

Quien Eran Los Sofistas

Jacques Brunschwig, Geoffrey Lloyd

Conociendo a Los Grandes Filósofos Adriana Figueroa Velasco, 1997

Los grandes sofistas en la Atenas de Pericles Jacqueline de Romilly, 2023-03-23 Los grandes autores del llamado siglo de Pericles fueron discípulos de los sofistas, aquellos maestros que en la retórica ofrecieron al mundo una nueva enseñanza, desarrollando el arte de razonar y abriendo también la vía a todas las formas del pensamiento libre. Con frecuencia atacados y vilipendiados por una tradición ingrata, era necesario analizar qué rol desempeñaron los sofistas en la formación de la cultura occidental. Siempre brillante, atinada y rigurosa, Jacqueline de Romilly muestra la influencia de los sofistas en el desarrollo intelectual de la Atenas del Siglo V a. C., en este estudio clásico de la historia de la filosofía, la ciencia política y la religión.

Elementos de ética, filosofía, política y derecho Edgar Flórez Pérez, 2005

La imagen y el olvido Pedro Azara, 1995 A través de una exhaustiva relectura de los textos platónicos, tan rigurosa como accesible, Pedro Azara propone una vuelta a los orígenes de la reflexión sobre el arte, señalando que, mirada desde una perspectiva diferente, la teoría platónica del arte y de la imagen puede aportar instrumentos de análisis indispensables para renovar nuestra comprensión artística. A partir de un estudio pormenorizado de las figuras mitológicas que alentaban las artes en la Antigüedad, y a través del bestiario que recorre las fábulas platónicas, La imagen y el olvido se adentra minuciosamente en aquellas cuestiones que preocuparon a Platón y que siguen siendo esenciales tanto para la historia como para la teoría del arte.

Diccionario Akal de El saber griego Jacques Brunschwig, Geoffrey Lloyd, 2000-03-22 La obra abarca, temáticamente, el amplio conjunto de conocimientos que conforman el saber y la cultura de la Grecia antigua, unos saberes que han sido y aún son determinantes del conjunto de la historia y el presente de nuestra civilización y cultura. Se reúne, de este modo, el pensamiento filosófico, científico y cultural de la Grecia antigua, presentado por un conjunto de 47 especialistas internacionales.

La retórica antigua Lluís Pastor Pérez, 2016-11-06 La retórica cambió la sociedad griega. Antes de su aparición, los tiranos decidían. Con su nacimiento, en Sicilia, florece el debate. Ahora, antes de mandar, se debe convencer. Los primeros grandes expertos en el nuevo arte de la persuasión son los sofistas. Este libro explica cómo la retórica renovó el mundo

antiguo y cómo aún hoy es parte esencial de nuestra comunicación pública.

Historia de la crítica literaria David Viñas Piquer,2007 Seguir, en la medida de lo posible, el hilo evolutivo que la reflexión sobre la literatura ha extendido a lo largo del tiempo es el objetivo principal que se propone obra. Una interesante estrategia metodológica la dirige: ofrecer un riguroso análisis de algunos -de la selección se impone inevitablemente en estos casos- de los textos más relevantes en el ámbito de los estudios literarios. Quedan invocadas así, y afloran sin duda, las principales ideas manejadas en la reflexión acerca del hecho literario en las distintas épocas históricas. Y a la vez se pone de manifiesto la suerte seguida por esas ideas esenciales: unas veces enriquecidas, otras veces ignorados o poco atendidas, y a menudo considerablemente manipuladas. Interesantes, siempre. Por otra parte, al avanzar por un itinerario cronológico es posible analizar una cuestión tan importante como la de las fuentes e influencias detectables en la obra de un crítico determinado o de una determinada escuela. Y, en estrecha relación con esto, hay que reconocer también que sólo por este camino puedes llegar a calibrarse con bastante exactitud el grado de originalidad alcanzado por los distintos autores y métodos estudiados. «Yo diría que la crítica literaria enriquece la literatura», dijo Borges alguna vez. ¿Existe mejor manera de corroborar la acertada apreciación del escritor argentino que recorrer, de la mano de los grandes críticos, las más brillantes reflexiones sobre el fenómeno literario? Que esta pregunta sólo admite una respuesta negativa es lo que se propone demostrar esta Historia de la crítica literaria.

“¿Serías capaz de hablar si nadie te respondiera?” Filosofía y drama en Platón Marcelo D. Boeri,2023-11-07 La presencia de elementos dramático-literarios, por un lado, y de los más propiamente filosóficos (relacionados con las tesis y argumentos que las respaldan), por el otro, es una característica de la obra platónica que nadie ha ignorado desde la Antigüedad hasta nuestros días. Si la tesis de que la filosofía de Platón es un conjunto de doctrinas es cierta, habría que pensar que Platón equivocó por completo su propósito al elegir el diálogo como forma literaria para comunicarla. En efecto, el diálogo no facilita la comprensión de un “sistema doctrinal”, ya que insta al lector a participar activamente de la conversación y, en algunos casos, a tomar partido por alguna de las tesis defendidas. Este libro procura mostrar que en los

diálogos (incluso en los que tienen mayor densidad filosófica) a veces hay algunos detalles dramáticos que son importantes para la comprensión del argumento filosófico. El autor discute varios de tales aspectos y muestra que en muchos casos es posible considerarlos junto a las secciones “más filosóficas”, de manera de poder aprehender así la unidad dramática y filosófica del diálogo platónico.

Filosofía para bufones Pedro González Calero, 2007 Cuando un alfarero le preguntó a Sócrates si debía casarse o permanecer soltero, este respondió: “Hagas lo que hagas te arrepentirás”. Cuando Diógenes fue hecho prisionero y puesto a la venta como esclavo, el vendedor le preguntó qué sabía hacer, y este respondió: “Sé mandar. Mira a ver si alguien quiere comprar un amo”. En su juventud, San Agustín recitaba esta plegaria: “Señor, concédeme castidad y continencia, pero espera unos años”. Cuando a Madame de Staël le preguntaron por qué las mujeres guapas tenían más éxito entre los hombres que las inteligentes, respondió: “Porque hay pocos hombres ciegos, pero muchos hombres tontos”. Cuando alguien le preguntó a Bertrand Russell por qué nunca había escrito sobre estética, este respondió: Porque no sé nada de estética..., aunque reconozco que no es una buena excusa, porque mis amigos dicen que mi ignorancia nunca me ha impedido escribir sobre otros temas”. ¿Es compatible la filosofía con el humor? ¿Es posible aprender filosofía a carcajadas? En este desternillante libro el lector es invitado a un delicioso viaje por la historia de la filosofía y las vidas de los filósofos, en el que se encontrará con el malhumor de la esposa de Sócrates, los sueños de Maquiavelo, las opiniones de Kant sobre el matrimonio, las despiadadas mordacidades de Nietzsche, la deducción lógica de Russell de que él y el Papa son la misma persona, la agresividad de Wittgenstein atizador el mano... Filosofía a carcajadas. Un recorrido por la historia del pensamiento de la mano de las anécdotas y las agudezas de los grandes filósofos.
