Peak Marc Bubbs, 2019-05-24 An integrated and personalized approach to health, nutrition, training, recovery, and mindset. Perfect for personal trainers, sports science students, fans of high level fitness (crossfit, marathon training, iron man, team sports) and gym heads! There is a new revolution happening in sports as more and more athletes are basing their success on this game-changing combination: health, nutrition, training, recovery, and mindset. Unfortunately, the evidence-based techniques that the expert PhDs, academic institutions, and professional performance staffs follow can be in stark contrast to what many athletes actually practice. When combined with the noise of social media, old-school traditions, and bro-science, it can be difficult to separate fact from fiction. *Peak* is a groundbreaking book exploring the fundamentals of high performance (not the fads), the importance of consistency (not extreme effort), and the value of patience (not rapid transformation). Dr. Marc Bubbs makes deep science easy to understand, and with information from leading experts who are influencing the top performers in sports on how to achieve world-class success, he lays out the record-breaking feats of athleticism and strategies that are rooted in this personalized approach. Dr. Bubbs's performance protocol is for the elite athlete, active individual, strength coach, nutritionist, or practitioner who wants to expand their potential by: Connecting the importance of sleep, digestion, the athlete microbiome, and blood glucose control metrics. Creating personalized deep nutrition strategies for building muscle, burning fat, or "making weight" for competition. Rethinking nutrition specifically for team sports. Learning how elite endurance athletes fuel, including training techniques to boost performance. Applying the new science of recovery that enhances performance. Emphasizing the tremendous role of emotional intelligence and mindset in overcoming roadblocks and achieving athletic success (the next frontier in performance). Analyzing the qualities of elite leaders and how to develop them authentically. Dr. Bubbs expertly brings together the worlds of health, nutrition, and

exercise and synthesizes the salient science into actionable guidance. Regardless if you're trying to improve your physique, propel your endurance, or improve your team's record, looking at performance through this lens is absolutely critical for lasting success.

**365 Self Discipline Quotes** Xabier K Fernao,2019-05-20 Shocking Statistics An Average American Reads 1 Book a Year and 50% of those are Romance Novels... Look! I do not know who you are but I am sure you are on this page right now because you are someone who wants more. You are someone who do not settle for average. You see, I totally understand the desire to want to learn and yet dread reading a long and thick book at the same time! That is why we created this book... More about this book: We are what we repeatedly do. Excellence then is not an act but a habit - Aristotle What is the #1 delineating factor between the poor and rich, the successful and unsuccessful, the happy and unhappy people? Self-discipline. Think about it. When you're not disciplined about your work/job, you'll stack up work and eventually you'll be stressed out and burnt out. When you're not disciplined about your finance, you'll stack up unnecessary expenses and debt and eventually be financially stressed and burnt out. You get the idea. However, what's the deal with a 365 Days Self Discipline Quotes book? Do you agree that mindset is 80% and the strategies and mechanics are only 20% when it comes to achieving success? You know what I mean. People are always chasing the 20%, the fanciful stuffs, and thinking that ONE big idea is going to get them disciplined. It is however, all the daily reminders, influence and environment that gets people disciplined and committed every single day. I do not know what you are trying to achieve. Maybe it is your desired body, having that six packs you've always wanted. Maybe it is a breakthrough in your business, adding one more zero behind the annual income this year. It doesn't matter. What I know about you, though, is that you are someone who wants more. And that is pretty damn awesome. You want more money, more health, more happiness, more sex, more pleasure, more knowledge and more freedom... and there is absolutely nothing wrong with that. Life is about growing and expanding ourselves. We are either growing a little each day or dying a little each day.
