

The Hour Of Our Time The Legacy Of William Cooper

D. Christian Markham

There Are Save Two Churches Only, Volume II D. Christian Markham, 2015-11-09 A journey through disturbing yet crucial matters that must be considered prior to End Times and Christ's return. This second volume takes a different approach from the first. It is a journey, not a pick-and-choose buffet. It begins by taking the reader where the first volume left off, down the rabbit hole. The journey concludes in confronting the LDS reader with a crucible, wherewith one's faith and trust in Christ (and in Christ alone) will be put to the ultimate test. There are save two churches only: Which one does your everyday mindset, and your personal and professional choices, testify that you are a member of? What is the foundation upon which you anchor your sacred testimony? How close, how intimate, how cherished is your relationship with Jesus Christ? If you are not prepared to answer these questions with full conviction of heart, then you are not ready to contemplate the contents of this book.

Conspiracy Theories Aaron John Gulyas, 2016-02-22 Narratives based on conspiratorial and paranoid thinking have become increasingly prominent throughout the 20th and 21st centuries. From the prosaic to the outlandish, conspiracy theories involve aliens and Nazis, underground bases and mind control technology. They range from sinister tales of malevolent reptilian beings infiltrating our government to fears of the New World Order rounding up patriotic Americans and putting them into internment camps. These stories and their underlying concerns have a long history in the U.S. and have often been bolstered by revelations of real conspiracies and cover-ups by private and public entities. This book examines conspiracy theories and the narratives constructed by those who believe and propagate them, providing a unique view of U.S. history and highlighting fears both founded and unfounded.

Apollo 20. The Disclosure Luca Scantamburlo, 2010 Since April 2007, a whistleblower by the name of retiredafb has been shocking the general public with its disclosure: footages and comments posted on YouTube and Revver.com. He claims to be William Rutledge, and the Apollo 20 Commander for the USAF (August 1976). Luca Scantamburlo - ex journalist - has interviewed him and another YouTube user (moonwalker1966delta) who claims to be a former NASA astronaut, and the Apollo 19 Commander (February 1976). Did these presumed secret joint US/USSR space missions take place indeed? The targets would have been some lunar anomalies, on the far side of the Moon. The opinion of the Author is this amazing story contains some kernels of truth, behind the controversial strategy of disclosure (video fakes and misleading data are present).

In the book there are the reasons for his opinion, the chronology of his research (with his Web articles already published), the interviews with the two alleged Commanders, and some revelations never published before.
