Dream Wild Jennifer LeClaire, 2018-02-06 WE ARE CAUGHT UP IN THE RAT RACE. We're stuck in the day-in and day-out mundanity of life. But God wants us to dream with Him. He gives us the desires of our hearts, and He want us to build ourselves up in our faith and pursue those dreams. The enemy comes with doubt, unbelief, religious thinking, and other obstacles to combat our dreams. Ward off spiritual attack and acheive your dreams with a prayer action plan. After receiving one wild prophecy, prophetess Jennifer LeClaire was inspired to chase after the God of her dreams—the One who ultimately makes all dreams come true. Dream Wild will set a Holy Ghost fire under people to pursue God of the desires He put in their hearts. Each chapter begins with a short prophetic word, and the book includes stories of inspiration, overcoming challenges, gaining victory, and experiencing God's power as they relate to building one's faith to dream.

Never Stick Your Tongue Out at Mama Max Davis, 1998 In this wise and heartfelt collection of essays, Max Davis reveals his own personal demons and his continuing struggle with them so that we may learn from his experiences. His tone is that of a friend, but his insight is that of a spiritual advisor. Max has seen the dark side of life. When he was at his personal worst--unemployed, in enormous debt, divorced and uninvolved with his children, he contemplated suicide. Instead, he systematically rebuilt his life from the bottom up. What he learned along the way is encapsulated in these heartfelt, insightful, and simple essays. Everything from respect for others (the chapter *Never Stick Your Tongue Out at Mama*) to personal responsibility (*Even Toddlers Do It*) to facing your fears (*Monsters Under the Bed*), Max Davis latches onto emotions everyone can relate to and to life issues we all struggle with.

Thinking Small Andrea Hiott, 2012-01-17 Sometimes achieving big things requires the ability to think small. This simple concept was the driving force that propelled the Volkswagen Beetle to become an avatar of American-style freedom, a household brand, and a global icon. The VW Bug inspired the ad men of Madison Avenue, beguiled Woodstock Nation, and has recently been re-imagined for the hipster generation. And while today it is surely one of the most recognizable cars in the world, few of us know the compelling details of this car's story. In *Thinking Small*, journalist and cultural historian Andrea Hiott retraces the improbable journey of this little car that changed the world. Andrea Hiott's wide-ranging narrative stretches from the factory floors of Weimar Germany to the executive suites of today's automotive innovators, showing how a succession of artists and engineers shepherded the Beetle to market through periods of privation and war, reconstruction and recovery. Henry Ford's Model T may have revolutionized the American auto industry, but for years Europe remained a place where only the elite drove cars. That all changed with the advent of the Volkswagen, the product of a Nazi initiative to bring driving to the masses. But Hitler's concept of "the people's car" would soon take on new meaning. As Germany rebuilt

from the rubble of World War II, a whole generation succumbed to the charms of the world's most huggable automobile. Indeed, the story of the Volkswagen is a story about people, and Hiott introduces us to the men who believed in it, built it, and sold it: Ferdinand Porsche, the visionary Austrian automobile designer whose futuristic dream of an affordable family vehicle was fatally compromised by his patron Adolf Hitler's monomaniacal drive toward war; Heinrich Nordhoff, the forward-thinking German industrialist whose management innovations made mass production of the Beetle a reality; and Bill Bernbach, the Jewish American advertising executive whose team of Madison Avenue mavericks dreamed up the legendary ad campaign that transformed the quintessential German compact into an outsize worldwide phenomenon. Thinking Small is the remarkable story of an automobile and an idea. Hatched in an age of darkness, the Beetle emerged into the light of a new era as a symbol of individuality and personal mobility—a triumph not of the will but of the imagination.

Along with bibliographic information, the expected date of publication and the names of literary agents for individual titles are provided. Starred reviews serve several functions: In the adult section, they mark potential bestsellers, major promotions, book club selections, and just very good books; in the children's section, they denote books of very high quality. The unsigned reviews manage to be discerning and sometimes quite critical.

To Blossom and Back Paul Hopkins,2020-02-17 It wasn't just sex, that was for sure. Little did they know about the darkness and torment that would unveil itself as they traveled the path of selfishness and desire? The addiction took hold revealing that the attraction and desire was too strong to deny. No one or nothing could stand in their way as the connection and sex between them was too powerful, strong and too pertinent. The pull to each other was so strong and grew daily, which made them question and doubt and search until one day the line was crossed. They both jumped on the roller coaster of love as they were tossed and turned in an emotional whirlwind. The grip of addiction was too solid and too much, it was heavy handed and took no prisoners.
