**Lost Years** Tri Vu Tran, 1988 Beretning fra forfatterens ophold i vietnamesiske genopdragelseslejre fra 1975-1979

Prisoner of the Word Hữu Tri Lê, 2001 Le Hu'u Tri chronicles the experiences he had during the years he spent in a Vietnamese reeducation camp.

**Reeducation in Postwar Vietnam** Edward P. Metzner, 2001 The stories of three of these Vietnamese who survived and eventually found their way to America are told here in stark and moving detail.--BOOK JACKET.

The Dark Journey Hoa Minh Truong, Minh Hoa Truong, 2010 Two days after Saigon fell to the communists, Hoa Minh Truong walked along the path leading to the Tan Xuyen village council. He had been there many times during his army service but this time he was filled with fear. The extra-tight security included a young Viet Cong trooper who clutched a Russian-made AK-47 automatic rifle in his small hands. The gun was just one of many multi-death tools supplied in the name of revolution by the major communist powers to Vietnam's communists. The trooper could not have been more than fifteen years old. In the yard next to the building Hoa noticed a huge heap of uniforms, helmets, boots, belts and ammunition. All of these items had been dumped there when the South Vietnam government surrendered and ordered its forces to disarm. Hoa was on the losing side of the war for reasons that, to him, remained unclear and unacceptable. Now, he and many thousands of others were being forced into so-called re-education camps. Held there without trial, these prisoners faced terrible conditions and cruel punishments. Many did not survive, but Hoa did. In this remarkable book, he offers his story to the world. Author Hoa Minh Truong is a well-published author of fiction, non-fiction and poetry in the Vietnamese language. He now lives in Perth, Australia with his wife and daughter.

*The Bloody Experience's Hell Reeducation Camp* Quang Hong Mac (Raphael M.V. Mac), 2020-06-27 Time was meaningless. Death was waiting. Anything touching ground zero that showed the barbarous revenge of the Vietcong ended in a dried bloodbath for whoever served South Vietnam's government. This all happened after North Vietnam's last invasion succeeded on April 30, 1975. Humanity absented itself into the hell of a prison that was called re-education. Vietcong killed the soldiers and public servants of South Vietnam using the cruel methods of the Khmer Rouge in Cambodia. Prisoners were executed, tortured, lacked food, endured illness without medicine, and were subjected to forced labor, which created spiritual intimidation. The Vietcong killed about 165,000 among 800,000 prisoners, while the leftists in society concealed the

human rights violations of the Vietcong. Author Quang Hong Mac survived, escaping by boat after spending more than five years in a Vietcong re-education camp. He resettled in the U.S. and continues to fight for democracy. Sharing his untold stories with U.S. public officials and another former Vietcong prisoner, this book was written to debunk paranoid socialists in democratic countries. The author believes his book can inform the Western World the truth about communism and socialism.

**Detention Camps in Asia**, 2022-05-20 Why have Asian states - colonial and independent - imprisoned people on a massive scale in detention camps? How have detainees experienced the long months and years of captivity? And what does the creation of camps and the segregation of people in them mean for society as a whole? This ambitious book surveys the systems of detention camps set up in Asia from the beginning of the 20th century in The Philippines, Indonesia, Japan, Malaya, Myanmar (Burma), Vietnam, Timor, Korea and China.

**Experiments with Marxism-Leninism in Cold War Southeast Asia** Matthew Galway, Marc H. Opper, 2022-09-21 One of the most contentious theatres of the global conflict between capitalism and communism was Southeast Asia. From the 1920s until the end of the Cold War, the region was racked by international and internal wars that claimed the lives of millions and fundamentally altered societies in the region for generations. Most of the 11 countries that compose Southeast Asia were host to the development of sizable communist parties that actively (and sometimes violently) contested for political power. These parties were the object of fierce repression by European colonial powers, post-independence governments and the United States. Southeast Asia communist parties were also the object of a great deal of analysis both during and after these conflicts. This book brings together a host of expert scholars, many of whom are either Southeast Asia-based or from the countries under analysis, to present the most expansive and comprehensive study to date on ideological and practical experiments with Marxism-Leninism in Southeast Asia. The bulk of this edited volume presents the contents of these revolutionary ideologies on their own terms and their transformations in praxis by using primary source materials that are free of the preconceptions and distortions of counterinsurgent narratives. A unifying strength of this work is its focus on using primary sources in the original languages of the insurgents themselves.

The comprehensive list of entries includes discussion of political developments, descriptions of important leaders such as Lyndon B. Johnson and Ho Chi Minh, consideration of the antiwar movement, and the military aspects of the conflict.

**Routledge Handbook of the Vietnamese Diaspora** Nathalie Huỳnh Châu Nguyễn, 2024-03-14 The Routledge Handbook of the Vietnamese Diaspora presents a comprehensive overview and analysis of Vietnamese migrations and

diasporas, including the post-1975 diaspora, one of the most significant and highly visible diasporas of the late twentieth century. The handbook is structured in five parts: Colonial legacies Refugees, histories and communities Migrant workers, international students and mobilities Literary and cultural production Diasporas and negotiations Offering multiple cutting-edge interpretations, representations and reconstructions of diaspora and the diasporic experience, this first reference work of the Vietnamese diaspora will be an invaluable tool for students and researchers in the fields of Asian Studies, Asian American Studies, Ethnic Studies, Refugee Studies, Transnational Studies and Migration and Diaspora Studies.

**Forensic Archaeology** W. J. Mike Groen, Nicholas Márquez-Grant, Rob Janaway, 2015-02-17 Forensic archaeology is mostly defined as the use of archaeological methods and principles within a legal context. However, such a definition only covers one aspect of forensic archaeology and misses the full potential this discipline has to offer. This volume is unique in that it contains 57 chapters from experienced forensic archaeological practitioners working in different countries, intergovernmental organisations or NGO's. It shows that the practice of forensic archaeology varies worldwide as a result of diverse historical, educational, legal and judicial backgrounds. The chapters in this volume will be an invaluable reference to (forensic) archaeologists, forensic anthropologists, humanitarian and human rights workers, forensic scientists, police officers, professionals working in criminal justice systems and all other individuals who are interested in the potential forensic archaeology has to offer at scenes of crime or places of incident. This volume promotes the development of forensic archaeology worldwide. In addition, it proposes an interpretative framework that is grounded in archaeological theory and methodology, integrating affiliated behavioural and forensic sciences.

*The Encyclopedia of the Vietnam War* Bloomsbury Publishing, 2011-05-20 Now in its second edition, this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U.S. history. The Vietnam War lasted more than a decade, was the longest war in U.S. history, and cost the lives of nearly 60,000 American soldiers, as well as millions of Vietnamese—many of whom were uninvolved civilians. The lessons learned from this tragic conflict continue to have great relevance in today's world. Now in its second edition, *The Encyclopedia of the Vietnam War: A Political, Social, and Military History* adds an entire additional volume of entries to the already exhaustive first edition, making it the most comprehensive reference available about one of the most controversial events in U.S. history. Written to provide multidimensional perspectives into the conflict, it covers not only the American experience in Vietnam, but also the entire scope of Vietnamese history, including the French experience and the Indochina War, as well as the origins of the

conflict, how the United States became involved, and the extensive aftermath of this prolonged war. It also provides the most complete and accurate order of battle ever published, based upon data compiled from Vietnamese sources. This latest release delivers even more of what readers have come to expect from the editorship of Spencer C. Tucker and the military history experts at ABC-CLIO.
