**H. P. Lovecraft**

*Crossing the Line* Tom Barry, Harry Browne, Beth Sims, 1994

Line In: A Book of Poetry and Prose Dylan G. Helsdon, 2010-12 Reflecting a world of purposeless existence, of the pain of so-called reality, comes the angry and often-tormented voice of poet Dylan Helsdon.... From Ha and a smile - You inhale the fabrications They breathe upon you and blow the truth off with a sigh, Can you see the end of the path Which has led you here? Can you see a foot in front of your azure eyes? Give them an inch of sight They will walk eleven more blind; The trail is a carnivore and inviting. About the Author: Dylan G. Helsdon is a Canadian who grew up in Topley, British Columbia, and now resides in Elkford. Though he has put pen to paper for more than twenty years, *Line In* is his first book of published writings. His motivation for *Line In*, he says, was the naive and blind people who put security and material possessions above all things necessary. **The Penguin Dictionary of South Africa Quotations** Jennifer Crwys-Williams, 2012-10-02 This is the third Penguin Dictionary of South African Quotations to be compiled by journalist and writer Jennifer Crwys-Williams. It is an all-new, 500-page slice of pure South Africana. Containing thousands of entries and spanning the first eight years of the 21st century, there is something for everyone in this invaluable 'Who said that?' handbook. From the serious to the profound, the poignant, embarrassing and the downright ridiculous, the public utterances of statesmen, comedians, political commentators, government ministers, sportsmen and many more are given a platform in this extensively researched collection. If you are a passionate follower of the ever-evolving South African story, or someone who enjoys the cut and thrust of debate on the political issues of the day, this book provides pithy, observant and broadly representative views of what engages the hearts, heads and minds of South Africans. If you need reminding about the Hefer Commission, or want to know what ANC president Jacob Zuma thinks about God and his party, look no further. If you're ready to relive the Hansie Cronje saga or to find comfort in Archbishop Desmond Tutu's unwavering stand on human rights over the years, or are simply curious to discover what chocolate has to do with the good life or what Barry Ronge thinks about gardening books, Crwys-Williams will not disappoint you. What was it that Nadine Gordimer said about Ronald Suresh Roberts and what has Aids done to all of us (especially to Manto Tshabalala-Msimang)? This is an essential reference guide: dip in and out of it, make notes in its

margins, or use it to impress your friends with your brilliant grasp of current affairs. From the 'I wish I'd said that' view to the 'I wish I hadn't!', The Penguin Dictionary of South African Quotations caters for everyone.

*The Line of Fire* William J. Crowe, 1993 On September 19, 1992, Admiral William J. Crowe, Jr., made headlines with his endorsement of Democrat Bill Clinton as President of the United States. Washington took sharp notice: Crowe, a staunch advocate of military strength, had served for four years - under both Presidents Reagan and Bush - as Chairman of the Joint Chiefs of Staff. As the top-ranking officer in the American military, he held all of its branches and forces, outposts from the South Pacific to the North Atlantic, from Antarctica to Central America, under the sweep of his command. To this day, many Clinton strategists perceive Crowe's endorsement and his subsequent work for Clinton as one of the campaign's turning points. It was an unexpected move. But Washington, luckily, had learned to expect surprises from the candid, witty Oklahoman whose tenure as commander was marked by an openness to change rarely encountered in the military hierarchy's upper ranks. As his memoir, *The Line of Fire*, makes clear, quick change has been a constant in Crowe's career - a fast flight up the chain of command that began just after World War II at the height of the Cold War, reaching its apex with the thaw and the beginning of a new era in foreign relations. Few military men's careers provide such a vantage on so many momentous transitions and events: women in the ranks; the new high-tech range of weaponry and machinery; and the rise of a new breed of military leader, men like Crowe himself, trained in the halls of Congress as well as on the battlefield. Crowe shows where the military has been - and where it must go. He takes us into the secret world of the Pentagon, where we see the sophisticated war games staged by the highest officials in the land. He takes us inside the story of the build-up of tensions in the Gulf, explaining what we have never really understood about the accidental shoot-down of an Iranian Airbus by the cruiser Vincennes and about the U.S. raid on Libya (why we never intended to kill Qaddafi; why Caspar Weinberger would never admit that the U.S. did hit the French embassy). Admiral Crowe shows us the most significant military and political events of the last decade as we have never seen them before. Crowe explains why nuclear weapons are our least effective defense; takes a critical look at Desert Storm (an ideal battle situation); speculates on the ending of the Cold War (George Bush was only one of the many contributors); and tells the story of his special friendship with Marshal of the Soviet Union Sergei Akhromeyev (the Soviet chief of staff), who shared many of his concerns about the future of nuclear weapons and U.S.-Soviet relations. As never before, Crowe's memoir explains the world of political maneuvering that lies behind military decision-making. From the battlefield to Capitol Hill, Crowe gives a candid, always interesting look at modern military life - and his concerns for our future.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.

The Poems of T. S. Eliot, Volume II T. S. Eliot,2018-12-04 The second volume of the first paperback edition of The Poems of T. S. Eliot, featuring Old Possum's Book of Practical Cats and his translation of Anabase. This two-volume critical edition of T. S. Eliot's poems establishes a new text of the Collected Poems 1909–1962, rectifying accidental omissions and errors that have crept in during the century since Eliot's astonishing debut, The Love Song of J. Alfred Prufrock. In addition to the masterpieces, The Poems of T. S. Eliot contains the poems of Eliot's youth, which were rediscovered only decades later; poems that circulated privately during his lifetime; and love poems from his final years, written for his wife, Valerie. Calling upon Eliot's critical writings as well as his drafts, letters, and other original materials, Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem. Following the collected and uncollected poems of the first volume, this second volume opens with the two books of verse of other kinds that Eliot issued: the children's verse of Old Possum's Book of Practical Cats, and Anabasis, his translation of St.-John Perse's Anabase. This volume then gathers the verses that Eliot contributed to the learnedly lighthearted exchanges of Noctes Binanianæ, and others that he wrote off-the-cuff or for intimate friends. Each of these sections is accompanied by its own commentary. Finally, pertaining to the entire edition, there is a comprehensive textual history that contains not only variants from all known drafts and the many printings

but also extended passages amounting to hundreds of lines of compelling verse.
