The Gospels Interwoven Kermit Zarley, 2001-10-05 *The Gospels Interwoven* is a chronologically arranged narrative of the life of Jesus blending all details from the separate Gospel accounts...in the words of the New International Version. With solutions to questions rising from a comparison of the Gospels, *The Gospels Interwoven* is for students of the Word, teachers, pastors and anyone wanting a more complete knowledge of the life of God's eternal Son.

Questioning Evangelism Randy Newman, 2011-07-29 A revolutionary look at sharing Christ with unbelievers by using the probing, provocative, and penetrating method Jesus used to engage others in personal dialogue and caring interaction.

40 Days in 1 Corinthians Hershael W. York, 2021-03-02 *40 Days in 1 Corinthians* is part of a series of devotionals written for any Christian desiring to deepen his or her understanding of Scripture. The Holy Spirit uses God's Word to grow believers in their faith and increase their passion for Jesus. As each volume focuses on a particular book in the Bible, believers will find the study useful for the enrichment of daily devotional reading or as the basis for small group Bible study discussion. In this volume, readers will be led through a daily study of 1 Corinthians. *40 Days in 1 Corinthians* breaks down the book of 1 Corinthians into chunks that present the "Big Picture" of the passage, then "Digging Deeper" into that section and then moving to help the reader into "Living Out" the lessons that are taught each day.

The Old Testament in the Light of the Ancient East Alfred Jeremias, 1911

Systematic Theology, V. 1 Charles Hodge, 1871

Heidegger, Authenticity and the Self Denis McManus, 2014-09-25 Though Heidegger's *Being and Time* is often cited as one of the most important philosophical works of the last hundred years, its Division Two has received relatively little attention. This outstanding collection corrects that, examining some of the central themes of Division Two and their wide-ranging and challenging implications. An international team of leading philosophers explore the crucial notions that articulate Heidegger's concept of authenticity, including death, anxiety, conscience, guilt, resolution and temporality. In doing so, they clarify the bearing of Division Two's reflections on our understanding of intentionality, normativity, responsibility, autonomy and selfhood. These discussions raise important questions about how we may need to rethink the morals of Division One of *Being and Time*, the broader project to which that book was devoted, the shaping influence of figures such as Aristotle and Kierkegaard, as well as Heidegger's relationship with his contemporaries and successors.

Essential reading for students and scholars of Heidegger's thought, and anyone interested in key debates in phenomenology, ethics, metaphilosophy and philosophy of mind. Contributors: William Blattner, Clare Carlisle, Taylor Carman, Steven Galt Crowell, Daniel O. Dahlstrom, Sophia Dandele, Hubert Dreyfus, Charles Guignon, Jeffrey Haynes, Stephan Käufer, Denis McManus, Stephen Mulhall, George Pattison, Peter Poellner, Katherine Withy, Mark A. Wrathall.

Systematic Theology Volume I Charles Hodge, 2016-10-06 Often referred to as the Prince of Theology, Charles Hodge has stood as a icon of Calvinist theology for over a century. Dealing thoroughly with the philosophical question of God and theology in general, Hodge argues cohesively for the existence and work of God on all levels. This work finishes off with the topic of Theology Proper, otherwise known as the person of God, His ministry and all persons of the Trinity and their work in the ancient world and in our world today.

Unveiling Paul's Women Lucy Peppiatt, 2018-01-30 Whether people realize it or not, the ideas in 1 Corinthians 11:2-16 have had a huge impact on the role of Christian women in the church through the centuries. These fifteen verses have shaped worship practices, church structures, church leadership, marriages, and even relationships between men and women in general. They have contributed to practices that have consistently placed women in a subordinate role to men, and have been used to justify the idea that a woman should not occupy a leadership or teaching position without being under the authority or covering of a man. It is strange, therefore, that academics and pastors alike continue to note how confusing and difficult it continues to be to make sense of these very verses. In this little book, Lucy Peppiatt not only highlights the problems associated with using this text to justify the subordination of women, but offers a clear and plausible re-reading of the text that paints the apostle Paul as a radical, visionary, church planter who championed women in all forms of leadership.

The Concept of Predestination in Judaism, Christianity and Islam Ramy Abdin, Georges Tamer, 2025-11-17 Fate, destiny or merely human agency? In Judaism, Christianity and Islam, the concept of predestination has undoubtedly been at the heart of theological debate. Particularly controversial is the question of the relationship between divine predestination and free will. Debates about the providence of human existence have continued despite a number of theological and philosophical attempts to reconcile these two notions. The problem of free will and predestination in turn leads to the question of human responsibility. To what extent can human beings actually make decisions about their actions? How are salvation and sin to be understood in this context? These three contributions provided by distinguished scholars offer an interreligious perspective, particularly from the fields of theology, exegesis and philosophy, to shed light on this theological dilemma of human existence.
