Can You See what I See? Walter Wick,2013 Walter Wick's new search-and-find adventure in the NEW YORK TIMES

bestselling series OUT OF THIS WORLD, the ninth title in this search-and-find series, follows two characters from two separate, very different worlds--until their worlds collide In the end, we learn that these two worlds really aren't that different at all. They both come from the same place: a child's playroom Walter Wick's fantastic photographs bring the princess and the robot worlds together through a series of search-and-find activities. Amazing photographs accompany a terrific search-and-find game by Walter Wick, the creator of the NEW YORK TIMES bestselling Can You See What I See? series and the photographer of the internationally successful I Spy series.

A to Zoo Rebecca L. Thomas,2018-06-21 Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.
