William Golding

The Environment and Literature of Moral Dilemmas David Aberbach, 2021-08-18 Exploring the literature of environmental moral dilemmas from the Hebrew Bible to modern times, this book argues the necessity of cross-disciplinary approaches to environmental studies, as a subject affecting everyone, in every aspect of life. Moral dilemmas are central in the literary genre of protest against the effects of industry, particularly in Romantic literature and 'Condition of England' novels. Writers from the time of the Industrial Revolution to the present—including William Blake, Elizabeth Gaskell, Charles Dickens, Émile Zola, Henrik Ibsen, Anton Chekhov, T.S. Eliot, John Steinbeck, George Orwell, and J.M. Coetzee—follow the Bible in seeing environmental problems in moral terms, as a consequence of human agency. The issues raised by these and other writers—including damage to the environment and its effects on health and quality of life, particularly on the poor; economic conflicts of interest; water and air pollution, deforestation, and the environmental effects of war—are fundamentally the same today, making their works a continual source of interest and insight. Sketching a brief literary history on the impact of human behavior on the environment, this volume will be of interest to readers researching environmental studies, literary studies, religious studies and international development, as well as a useful resource to scientists and readers of the Arts.

Metafiction and Myth in the Novels of Peter Ackroyd Susana Onega Jaén, 1999 Providing detailed analysis of the recurrent structural and thematic traits in Peter Ackroyd's first nine novels, this work sets out to show how they grow out of the tension created by two apparently contradictory tendencies. These are, on the one hand, the metafictional tendency to blur the boundaries between story-telling and history, to enhance the linguistic component of writing, and to underline the constructedness of the world created in a way that aligns Ackroyd with other postmodernist writers of historiographic metafiction; and on the other, the attempt to achieve mythical closure, expressed, for example, in Ackroyd's fictional treatment of London as a mystic centre of power. This mythical element evinces the influence of high modernists such as Ezra Pound and T.S. Eliot, and links Ackroyd's work to transition-to-postmodern writers such as Lawrence Durrell, Maureen Duffy, Doris Lessing and John Fowles.

The Importance of Setting in William Golding's 'Lord of the Flies' Maria Fernkorn, 2011-11 Seminar paper from

the year 2003 in the subject English Language and Literature Studies - Literature, grade: 2,0, <http://www.uni-jena.de/>, language: English, abstract: In all the books I have suggested a shape in the universe that may, as it were, account for things. The greatest pleasure is not -say- sex or geometry. It is just understanding. And if you can get people to understand their own humanity-well, that's the job of the writer.² William Golding William Golding's first novel *Lord of the Flies*³ is one of the most-read works of contemporary fiction since the Second World War. The author's most popular fiction was written in 1954 and has been interpreted politically, religiously, anthropologically and psychologically although the story as such is quite simple. However, what makes the book remarkable is how excessively Golding uses the setting in order to get across the fable's moral. The setting of the robinsonade is highly allegorical. In the following paper this is going to be proved on hand the following definition: Setting is the entire environment for the action of a fictional work. Settings include the place, the time period as well as the historical milieu, and the political, social, and perhaps even spiritual realities (italics: mine).⁴ In addition to that, also the presentation of nature and its symbolism are going to be examined as they play an important role throughout the book and are part of the setting.⁵

Lord of the Flies William Golding, 1984-10-01 Plot synopsis of this classic is made meaningful with analysis and quotes by noted literary critics, summaries of the work's main themes and characters, a sketch of the author's life and times, a bibliography, suggested test questions, and ideas for essays and term papers.
