A Journey for My Father's Love and Mother's Secret Kim Hug,2012-05 When hope dies in a person, life seems over for them. This candid autobiography chronicles the story of a woman who lost hope. Her only solution was to attempt suicide, but on the night she tried to end her life, she found a miracle that would change her life forever. This book traces her journey though abandonment, sexual abuse, secrets, and paranoid psychosis, a journey that did not ultimately lead her to death but to life. She was many times lost in delusions of unreality and spent countless days in mental institutions, seeking answers to a way out of the darkness of her life. But the answer came when Jesus found her, her haunting memories were revealed, and she began to walk down a new, healing road. Here Kim Hug speaks of the power of Jesus and how he gave healing and hope to her life through many faithful people. This story was written through the inspiration of the Holy Spirit and is filled with creative pictures of memories and poetry as Kim rewalked her life over again to find the missing pieces to the puzzle of her life.

Losing a Parent to Suicide Marty Loy,Amy Boelk,2013-09-05 The suicide of a parent has life-long consequences; few more traumatic scenarios exist, and counselors often struggle for ways to help clients deal with its effects. Few understand the pain and life-altering effects of these tragedies better than children who have experienced the suicide of a parent. Despite this, there are few texts that incorporate and evaluate the first-person accounts of grief following a suicide while advancing a method for helping. *Losing a Parent to Suicide* analyzes stories of parent suicides and explores the grief and coping processes that follow, discovering the strategies, methods and modes of therapy that have empowered grieving

individuals and helped them rebuild their lives.

Parent Grief Paul C. Rosenblatt, 2016-02-04 Explores what couple and individual stories say and do not say about the child's dying and death and about parent grief. The author uses narratives as his tool for the introduction and exploration of the many facets of parental grief.

The Papa Bear: A Memoir Gustave Prinsell, 2017-04-25 Born in 1922 in a poor section of Jersey City, New Jersey, to parents with only third grade educations, this is the life story of Gus Prinsell. In this autobiography, Gus starts by reflecting on his humble beginnings -- his earliest childhood memories are of poverty wrought by the Great Depression. His father was unemployed for a decade. Gus's parents never wavered in insisting that their children pursue an education. World War II started as he was entering his 20s, and he served his country in the US Navy. After becoming a born again Christian in the early 1940s and marrying Louise Bininger, he finished college and earned his medical doctor degree from Columbia University in 1952. From there, Gus went on to study surgery and tropical medicine. He then turned away from material gains and dedicated his life to medical missions in West Africa, where he moved with Louise and their four sons and opened the new Kamakwie Wesleyan Hospital in 1959. In 1964, Gus returned to the States where he served as a family physician in Western New York until his retirement. Gus still lives in Houghton, New York, with his wife of over 70 years, Louise. At the ages of 94 and 91, Gus and Louise now have seven grandchildren and two great grandchildren. Gus takes us through his life's journey in his own words. Not only does he tell the story of his own life, but he effectively weaves in the stories of many of his family and friends. His trust in the Lord through faith has led Gus through his life of achievement. When asked to describe himself in one phrase, he defines himself as "a Christian missionary physician and humanitarian." His life of dedication to God and mankind is an example for us all.

Jesus Is the Way, Truth, Life Michael Pietrzyk, 2020-08-19 If you cannot comfortably say with confidence that Jesus died

for your sins and opens the door of salvation for you or that you deny Jesus, then this book is for you. So many Christians take Jesus for granted, and so many people do not understand His torment and the suffering He endured for us. We began a spiritual journey when we enter this world. We have a natural body and a world full of responsibilities to challenge us on our journey. We are influenced by many outside sources and personal interactions with our family members and friends. Ultimately, we make the most important decision of our life. Do we believe in God and accept Jesus as our Savior, or do we reject God and accept atheism? When you analyze the facts of the life of Jesus, his loving teachings, his horrible suffering, death and miraculous resurrection, you come to understand He did it for you. Jesus is the Way, the Truth, and the Life. His teaching brings light into your life. Jesus is the gateway to eternal happiness when we leave this world. Atheism with its evil influence wants to drag you down and have you reject God. Atheists are in total denial about God, Jesus, supernatural experiences, something from nothing, and the wisdom in the formation of this universe and mankind. Atheists want you to believe you will simply rot in the ground and accept life with no future hope. If you are an atheist, don't laugh at this thought and concern. As a Christian, I care for you and your soul. That is certainly more than what the atheistic thinking has in mind for you. Atheism, under the influence of Satan, offers you nothing but the door way to eternal conscious separation from God. This book is a direct challenge to the thoughts and beliefs of the atheist. I wrote this book with the hope it just might stir the mind of a non-believer. Then believing the Holy Spirit will do the rest.

In the Name of God Youssef Hamouda,2023-08-08 This book is a quest to look at the history of mankind to answer questions that humans wondered about for centuries. What does God want from us? Why are there so many religions? Who did the ancients worship if it wasn't God? This book is a quest through history, religion, and science to answer these questions and more. It will prove beyond any doubt that there is a creator and he's one and the message he's been sending through the times using prophets and messengers is one and the same. Religions are used to teach people common values that will help them coexist in peace. Unfortunately, humans used it to launch wars against each other in the name of God. Each one wants to prove that their religion is the only one that God accepts and recognizes. God created us equal but different.

Over 2,000 of the funniest, wildest, wittiest cracks and comments ever uttered inside or outside a locker room are presented here in A-to-Z format. Rebels Leerom Medovoi, 2005-11-23 A cultural history of the political legitimization of youth rebellion during the Cold War era.

Fathers' Wit Rosemarie Jarski, 2005 *Fathers' Wit* collects some of the funniest observations ever made on the august institution of fatherhood. Every phase is up for comment--from conception to diaper-changing, family holidays to first dates, weddings to bankruptcy. Pearls of wit and wisdom are offered up by fathers who have been there, done that, and had the drool-stained T-shirt. But dads don't have all the say: the paternal view is carefully balanced by pithy commentary from the family members who put up with them. Fathers old and new will be royally entertained; and if the rest of the family can pry the book out of his hands, they'll gain valuable insights into workings of dear old dad.
