A Chronological History of Australian Composers and Their Compositions - Vol. 3 1985-1998 Stephen Pleskun,2013-03-06 In this third of 4 volumes that include more than 800 composers and over 30,000 compositions Stephen traces the history and development of Classical music in Australia. From obscure and forgotten composers to those who attained an international reputation this volume reveals their output, unique experiences and travails. The formation and demise of music ensembles, institutions, venues and festivals is part of the story and included in the narrative are performers, conductors, entrepreneurs, educators, administrators, instrument makers, musicologists, music critics and philanthropists. A concise yet comprehensive picture of Australian music making can be found in any given year.

Complicated Shadows: The Life And Music Of Elvis Costello Graeme Thomson,2013-03-07 Complicated Shadows paints a detailed and accurate portrait of an intensely private and complex individual. It draws on nearly 50 exclusive interviews with schoolmates, pre-fame friends, early band members, journalists as well as members of The Attractions, producers, collaborators and musicians from all stages of his life and career. Thomson also unearths many previously unknown details about Costello's early years and his personal life, as well as examining his entire musical output using the recollections of those who were there at the time, the majority of whom have never talked on the subject before.
