The Truth Behind "free energy" Spoo Publications, 2012-07-27 Enter the world of free energy find the truth behind the lies, the facts behind the fluff and find out how an ordinary person can create the power needed to support a family or fuel a revolution! The End of power slavery is in our hands right now, how long with big industry keep us chained to the wall of servitude? How long will YOU keep paying for what is and can be free? Would you pay double or triple value for a free car? Hell no! exactly, but that's what you're doing every day when you buy power off the grid.

My Cosmic Trigger Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena, revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject, covering its history, theories, and notable researchers, analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own 'synchromystic initiation' with a sense of clarity, fostering a constructive relationship with odd occurrences (not a destabilizing one), and enabling readers to successfully pull their own cosmic trigger.

Enjoy Free Energy and Life Throughout the Universe Nicholas Paul Ginex, 2025-09-03 The surreptitious actions of the CIA Shadow Government has suppressed our civilization by keeping secret one of the greatest scientific advancements for more than half a century - the knowledge and use of zero-point energy. To have all countries use free energy will give humanity a new world and the opportunity to enjoy living entities throughout the universe.

Technology of the Gods David Hatcher Childress, 2000 Technology of the Gods lays out the mind-bending evidence that long-lost civilizations had attained and even exceeded our modern level of advancement. Westerners have been taught that humankind has progressed along a straight-line path from the primitive past to the proficient present, but the hard, fast evidence (literally written in stone!) proves that the ancients had technologies we cannot even replicate today.

Far Out Mark Pilkington, 2007-10-01 Mark Pilkington charts some of the more curious byways, scenic detours, and inspired failures of scientists, inventors, and, yes, crackpots, over the past few hundred years. From the Aquatic Ape Hypothesis to zero-point energy, via the Hieronymous Machine and Phlogiston, Far Out tells the stories that are all too often ignored, lost, or simply forgotten by conventional science books. Some of them are perhaps best left languishing in the

margins of history, but others may yet change our future. Entries cover physics, chemistry, biology, archaeology, parapsychology, psychology, and other areas yet to be inducted into mainstream science, including radionics, keranography, erotoxin, and remote viewing. Written in a succinct and engaging style, each piece provides a useful, self-contained introduction to its topic, and provides enough information to allow readers to discover more if they so desire. Far Out is the latest in the unique CD-sized book format from Disinformation, following the best-selling 50 Things You're Not Supposed To Know series by Russ Kick. Once again, the book is printed in two colors, with the entries arranged into sections, many with appropriate illustrations, diagrams, or photographs.

Quest for Zero Point Energy Moray B. King, 2001 Electrical Engineer Moray B. King expands, with diagrams, on how free energy and anti-gravity are possible. The theories of zero point energy maintain there are tremendous fluctuations of electrical field energy embedded within the fabric of space. King explains the following topics: Tapping the Zero-Point Energy as an Energy Source; Fundamentals of a Zero-Point Energy Technology; Vacuum Energy Vortices; The Super Tube; Charge Clusters: The Basis of Zero-Point Energy Inventions; Vortex Filaments, Torsion Fields and the Zero-Point Energy; Transforming the Planet with a Zero-Point Energy Experiment; Dual Vortex Forms: The Key to a Large Zero-Point Energy Coherence. Packed with diagrams, patents and photos. With power shortages now a daily reality in many parts of the world, this book offers a fresh approach very rarely mentioned in the mainstream media.

Tapping the Zero Point Energy Moray B. King, 2002 Free energy and anti-gravity are possible today. The theory of zero point energy shows that there are great fluctuations of electrical field energy embedded within the fabric of space. Some examples: Inventor T Henry Moray produced a fifty-kilowatt free energy machine in 1930; The Pons/Fleischmann cold fusion experiment produced tremendous heat without fusion. The chapters in this remarkable book include: Artificial Gravity; Stepping Down High Frequency Energy; Noise as a Source of Energy; Macroscopic Vacuum Polarisation; Cohering the Zero-Point Energy; The Holistic Paradigm; Electrolytic Fusion - A Zero-Point Energy Coherence?; and, Scalar Currents and Scalar Waves.

The Giza Death Star Deployed Joseph P. Farrell, 2003 Physicist Joseph Farrell is amazing sequel to 'The Giza Death Star' which takes us from the Great Pyramid of Giza to the asteroid belt and the so-called Pyramids of Mars. Farrell expands on his thesis that the Great Pyramid was a chemical maser, designed as a weapon and eventually deployed with disastrous results to the solar system. The Great Pyramid as a weapon! Evidence of the Use of Weapons of Mass Destruction in Ancient Times! The Astonishing Technology used in the Giza Death Star! Evidence of a similar Death Star-Pyramid built on Mars! The mystery of the Asteroid Belt solved! Topics in this amazing book include: Exploding Planets: The Movie, the Mirro, and the Model; Dating the Catastrophe and the Compound; A Brief History of the Exoteric and Esoteric Investigations of the Great Pyramid; No Machines, Please!; The Stargate Conspiracy; The Scalar Weapons; Message or Machine?; A Tesla Analysis of the

Putative Physics and Engineering of the Giza Death Star; Cohering the Zero Point, Vacuum Energy, Flux: Synopsis of Scalar Physics and Paleophysics; Configuring the Scalar Pulse Wave; Inferred Applications in the Great Pyramid; Quantum Numerology, Feedback Loops and Tetrahedral Physic
