Poetry Unbound Pádraig Ó. Tuama, 2022-12-06 "Mesmerizing, magical, deeply moving." —Elif Shafak Expanding on the popular podcast of the same name from On Being Studios, Poetry Unbound offers immersive reflections on fifty powerful poems. In the tumult of our contemporary moment, poetry has emerged as an inviting, consoling outlet with a unique power to move and connect us, to inspire fury, tears, joy, laughter, and surprise. This generous anthology pairs fifty illuminating poems with poet and podcast host Pádraig Ó Tuama's appealing, unhurried reflections. With keen insight and warm personal anecdotes, Ó Tuama considers each poem's artistry and explores how its meaning can reach into our own lives. Focusing mainly on poets writing today, Ó Tuama engages with a diverse array of voices that includes Ada Limón, Ilya Kaminsky, Margaret Atwood, Ocean Vuong, Layli Long Soldier, and Reginald Dwayne Betts. Natasha Trethewey meditates on miscegenation and Mississippi; Raymond Antrobus makes poetry out of the questions shot at him by an immigration officer; Martín Espada mourns his father; Marie Howe remembers and blesses her mother's body; Aimee Nezhukumatathil offers comfort to her child-self. Through these wide-ranging poems, Ó Tuama guides us on an inspiring journey to reckon with self-acceptance, history, independence, parenthood, identity, joy, and resilience. For anyone who has wanted to try their hand at a conversation with poetry but doesn't know where to start, Poetry Unbound presents a window through which to celebrate the art of being alive.

Eat Like Your Ancestors (From the Ground Beneath Your Feet) Liz Pearson Mann, 2021-03-31 Do you want to eat better and save the planet? Do media headlines about the damaging effects of the food we eat make you despair? The advice we see can be confusing, uninspiring (all numbers and exclusions), or make us feel that everything we eat is wrong. The good news is that you don't have to be bamboozled, particularly with statistics about greenhouse gas emissions. Reconnect instead to the world of real food, grown by farmers using age-old ways suited to their local landscape, and benefitting nature. This is a compact, but deep dive into sustainable food. Liz Pearson Mann takes you on a journey around the English West Midlands - a diverse landscape with a rich food history. It's relevant to where you live too. Having spent many years working in

archaeology, she gives you her perspective on food. It's a story of small farms, nature-friendly farming, of poop, rare breed sheep, cider, hops and ancient grains. Why might ways of farming and eating, that stretch back into prehistory, be relevant to us today? Come on a journey to hear more. Discover how people have always fed themselves from the ground beneath their feet, and how you can too. Tune into your local farmscape. Find out how you can reconnect. And how the past can show us the way for the future.

Your Kin-dom Come William Thompson-Uberuaga,2018-05-16 So many Christians pray the Lord's Prayer. It is almost "second nature." This book is meant to help these people pray it more deeply and lovingly. Ecumenical and even striving to be global in nature, this book explores what the Scriptures teach us about this prayer, how the Christian tradition has approached this prayer in its long history, and how many of our contemporary concerns challenge the way we can pray this prayer, and also how the prayer can provide insights for those same concerns. People of all persuasions, believers and nonbelievers, "nones," and followers of the world's great religions will also find many of their concerns given serious consideration in this book. If you think nothing new can be said about the "Our Father," this book may surprise you.

The Art of Margaret Atwood Arnold E. Davidson,Cathy N. Davidson,1981

Margaret Atwood John Moss,Tobi Kozakewich,2006 Margaret Atwood enjoys a unique prominence in Canadian letters. With over thirty books to her credit, in genres ranging from children's writing to dystopic novels, she is as creatively diverse as she is internationally acclaimed. Her success, however, has been double-edged: the very popularity that makes her such a prominent figure in the literary world also renders her vulnerable to claims of being a sell-out, as she relates in her Empson lectures. The Open Eye negotiates the space between these positions, acknowledging Atwood's remarkable achievement while considering how it impacts on national politics and identity. The range of perspectives in this volume is stimulating and enlightening. The Open Eye begins with a focus on Atwood as she presents herself and is presented in Canada and abroad, and then proceeds to consider, more broadly, the intersection of life and literature that Atwood's works and persona effect. It offers fresh insight into Atwood's early writing, redresses the critical void regarding her poetry and shorter prose pieces, and provides a critical base from which readers can assess Atwood's most recent novels. A common thread throughout these

essays is the recognition of Atwood's importance in the literary realm in general, and in Canadian literature more particularly. Published in English.

The Iowa Review , 1981

Margaret Atwood's Power Shannon Eileen Hengen, 1993 In this incisive feminist analysis, Hengen provides a psychoanalytic overview examining Atwood's treatment of women and power. Who has power? Who abuses it? By looking at Atwood's characters, Hengen raises some important issues about her writing. In her novels and poems Atwood's protagonists explore the lives of their mothers and grandmothers in order to reflect on the lives and struggles we confront today. Using the metaphor of narcissism-both progressive and regressive-and the mirror imagery that threads through Atwood's work, Hengen gives a feminist reading to the work of this important Canadian author. Hengen argues that the connections women are able to make between their own lives today and the lives portrayed by Atwood account in part for the writer's wide popularity. An important contribution, Margaret Atwood's Power is a thought-provoking evaluation which provides new insights into Margaret Atwood's work and popularity.

Margaret Atwood Margaret Reynolds, Jonathan Noakes, 2002 One of a series introducing some of the most exciting works in contemporary fiction.
