Tigres en el barro : las memorias del comandante de carros alemán Otto Carius,2012-08

El Tigre. Un cañón de a 16. Historia y Leyenda Juan Tous Meliá,1999 El libro se inicia con un estudio sobre la evolución de la Artillería desde los siglos XIV a XVIII lo que permite situar el cañón dentro del contexto de la Artillería de Ordenanza. Seguidamente se presenta una breve historia de la Artillería de las Islas Canarias que sirve para dar a conocer de forma sucinta el desarrollo de la Artillería y la importancia que para los isleños tenía el arma del fuego. A continuación se trata el diseño del cañón El Tigre, aspecto poco conocido ya que la historiografía que trata de la defensa y de las fortificaciones elude este aspecto, por considerarlo muy especializado y dirigido a los estudiosos de la historia de la Ciencia. Para completar la información de este capítulo ha sido vital la colaboración del Archivo General de Simancas. Al haberse fundido en Sevilla, no podía faltar un capítulo dedicado a la famosa Real Fundición, cuya historia, por fortuna, ha sido ampliamente tratada por numerosos investigadores en los últimos años, según se puede comprobar en la bibliografía que se cita al final de la obra. El autor ha efectuado un seguimiento de todo el proceso de fabricación del cañón a lo largo del recinto de la Fundición, dándole vida en función del tiempo y del espacio. También hace una incursión en los aspectos técnicos del tiro de Artillería, de la munición y de los pertrechos para lo que fue necesario que se trasladara a la mentalidad de finales del siglo XVIII y maneja los libros de texto que utilizaron los artilleros en la Academia para comprender las formas y los métodos tan distintos a los actuales. Ha sido muy útil contar con los libros de Tomás de Morla y con los trabajos modernos realizados sobre su obra. Ficha de El Tigre El cañón tiene 13,3 cm de calibre por 383 cm de longitud de ánima, o sea de los llamados de a 16. El cascabel es esférico y tiene varias hojas de adorno; en la lámpara se lee : SOLANO FECIT SEVILLA AÑO DE 1768. El fogón está abierto en la misma pieza, rodeado de una roseta floreada en relieve. En el primer cuerpo lleva un escudo de cuatro cuarteles con las armas de Castilla y León y la leyenda "Carolus III D. G. HISPAN. ET IND. REX". En el segundo cuerpo, los muñones y asas que representan delfines. El muñón derecho tiene la inscripción : 44 QQS 62 ½ LIBS (2.053 Kg.) y en el izquierdo: COBS. AFINS. ILIGS. (Cobres afinados y ligados.). En la faja de separación del segundo y tercer cuerpo tiene una cenefa con varios adornos en relieve. En el tercer cuerpo la divisa VIOLATI FULMINA REGIS (Rayos del Rey ofendido) más arriba, en filacteria el nombre de la pieza, "EL TIGRE" y cerrando el brocal otra cenefa con iguales adornos.

El ladrido del tigre Osvaldo Baigorria,2021-10-30 A la desaparición de siete perros le sigue la desaparición de una mujer

y, más tarde, la aparición de unos cadáveres en un arroyo isleño del delta del Tigre. De todo se esboza una explicación, unas conjeturas a veces delirantes. Con esos motores y con el particular clima social de la isla, El ladrido del Tigre toma impulso narrativo y se lee desde la primera página como una novela de misterio situada en un paisaje de arroyos, riachos y juncas y con personajes pintorescos que no son lo que parecen, que cambian a medida que avanza el relato. En la isla “había lugares en los que parecía que uno cruzara un cementerio sin tumbas”, escribe el narrador, inquietante. Novela de misterio, novela de género, en El ladrido del Tigre la pintura social es la excusa para entregarse a la narración de una trama intrigante que es al mismo tiempo una reflexión sobre las conductas humanas.

Sharpe y el tigre de bengala Bernard Cornwell, 2020-11-10 1799. El fusilero Sharpe es un soldado audaz, profesional e implacable, pero también un desertor del ejército. Sin embargo, eso no impide que, cuando el gobernador de Seringapatam, el Tipoo, sabe del avance del 33o Regimiento del ejército británico y prepara una trampa para acabar con él, su alto sentido del honor y del compañerismo lo lleve a arriesgar la vida para salvar a sus compañeros. Para lograrlo, deberá primero liberar a un oficial cautivo de Tipoo, el único que conoce las claves de la trampa, y así poder meterse en la boca del lobo. La batalla de Seringapatam se recuerda, en el marco de las guerras anglomaratha, por el cuantioso número de bajas británicas (casi 1500), después de la gran victoria obtenida poco antes en Sidassir. Fue un importante impulso a la consolidación del Imperio Británico en la India. Y ahí inicia su carrera Richard Sharpe, del 95o regimiento de fusileros. Este es el primer título, en orden cronológico, de la serie de novelas históricas, protagonizada por el fusilero Sharpe de Bernard Cornwell. Probablemente uno de los mejores escritores relatando batallas.

Blanco de tigre Andrés Guerrero, 2022-04-21 Aquí comienza el lugar prohibido donde reina el tigre blanco. Esta historia pasó hace muchos años. Tantos que hoy ya nadie habla de ella. Aquellos que aún la recuerdan aseguran que fue tan solo una leyenda de tantas que se fraguaron en lo más recóndito de la selva. Pero no lo es. Nunca lo fue. Un día, el azar quiso que el destino de mi hermana Duna se cruzara con el del tigre blanco. Y juntos encontraron su lugar.
