The Gospel of the Working Class Erik S. Gellman, Jarod Roll, 2011-06-28 In this exceptional dual biography and cultural history, Erik S. Gellman and Jarod Roll trace the influence of two southern activist preachers, one black and one white, who used their ministry to organize the working class in the 1930s and 1940s across lines of gender, race, and geography. Owen Whitfield and Claude Williams drew on their bedrock religious beliefs to stir ordinary men and women to demand social and economic justice in the eras of the Great Depression, New Deal, and Second World War. -- Book cover.

Explaining Research Dennis Meredith, 2021-08-03 Explaining Research is the ultimate guide for scientists, engineers, and other professionals seeking to share their life's work effectively with important lay and scientific audiences. It offers a multitude of practical communication tools and techniques for writing, giving talks, creating visuals, using social media, and publicizing research advances. Career success depends on more than conducting incisive experiments and publishing papers in top journals. Researchers must also know how to explain their work to key audiences, such as colleagues, potential collaborators, officers in funding agencies and from foundations, donors, institutional leaders, corporate partners, students, legislators, journalists, and the general public. Explaining Research is the most comprehensive guide for science and engineering communication. In this new edition, leading research communicator Dennis Meredith provides readers with the practical tools and techniques scientists and engineers need to reach their audiences effectively. The updated and expanded chapters include a wealth of insights from leading science journalists and research communicators.

They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University, Oklahoma John George Jr. Professor of Political Science and Sociology Central State University, 1989-05-18 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In They Never Said It, Paul Boller, Jr., and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The

best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, are blatantly dishonest and falsify the historical record. And others are chillingly vicious, filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America, and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and yet thought-provoking book, *They Never Said It* sorts out a great deal of history and sets it right, going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals, atheists and evangelists, all have at times twisted and even invented the words of eminent figures to promote their own ends. It is the ultimate debunking reference, a perfect complement to handbooks of quotations.

Sisters and Rebels Jacquelyn Dowd Hall,2019-05-21 Winner of the 2020 PEN America/Jacqueline Bograd Weld Award for Biography, the 2020 Summersell Prize, a 2020 PROSE Award, and a Plutarch Award finalist "The word befitting this work is 'masterpiece.' " —Paula J. Giddings, author of *Ida: A Sword Among Lions: Ida B. Wells and the Campaign Against Lynching* Descendants of a prominent slaveholding family, Elizabeth, Grace, and Katharine Lumpkin were raised in a culture of white supremacy. While Elizabeth remained a lifelong believer, her younger sisters sought their fortunes in the North, reinventing themselves as radical thinkers whose literary works and organizing efforts brought the nation's attention to issues of region, race, and labor. National Humanities Award-winning historian Jacquelyn Dowd Hall follows the divergent paths of the Lumpkin sisters, tracing the wounds and unsung victories of the past. Hall revives a buried tradition of Southern expatriation and progressivism; explores the lost, revolutionary zeal of the early twentieth century; and muses on the fraught ties of sisterhood. Grounded in decades of research, the family's private papers, and interviews with Katharine and Grace, *Sisters and Rebels* unfolds an epic narrative of American history through the lives of three Southern women.
