Global Perspectives on Prostitution and Sex Trafficking Rochelle L. Dalla, Lynda M. Baker, John Defrain, Celia Williamson, 2011-04-01 This book is part of a two-volume set that examines prostitution and sex trafficking on a global scale, with each chapter devoted to a particular country in one of seven geo-cultural areas of the world. The 16 chapters in this volume (Volume II) are devoted to examination of the commercial sex industry (CSI) in countries within Africa, Asia, Middle East, and Oceania, while the 18 chapters comprising Volume I focus exclusively on Europe, Latin America, and North America. This volume also includes a global section, which includes chapters that are globally relevant - rather than those devoted to a particular country or geographic location. The content of each Volume, as well as each chapter, reflects great diversity - diversity in focus, writing style, and personal position regarding the commercial sex industry. Diversity extends to the contributors, who are comprised of international scholars, service providers, and policy advocates representing a variety of fields and disciplines, with distinct and varied frames of reference and theoretical underpinnings with regard to the commercial sex industry. In addition to addressing aspects of the CSI across the globe, as impacted by geography and culture, authors have also provided a spectrum of implications of their work - implications ranging from continued scholarship and research, to legislative maneuvers and policy change, to suggestions for collaboration across NGOs, fieldworkers, clinicians, and service providers. Together, the 34 expertly-crafted chapters provide a wealth of knowledge from which to more deeply appreciate and contemplate the global commercial sex industry. By uniting contributors from around the world, this book aims to build a relatively common knowledge base on global prostitution and sex trafficking. Viewed from a unified, global perspective, it is hoped that this common understanding will lead to a grounded theory and integrated view with applicable suggestions for international efforts aimed at interventio

Beyond Gender Binaries Cindy L. Griffin, 2020-10-13 *Beyond Gender Binaries* uses a feminist, intersectional, and invitational approach to understanding identities and how they relate to communication. Taking readers outside the familiar binary constructions of gender and identity, Cindy L. Griffin addresses—through a feminist intersectional lens—communication, identity, power and privilege, personhood and citizenship, safety in public and private spaces, and hegemony and colonialism. Twelve chapters focus on critical learning through careful exploration of key terms and concepts. Griffin illustrates these with historical and contemporary examples and provides concrete guides to intersectional

approaches to communication. This textbook highlights not just the ways individuals, systems, structures, and institutions use communication to privilege particular identities discursively and materially, but also the myriad ways that communication can be used to disrupt privilege and respectfully acknowledge the nonbinary and intersectional nature of every person's identity. Key features include: Intersectional approaches to explaining and understanding identities and communication are the foundation of each chapter and inform the presentation of information throughout the book. Contemporary and historical examples are included in every chapter, highlighting the intersectional nature of identity and the role of communication in our interactions with other people. Complex and challenging ideas are presented in clear, respectful, and accessible ways throughout the book.

Feminist Policymaking in Turbulent Times Hannah Partis-Jennings, Clara Eroukhmanoff, 2024-05-31 Feminist Policymaking in Turbulent Times offers a unique and timely reflection of the critical debates around the institutionalisation of feminist and gender-focused ideas and norms into policy. Many states and non-governmental organisations are increasingly invested in 'feminist policymaking' at the domestic and international levels. Yet, this liberal (feminist) agenda is also vastly disputed by critical, intersectional, and decolonial voices on the one hand, and by anti-gender movements around the world on the other hand. Indeed, while opposition to 'gender ideology' is mounting from reactionary, religious, and secular forces, feminist policymaking is also being challenged in important ways from within. Thus, this book situates feminist policymaking in a challenging and 'turbulent' global context. This book explores feminist policymaking in multiple areas of policy, examining various gender-focused programmes that states and international organisations have undertaken in the last decade, offering critical interventions and rethinking the relationship between feminism and policy. This book not only reflects on the advances of feminist policymaking globally but also critically assesses the intersectional challenges embedded within it and lying ahead. It moves the field forward by creating opportunities, based on lived experiences, for re-imagining the transformative potential of the nexus between feminism and policymaking. Interdisciplinary in scope and bringing to the fore the voices of both academics and practitioners, this book is the product of an international collaboration, forging links and dialogue that are increasingly necessary to question some of the exclusionary, militaristic, and hierarchical assumptions of policymaking which is labelled as feminist. Feminist Policymaking in Turbulent Times will be of interest to all scholars, students, and practitioners interested in the role of gender in policymaking and concerned with contestations around gender-focused projects.
