Ed Bowker Staff, Staff Bowker, Ed

A Simple Choice David Pepper, 2022-08-02 A propulsive political thriller featuring two outsiders caught up in a stunning conspiracy, filled with details and twists that only a true political insider could write. When one of the nation's most prestigious senators jumps from a cliff in Maine, it is no surprise that the political elite and the media flock to the story, determined to uncover what has happened—and whether foul play was involved. Palmer Knight, a fast-rising TV news correspondent, is sent to cover the mysterious death, and finds himself embroiled in a plot that goes far beyond the Senate and onto the global stage. Meanwhile, Army veteran and former Supreme Court clerk Amity Jones thought she had left the fast lane behind when she moved to Ohio to care for her cancer-stricken mother. But her dogged pursuit of a local medical mystery places her back to the world of politics, and ultimately into Palmer's investigation of the senator's death. The unlikely duo, brought together by seemingly unconnected events, soon find themselves enmeshed in a political conspiracy that reaches the highest levels of power, and places their lives—and many others—in terrible danger.

2025 David Pepper, 2024-09-20 Amid the 2024 election, Donald Trump and Project 2025 have laid out detailed plans if Trump returns to power. They include everything from weaponizing the Department of Justice, to banning abortion access and IVF, to undermining public schools. 2025 imagines how these specific plans, if put into effect, would upend everyday American lives and the country as a whole. Let's keep these stories fiction, America. Defeat Trump to ensure they don't come true.

2025 David Pepper, 2024-09-25 Amid the 2024 election, Donald Trump and Project 2025 have laid out detailed plans if Trump returns to power. They include everything from weaponizing the Department of Justice, to banning abortion access and IVF, to undermining public schools. 2025 imagines how these specific plans, if put into effect, would upend everyday American lives and the country as a whole. Let's keep these stories fiction, America. Defeat Trump to ensure they don't come true.

Saving Democracy David Pepper, 2023-05-20 Laboratories of Autocracy walked through the hidden breadth, depth, and intensity of the countrywide attack on democracy. The final chapters outlined thirty steps necessary to fight back. One of the most common responses from readers was—"I skipped to the end. I wanted to get to the solutions." *Saving Democracy* is the companion book that skips to the end: —It details how we all can and must play a role in saving democracy at this fraught

time. —It explains how all levels of the pro-democracy side, from national political leaders to grassroots activists to everyday Americans, must switch to offense. —It explains how to stay on offense and win on offense. Immediately, and everywhere. But it doesn't do this at 30,000 feet. It's a user's manual, intended to spur action. Your action. After a quick review of the true battle for democracy we are engaged in, each chapter explains how YOU, the reader, can and must play the leading role in lifting democracy. It details the concrete steps individuals and groups can take where you live, lists resources that can help along the way, and offers case studies and best practices that have worked elsewhere. Saving Democracy is structured to challenge and guide each reader—no matter your role in your community or politics or where you work—on how you each can play a more active and effective role in lifting democracy than you might have imagined. Over the course of the book, you will construct your own personal plan to fight for democracy. And when you're finished, you'll be ready to get to work.

Saving Democracy David Pepper,2025-06-23 Saving Democracy is that rare book that doesn't simply diagnose the crisis our democracy faces, and the broader strategies that we must take to fight back...but it breaks it all down so that every reader understands the role she or he can play in their own lives. -It details the broader forces and strategic mistakes that have led to where America finds itself today-and the imperative of fighting back immediately to minimize the long-term damage done by Trump and his allies -It explains how all levels of the pro-democracy side, from national political leaders to grassroots activists to everyday Americans, must switch to offense. -It explains how to stay on offense and win on offense. Immediately, and everywhere. -It explains the roles everyday Americans can and must play a role in saving democracy at this fraught time. It's a user's manual, intended to spur action. Your action. After a review of the true battle for democracy we are engaged in, each chapter explains how YOU, the reader, can and must play the leading role in lifting democracy. It details the concrete steps individuals and groups can take where you live, lists resources that can help along the way, and offers case studies and best practices that have worked elsewhere. Saving Democracy is structured to challenge and guide each reader-no matter your role in your community or politics or where you work-on how you each can play a more active and effective role in lifting democracy than you might have imagined. Over the course of the book, you will construct your own personal plan to fight for democracy. And when you're finished, you'll be ready to get to work. The second edition of Saving Democracy, published in June 2025, updates and applies these lessons to the even greater crisis of the Trump second term--where they are more relevant and needed than ever.

The People's House David Pepper,2016-08-15 Can someone heist the majority of the House of Representatives with no one noticing? That's the electoral coup that turns America upside down in THE PEOPLE'S HOUSE... ...Until one man notices. Political reporter Jack Sharpe is logging time at the tail end of a disappointing career -- jaded about politics and stung by personal hard knocks. But after an odd election result in the Ohio Congressional district he covers, Sharpe stumbles across irregularities that spur him to dig deeper. The story takes him far beyond his corner of Ohio as he discovers an international

plot—one that strikes at the heart of American democracy by taking advantage of weaknesses in today’s political architecture. His reporting leads to a showdown with the philandering Congressman and Presidential contender who knew about the plan but told nobody, and the eccentric but deadly Russian energy baron who masterminded it all. In order to save himself and the country, Sharpe must rekindle his old fire to navigate a treacherous journey through danger, betrayal, and atonement.

Laboratories of Autocracy David Pepper,2021-10-15 “It’s the statehouses, stupid.” *Laboratories of Autocracy* shows that far more than the high-profile antics of politicians like Marjorie Taylor Greene or Jim Jordan—and yes, even bigger than Donald Trump’s Big Lie”—it’s anonymous, often corrupt politicians in statehouses across the country who pose the greatest dangers to American democracy. Because these statehouses no longer operate as functioning democracies, these unknown politicians have all the incentive to keep doing greater damage, and can not be held accountable however extreme they get. This has driven steep declines in states like Ohio and others across the country. And collectively, it’s placed American democracy in its greatest peril since the dawn of the Jim Crow era. But Pepper doesn’t stop there. He lays out a robust pro-democracy agenda outlining how everyone from elected officials to business leaders to everyday citizens can fight back.

The Voter File David Pepper,2020 Investigative reporter Jack Sharpe is down to his only lead: a phone full of messages from a grad student named Tori who swears she’s observed an impossible result in a local election. Then Sharpe learns that the most important tool in any election is the database that keeps track of all voters in a district. If one person were to gain control of an entire party’s voter file, they could manipulate the outcome of virtually every election in America. The more he digs, the more Sharpe is forced to question the values of the country he loves and a president he admired.

The Fifth Vote David Pepper,2023-10-03 It’s a perfect Wednesday evening on the banks of the Ohio River, and Dylan Webb is riding high both politically and personally. Recently elected, both powerful and popular, he’s gearing up for a rare dinner date amid his busy schedule. In a matter of minutes, it all turns upside down. Two muggers corner Webb outside his home and force him into his own car at gunpoint. For the next hour, he drives the streets of Cincinnati trying to convince his abductors not to kill him. He’s ultimately freed, but the moment of relief quickly explodes into a new firestorm, as the police and media doubt his story. As Dylan and a local reporter dig into evidence that something deeper is lurking, bodies start to pile up. And the closer they get to the truth, the more they fear they may be next. Book Review 1: *The People’s House* “...sleeper for political thriller of the year...” -- *The Wall Street Journal* Book Review 2: *The Voter File* “Pepper comes through again with this clever tale...” -- President Bill Clinton Book Review 3: “...one hellishly twisty thriller that is as timely as it is entertaining...” -- *Dayton Daily News*

The British Library General Catalogue of Printed Books 1976 to 1982 British Library,1983

One-Party Classroom David Horowitz,Jacob Laksin,2009-03-10 “David Horowitz has single-handedly exposed the

intellectual corruption that exists within the classrooms of American colleges. Like all forms of corruption, indoctrination flourishes when kept in the dark. Here, Horowitz turns on the bright lights to expose what has become profoundly wrong with our colleges and universities. We are all in his debt.” -Ward Connerly, former regent, University of California David Horowitz and coauthor Jacob Laksin take us inside twelve major universities where radical agendas have been institutionalized and scholarly standards abandoned. The schools they examine are not the easily avoided bottom of the barrel. Rather, they are an all-too-representative sampling of American higher education today. Horowitz and Laksin have conducted the first comprehensive, in-depth, multiyear investigation of what is being taught in colleges and universities across the country—public to private, from large state schools to elite Ivy League institutions. They have systematically scrutinized course catalogs, reading lists, professors’ biographies, scholarly records, and the first-person testimonies of students, administrators, and faculty. Citing more than 150 specific courses, they reveal how academic standards have been violated and demonstrate beyond dispute that systematic indoctrination in radical politics is now an integral part of the liberal arts curriculum of America’s colleges. The extreme ideological cant that today’s students are being fed includes: • Promoting Marxist approaches as keys to understanding human societies—with no mention of the bloody legacy of these doctrines and total collapse in the real world of the societies they created • Instilling the idea that racism, brutally enforced by a “white male patriarchy” to oppress people of color and other marginalized groups, has been the organizing principle of American society throughout its history and into the present • Requiring students to believe that gender is not a biological characteristic but a socially created aspect of human behavior designed by men to oppress women • Persuading students that America and Israel are “imperialistic” and “racist” states and that the latter has no more right to exist than the South African regime in the days of apartheid In page after shocking page, Horowitz and Laksin demonstrate that America’s colleges and universities are platforms for a virulent orthodoxy that threatens academic ideals and academic freedom. In place of scholarship and the dispassionate pursuit of truth that have long been the hallmarks of higher learning, the new militancy embraces activist zealotry and ideological fervor. In disturbingly large segments of today’s universities, students are no longer taught how to think but are told what to think.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Books By David Pepper eBooks, including some popular

titles.

FAQs About Books By David Pepper Books

What is a Books By David Pepper PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Books By David Pepper PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Books By David Pepper PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of

text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Books By David Pepper PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Books By David Pepper PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF

viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
