History of Archaeology: International Perspectives Geraldine Delley, Margarita Diaz-Andreu, Francois Djindjian, 2016-06-23 The present volume gathers the communications of the three sessions organized under the auspices of the Commission 'History of Archaeology' at the XVII UISPP World Congress Burgos 2014.

De la sociedad de las naciones a la globalización: Visiones desde América y Europa Andrés Medina (editor), Mercedes Samaniego, 2021-06-08 El contenido de este texto dice relación directa con las investigaciones que presentaron diferentes académicos nacionales y extranjeros en el V Congreso Chile España, que se desarrolló en la Universidad Católica de la Santísima Concepción durante el año 2018. Las temáticas que se consideraron en dicha actividad, tuvieron directa relación con la Historia de las Relaciones Internacionales y se iniciaron con el origen y rol de la Sociedad de Naciones el año 1919, culminando con la iniciativa americana en este campo, representada por UNASUR y su actual condición.

Acción política y cultural 1945-1975. Italia y España entre el rechazo y la fascinación Branciforte Mazzola, Laura, 2014-09-01 La aceptación de España por las Naciones Unidas se convertía a principios de los años cincuenta del siglo XX en un rompecabezas para los países occidentales. El margen entre el rechazo ideológico a un régimen antidemocrático, por un lado, y por otro los intereses nacionales y la construcción de un sistema de seguridad occidental se estrechaba a menudo de manera considerable. En la búsqueda de normalización de la política exterior española entrará de lleno Italia. ¿Qué papel juegan las relaciones culturales y las diplomático-culturales entre Roma y Madrid desde 1945 hasta 1975 en el marco de las relaciones exteriores de España con Occidente? Atendiendo a algunos espacios privilegiados de la construcción y de las quiebras de las relaciones italo-españolas, se indagan en este texto las complejas y, al mismo tiempo, estimulantes relaciones entre dos países que, solo cuando la democracia se volvió a convertir en realidad en España, gozarán de las ventajas de la bilateralidad y de la cooperación multilateral. El Mediterráneo, el Colegio de Bolonia, los Juegos Olímpicos de 1960, el cine y el arte de vanguardia son algunos de los escenarios principales a los que se enfrentan los autores de este libro.

Giornale italiano di psicologia ,1974

Ideological Profile of Twentieth-Century Italy Norberto Bobbio, 2014-07-14 Anyone interested in the entire sweep of political thought over the last hundred years will find in Norberto Bobbio's Ideological Profile of Twentieth-Century Italy a

masterful, thought-provoking guide. Home to the largest communist party in a democratic society, Italy has been a unique place politically, one where Christian democrats, liberals, fascists, socialists, communists, and others have co-existed in sizable numbers. In this book, Bobbio, who himself played an outstanding role in the development of Italian civic culture, follows each of the major ideologies, explaining how they developed, describing the key actors, and considering the legacies they left to political culture. He wrote *Ideological Profile* in 1968 to explain from a personal perspective the history behind that decade's tumultuous politics. Bobbio's defense of democracy and critique of capitalism are among the themes that will particularly interest American readers of this updated edition, the first to appear in English. Beginning in the late nineteenth century with positivism and Marxism, Bobbio next presents the ideological currents that developed before the outbreak of the First World War: Catholic, socialist, irrational and anti-democratic thought, the reaction against positivism, and the thinking of Benedetto Croce. After discussing the impact of the war, the author turns to the revolutionary-reactionary polarization of the postwar period and the ideology of fascism. The final chapters consider Croce's opposition to fascism and the ideals of the resistance and conclude with the post-Second World War Years of Involvement. Originally published in 1995. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

2005 Massimo Mastrogregori, 2009-12-22 Annually published since 1930, the International Bibliography of Historical Sciences (IBOHS) is an international bibliography of the most important historical monographs and periodical articles published throughout the world, which deal with history from the earliest to the most recent times. The IBOHS is thus currently the only continuous bibliography of its kind covering such a broad period of time, spectrum of subjects and geographical range. The works are arranged systematically according to period, region or historical discipline, and alphabetically according to authors names or, in the case of anonymous works, by the characteristic main title word. The

bibliography contains a geographical index and indexes of persons and authors.

The Flu Pandemic of 1918-1919 Maximiliano Fuentes Codera,2023-10-20 Within the framework of a global political and sanitarian crisis that broke out in March 2020, this book proposes a new contemporary look at the great pandemic of the 20th century, the Spanish flu of 1918-1919. Based on its impact in Spain, the book offers a comparative and transatlantic perspective focused on the political and cultural impact of the pandemic in Europe and Latin America. The book focuses on three aspects: the overwhelming presence of influenza between 1918 and 1920, its oblivion and its political and cultural traces in the interwar decades and even more, and its reappearance in the face of the COVID-19. These three aspects are interconnected through a comparative analysis of the crisis of liberalism and democracy of the 1920s and 1930s and the current populist wave that is affecting the world. As such, this book is of great value to those interested in social and medical history across Europe and Latin America through offering a fresh outlook on the effects of the pandemic of the 20th century in the wake of the COVID pandemic that swept across the world.
