Pro en Consulting Christian Auriach, Pierre Blouvac, Thierry Boudès, 2018-10-02 Un ouvrage pratique, simple et concret pour maîtriser et mobiliser les outils du Conseil. Le conseil évolue dans un univers confronté à des mutations stratégiques. Cet ouvrage en partage les principales pour accompagner le consultant dans sa pratique. Les outils abordés permettent de 'vendre moins de jours pour un même résultat'. L'ouvrage est ancré dans son temps, contrairement à une concurrence encore traditionnelle, il évoque notamment les effets de la digitalisation du point de vue des clients et des consultants, aborde de nouveaux outils (intégration d'outils de vote, de génération de mots-clé, de créativité et d'intelligence collective) tendant vers un fonctionnement plus transparent et participatif. Enfin, il indique pour chaque objectif les transformations actuellement en cours ou perceptibles. La collection Pro en... propose des livres pratiques permettant de consolider ses compétences professionnelles grâce à un tour complet des outils propres au métier, et à des plans d'action qui mettent le lecteur en situation de mobiliser concrètement, dans son quotidien professionnel ce qu'il a appris du métier. - 63 modules 'Outil' présentent, agrémentés de schémas ou matrices, tous les outils essentiels et spécifiques du métier : une définition ou description de l'outil + les bénéfices de son utilisation + un exemple d'application + les pièges à éviter. - 11 Plans d'action présentent : l'intérêt du plan d'action + les actions prioritaires à mener + des encadrés informatifs + des éclairages d'expert + des apports novateurs pour mettre à jour ses compétences 'métier' + un cas d'entreprise pour illustrer le plan d'action + les critères de réussite du plan d'action.
