**The Price of Fear: The Film Career of Vincent Price, In His Own Words** Joel Eisner,2013-02-02 Prior to his death in 1993, Vincent Price was collaborating with Mr. Joel Eisner (author of the over 100,000 copy bestselling Official Batman Batbook concerning the '60's Adam West Batman television series) to construct a definitive, official biography of his life and career in films. This is that book. Sanctioned by the Vincent Price Estate and daughter Victoria, THE PRICE OF FEAR is not only told through journalist Eisner's personal interviews with Price himself but with the cooperation, direct interviews and quotes from many of those with whom Price worked with throughout his illustrious career. Before he passed away, all Vincent saw of this book was his fellow actor Peter Cushing's heartfelt foreward. Introducing the true story of a man born within a moderately wealthy family of candy manufacturers in 1911 St. Louis, Missouri, whose interest in theatre during the Great Depression led him into eventually becoming, arguably, the most universally iconic personification of the horror genre in the entire encompassment of the 20st Century. That man was Vincent Leonard Price, Jr. What you now hold in your hands is the only authorized, official biography about Vincent Price's entire life in films ever published in history with his direct participation and approval, in his own words. Never before has the story of Vincent's life been told, how he rose from dramatic theatre and stage to joining the ranks of the early cultured Hollywood elite fresh from where motion pictures were first spawned to eventually spend his life behind horrifying makeup and horror genre movie roles at the sacrifice of a greater passion for fine art and comedy. For nearly a century, we've known the name. We've heard the voice. We've seen the many faces. At last, with The Price of Fear: The Film Career of Vincent Price, in His Own Words, we can know the man, directly

from the legend himself, in this never-before-published highly entertaining and inspirational masterpiece.

**The Book of Joe** Vincent Price,2016-04-26 In the tradition of Anna Quindlen's Good Dog. Stay., the iconic star of the Dr. Phibes films shares the heartwarming tale of his mischievous mutt. Actor Vincent Price won acclaim for his performances as a menacing villain in dozens of macabre horror films, such as House of Wax. Less well known, though, is Price's lifelong love of animals, especially his fourteen-year-old mutt, Joe. From his wife's passion for poodles to film set encounters with all types of creatures, including goats, apes, and camels, Price's life was full of furry, four-legged friends. But it was Joe who truly captured his heart. Intelligent, courageous, and devoted to his owner, Joe was a special dog with a personality all his own. In this touching and light-hearted memoir, with a new introduction by Bill Hader and a preface by Vincent Price's daughter, Victoria, Joe gets involved in all sorts of hijinks: At one point, the actor has to defend his canine companion in court! Despite some bad habits, like stealing guests' shoes, pursuing lustful trysts with neighboring dogs, or belly flopping into the garden fishpond—crushing more than a few fish—Price loves his Joselito, whose unconditional loyalty more than makes up for his minor indiscretions. And when Price's elderly cousin who comes to stay with him is stricken with cancer, Joe never leaves her side. Price's tender and witty recollections of his time spent with Joe will bring joy to any animal lover's heart. The Vincent Price Family Legacy will donate a portion of the proceeds from this book to the Fund for Animals.

Listen in terror Richard Hand,2015-11-01 This groundbreaking book is the first full-length study of British horror radio from the pioneering days of recording and broadcasting right through to the digital audio cultures of our own time. The book offers an historical, critical and theoretical exploration of horror radio and audio performance examining key areas such as writing, narrative, performance practice and reception throughout the history of that most unjustly neglected of popular art forms: radio drama and 'spoken word' auditory cultures. The volume draws on extensive archival research as well as insightful interviews with significant writers, producers and actors. The book offers detailed analysis of major radio series such as Appointment with Fear, The Man in Black, The Price of Fear and Fear on Four as well as one-off horror plays, comedy-horror and experimental uses of binaural and digital technology in producing uncanny audio.

**A Green and Pagan Land** David Huckvale,2018-02-01 British literature often refers to pagan and classical themes

through richly detailed landscapes that suggest more than a mere backdrop of physical features. The myth-inspired writings of Alfred, Lord Tennyson, Algernon Blackwood, Aleister Crowley, Lord Dunsany and even Kenneth Grahame's *The Wind in the Willows* informed later British films and television dramas such as *The Owl Service* (1969-70), *Blood on Satan's Claw* (1971), *The Wicker Man* (1973), *Excalibur* (1981) and *Monty Python and the Holy Grail* (1975). The author analyzes the evocative language and esthetics of landscapes in literature, film, television and music, and how psycho-geography is used to explore the influence of the past on the present.
