Gilded Youth James Brooke-Smith, 2019-02-02 The British public school is an iconic institution, a training ground for the ruling elite and a symbol of national identity and tradition. But beyond the elegant architecture and evergreen playing fields is a turbulent history of teenage rebellion, sexual dissidence, and political radicalism. James Brooke-Smith wades into the wilder shores of public-school life over the last three hundred years in *Gilded Youth*. He uncovers armed mutinies in the late eighteenth century, a Victorian craze for flagellation, dandy-aesthetes of the 1920s, quasi-scientific discourse on masturbation, Communist scares in the 1930s, and the salacious tabloid scandals of the present day. Drawing on personal experience, extensive research, and public school representations in poetry, school slang, spy films, popular novels, and rock music, Brooke-Smith offers a fresh account of upper-class adolescence in Britain and the role of elite private education in shaping youth culture. He shows how this central British institution has inspired a counterculture of artists, intellectuals, and radicals—from Percy Shelley and George Orwell to Peter Gabriel and Richard Branson—who have rebelled against both the schools themselves and the wider society for which they stand. Written with verve and humor in the tradition of Owen Jones's *The Establishment: And How They Get Away With It*, this highly original cultural history is an eye-opening leap over the hallowed iron gates of privilege—and perturbation.

Sports in War, Revival and Expansion George B. Kirsch, 1995

Making the Rugby World Timothy John Lindsay Chandler, John Nauright, 1999 This book explores the expansion of rugby from its imperial and amateur upper-class white male core into other contexts throughout the late nineteenth and twentieth centuries. The development of rugby in the racially divided communities of the settler empire and how this was viewed are explored initially. Then the editors turn to four case studies of rugby's expansion beyond the bounds of the British Empire (France, Italy, Japan and the USA). The role of women in rugby is examined and the subsequent development of women's

rugby as one of the fastest growing sports for women in Europe, North America and Australasia in the 1980s and 1990s. The final section analyses the impact of commercialisation, professionalisation and media on rugby and the impact on the historic rugby culture linked to an ethos of amateurism.

Encyclopedia of Educational Leadership and Administration Fenwick W. English, 2006-02-16 The SAGE Encyclopedia of Educational Leadership and Administration presents the most recent theories, research, terms, concepts, ideas, and histories on educational leadership and school administration as taught in preparation programs and practiced in schools and colleges today. With more than 600 entries, written by more than 200 professors, graduate students, practitioners, and association officials, the two volumes of this encyclopedia represent the most comprehensive knowledge base of educational leadership and school administration that has, as yet, been compiled.

James and Bradley Timothy Lauro Squire Sprigge, 1993 Despite their enduring importance, the theoretical systems of James and Bradley are often badly misunderstood. Professor Sprigge freshly expounds and clarifies their arguments, demonstrating that it is wrong to think of James's pragmatism and Bradley's monistic idealism as opposite extremes. Their positions in fact display an intriguing mixture of affinities and contrasts.

Black Manhood and Community Building in North Carolina, 1900-1930 Angela Hornsby-Gutting, 2009 Informed by feminist analysis, Hornsby-Gutting uses gender as the lens through which to view cooperation, tension, and negotiation

between the sexes and among African American men during an era of heightened race oppression. Her work promotes improved understanding of the construct of gender during these years, and expands the vocabulary of black manhood beyond the great man ideology which has obfuscated alternate, localized meanings of politics, manhood, and leadership.
