values in Social Work* is co-published with the British Association of Social Workers (BASW) and this fifth edition provides revised and updated analysis of professional regulation and codes of practice. Written with Banks' trademark accessibility and theoretical rigour, this updated edition continues to be a relevant and invaluable resource for all students taking Ethics and Values modules at both undergraduate and postgraduate levels, as well as educators and practitioners of social work. New to this Edition: - Revised and updated analyses of professional regulations and codes of practices - Updated case studies with an increased number of global examples of social work practice - More cases featuring adults

*Ethics, Values and Social Work Practice* Linda Bell, Trish Hafford-Letchfield, 2015-03-16 A framework of ethics and values forms the foundation of social workers' professional identities. Ethics and values should shape the way that social workers practice and how they impact upon the lives of the service users they work to support. In a fast-moving world influenced by shifting policy, tight budgets and changing practice standards, students and practitioners need to anchor their understanding of themselves to clear principles for ethical practice. *Ethics, Values and Social Work Practice* is a brand new text offering students and social work practitioners a contemporary and relevant introduction to the central role of ethics and values in their work. In addition to a grounding in the major trends in ethics applied to social work, this book also provides perspectives on: How to situate ethics and values in social work practice How to understand ethics as part of reflective practice as both student and practitioner How ethics and values link to concepts of power, diversity and social justice The role of ethics and values in interprofessional and partnership working The guiding principles and ethics inherent in relationship-based social work. The book supports student learning by providing: Discussion points to allow time for individual reflection or ethical debates Case studies based on likely scenarios from practice, with reflection points to help social workers engage with the issues raised Chapter summaries and key points for social work practice to reinforce the relevance of your learning to real social work practice A glossary of key terms as a reference for key ethics terms and concepts. Contributors: Pat Cartney, Jean Dillon, Souzy Dracopoulou, Ann Flynn, Alison Higgs, Mina Hyare, Colin Whittington, Margaret Whittington and Tom Wilks "This is an excellent edited reader providing students and practitioners with a grounding in ethics and values whilst linking these to specific practice and the development of professional identity, inclusion and reflective practice. This book will be an essential reader for those in qualifying social work programmes, ASYE staff, practitioners and academics." Hugh McLaughlin, Professor of Social Work, Manchester Metropolitan University, UK "This book provides an exceptional exposé of ethics and values in social work practice. Conceptual clarity and critical presentations of contemporary debates are presented in a systematic text. It is written in an accessible style and the content will prove valuable to social work students, practitioners and researchers alike. This is one of the most comprehensive books on ethics and values in social work practice available in the market." Professor Lambert Engelbrecht, Department of Social Work, Stellenbosch University, South Africa

*Ethics in Social Work* David Guttman, 2013-04-15 Professional knowledge doesn't guarantee you'll make the right decisions when it comes to professional ethics *Ethics in Social Work* introduces students, practitioners, and educators to theoretical and conceptual approaches to professional ethics and to the practice-related aspects of dealing with ethical problems and dilemmas. This unique book equips social workers with the ability to choose among different perspectives on the place and value of ethics in their approach to clients, and to use, defend, and explain their choices to clients, colleagues, supervisors, administrators, the general public, and the courts, if necessary. The book examines classical ethics, theories,

and codes of ethics, virtues and values, etiquette, professional responsibilities, distributive justice, judiciary relationships, professional misconduct, and malpractice. A working knowledge of ethics is essential for the development of a healthy and happy relationship between service providers and consumers. Ethics in Social Work looks at how ethical issues and conflicts can affect the daily lives of social work practitioners and how an increased sensitivity to those issues can help enrich their professional experience. The book addresses the basic concepts relating to ethics, as well as theories, principles, rules and values that guide service provision based on the National Association of Social Workers Code of Ethics and Standards for Cultural Competence in social work practice. Ethics in Social Work examines: \* the leading theories of ethics, including deontology and teleology \* compromising or choosing between opposing values \* professional etiquette in advertising and counseling \* moral and professional responsibilities \* the ethical dilemmas of telling the truth \* social justice \* practice-related aspects of distributive justice \* fiduciary relationships \* confidentiality in therapeutic work \* resolving ethical dilemmas \* the Hippocratic Oath and its relevance to social work \* the Code of Ethics in social work \* real-life cases of malpractice \* and much more Ethics in Social Work includes case illustrations from existing literature and from professional experience, as well as an up-to-date bibliography. It is an essential read for anyone working, or preparing to work, in the helping professions.

**Ethics and Values in Social Work** Allan E. Barsky, 2009-10-14 In a unique and student-friendly package, Ethics and Values in Social Work offers a series of learning modules that will ensure graduates receive a comprehensive ethics and values education. Designed to be easily incorporated into any curriculum, each module helps students integrate the knowledge, skills, self-awareness, and critical thinking abilities required for dealing with ethical issues. From applying basic ethical standards of practice to managing complex ethical dilemmas, this textbook equips readers with a range of tools and strategies for responding to ethical questions and concerns. Traditional ethics textbooks provide students with a model for ethical decision making. This breakthrough textbook goes beyond ethical decision making by providing students with a strategic framework for managing ethical issues that includes guidelines for engaging others in ethical discussions and using conflict resolution theory to promote collaborative solutions. Some textbooks introduce students to ethical theories, such as deontology, teleology, and virtue ethics. This textbook goes beyond describing these theories by providing students with opportunities to apply, compare, and contrast these approaches as they relate to various contexts of social work practice. A wealth of case scenarios, discussion questions, and role-play exercises make this an engaging, thought-provoking teaching and learning tool. At a basic level, this textbook teaches students the essential principles and standards that define ethical practice. At a more profound level, Ethics and Values in Social Work inspires students to reach for the highest values of profession: service, dignity and worth of the person, human relationships, integrity, competence, social justice, human rights, and scientific inquiry.

## **The Code of Ethics for Social Work ,**

Ethical Practice in Social Work Michael Collingridge, Steven Curry, 2020-07-17 This innovative text shows why ethics is so important for social work practice, that it is not simply a way of defining and understanding what is good in practice, but is a means by which social work and other caring professions can actually achieve good practice.' Professor Richard Hugman, University of NSW This book integrates ethical theory and political philosophy into a clear yet challenging framework for ethical action in social work. Firmly grounded in practice examples, it will be of great interest both to students and practitioners in the field.' Professor Sarah Banks, Durham University In an increasingly fragmented and regulated world, the authors of *Ethical Practice in Social Work* argue that social work has become detached from its ethical roots. Their aim is to reinstate ethics as the driving force of good social work and welfare practice. *Ethical Practice in Social Work* provides the tools to develop essential ethical decision-making and problem-solving skills. Taking an applied approach with case studies in each chapter, the authors demonstrate how ethical principles can be used to transform practice into an effective, inclusive and empowering process for both professionals and their clients. They discuss the ethical principles social workers have traditionally adhered to, the role of the good social worker' in the contemporary context, professionalism, and the way in which ethics can be used to reconcile the often differing demands of employers, community groups, clients, the profession and their own personal values. *Ethical Practice in Social Work* is a valuable professional reference and student text.

*Ethical Standards in Social Work* Frederic G. Reamer, 2018

**Values and Ethics in Social Work Practice** Lester Parrott, 2014-10-20 Applying values and ethics to social work practice is taught widely across the qualifying degree programme, on both Masters and BA courses. This book is a clear introduction to this subject and will help students develop their understanding by showing social work students how ethics can have positive impacts on the lives of vulnerable people. There are chapters on how social workers can make good ethical and value-based decisions when working with risk, and how the role of the social worker as professional can impact on service users. Above all the book is a timely and clear introduction to the subject, with an emphasis on advocacy and empowerment and how the beginning social worker can start to apply these concepts.

*Ethical Decisions for Social Work Practice* Frank M. Loewenberg, Ralph Dolgoff, 1988

**Social Work Ethics** Chris L. Clark, 2000 This introduction to professional ethics for social workers recognizes that social work is largely state-sponsored. Traditional values and rules are explained, followed by a concept of social work and its relationship to the state.

Notes on the Ethics of Social Work British Association of Social Workers, 1965

**Ethics and Law for Social Workers** Robert Johns, 2015-11-10 How do social workers in the UK legal context act ethically? What do we understand by ethics and how does social work law relate to it? Social work practice in all countries

incorporates a clear, unstinting commitment to social justice, but what is social justice? Using an applied, practice-based and refreshingly 'real' approach, this text bridges the gap between law and ethics. Each chapter opens with a case study which considers ethical dilemmas in real life practice. Chapters have been designed to help students strengthen their critical reflection skills, encouraging consideration of the legal and ethical dimensions of social work generally and in personal practice. Topics such as care proceedings, adoption, community care, youth justice, mental capacity and accountability explore how understanding and application are equally important.

Notes on the Ethics of Social Work British Association of Social Workers, 1953

**The Code of Ethics for Social Work** British Association of Social Workers, 2014

Values and Ethics in Social Work Chris Beckett, Andrew Maynard, 2012-11-13 What are my values? What are the values of others around me? What are the values and ethics of the social work profession? An awareness of our own ethical assumptions, and how these inform our practice, is crucial for the student social worker. The second edition of this bestselling book is now split into two parts. Part 1 considers the foundations of every person's values and provides a background to moral philosophy. Part 2 examines key ethical issues and how they determine practice, such as using power, allocating resources, treating others with respect and celebrating diversity. For the second edition, two new chapters have been added to the book, on: - The political dimension in ethical decision making - Realism as a guiding ethical principle. Written in a uniquely straightforward style, everyday social work practice is the key focus throughout. Every chapter includes interactive exercises and case studies, challenging you to reflect on a range of practical dilemmas. Visit the accompanying companion website for videos of the authors discussing the issues covered in each chapter of the book. These short clips will aid and enhance your understanding of the importance of values and ethics in each area of social work. Chris Beckett and Andrew Maynard's book is essential reading for all undergraduate and postgraduate social work students.

Social Work Ethics on the Line Charles S Levy, Simon Slavin, 2013-10-11 Social Work Ethics on the Line discusses social work ethics in-depth and the process of making ethical judgements in social work practice. This much-needed book guides social workers through ethical dilemmas and assists them in their exercise of professional discretion without exclusive reliance on the codes of professional ethics to which they are committed. The author proposes a method to lead social workers through making ethical decisions which enables them to evaluate decisions in actual practice and in the adjudication of grievances and complaints of unethical conduct. This method is fully demonstrated in twenty-four vignettes representing situations commonly encountered by social workers in a variety of professional and educational situations. Raising the ethical consciousness of social work practitioners, trainees, and students, this book helps them develop the awareness and skills necessary for choosing ethical actions in their work. Social Work Ethics on the Line is an invaluable guide for social work practitioners, supervisors, administrators, and community organization workers. It is also helpful for in-service training in

social agencies and undergraduate and graduate schools of social work.

*Code of Ethics of the National Association of Social Workers* National Association of Social Workers, 1977?

Principles of Social Work Practice Molly R. Hancock, 1997 This unique teaching text gives exclusive and in-depth coverage of practice principles of social work and integrates them into the common base of practice. Chapters show readers how central ethical and method principles and attributes of the social worker that are crucial to the professional use of self are integral to the professional practice of social work. Social work educators whose programs follow the generic practice curriculum will find *Principles of Social Work Practice* tailored to their needs and an asset to their instructional efforts.
