**Braco and His Silent Gaze** Matthias Kamp,2023-08-15 So I made up my mind to open my heart for at least five minutes to this man who just looks at people in silence. During the encounter I felt more love than I could have ever imagined -- pure love. I felt that I was loved. On precisely that day, all pain fell away from me. ... "It's a very intense light he awakens in people." ... When he looked at me, I felt like someone was wiping away all my worries, said visitors from Germany, Austria and the USA after an event with Braco. It is impressive to stand in front of a person who gazes at the visitors of his events in silence. No gripping speech, no new teachings or wisdom -- especially no new religion -- just silence. Braco has the courage to stand in front of thousands of people at events and congresses. He has a gift some scientists say the world has not yet seen in this form. In 2012, Braco received a peace prize at the UN in New York. A German doctor wrote this book after his own intense experiences with Braco and his gaze. More than 70 visitors to the events with Braco have their say, including doctors, psychologists, scientists of physics, biochemistry and health sciences, as well as consciousness researchers and a theologian. The visitors' direct experiences and the scientists' expertises bring the reader closer to the unknown, which has no name but, through Braco's gaze, brings happiness and health back to people.

**The Singer-Songwriter Handbook** Justin Williams,Katherine Williams,2017-02-23 The singer-songwriter, someone who writes and performs their own music, is an ever-present and increasingly complex figure in popular music worlds. The Singer-Songwriter Handbook provides a useful resource for student songwriters, active musicians, fans and scholars alike. This handbook is divided into four main sections: Songwriting (acoustic and digital), Performance, Music Industry and Case Studies. Section I focuses on the 'how to' elements of popular song composition, embracing a range of perspectives and methods, in addition to chapters on the teaching of songwriting to students. Section II deals with the nature of performance: stagecraft, open mic nights, and a number of case studies that engage with performing in a range of contexts. Section III is devoted to aspects of the music industry and the business of music including sales, contract negotiations, copyright, social media and marketing. Section IV provides specific examples of singer-songwriter personae and global open mic scenes. The Singer-Songwriter Handbook is a much-needed single resource for budding singer-songwriters as well as songwriting pedagogues.

The Only Way I Know Cal Ripken, Jr., Mike Bryan, 1998-04-01 There aren't many Americans who didn't feel a lump in their throat watching Cal Ripken, Jr. take a historic jog around the bases on the evening of September 6, 1995—the night he smashed Lou Gehrig's record number of 2,130 consecutively played games. But, as the hardest working man in baseball will tell you, he was just doing his job. And now he tells you just how he does it, why he does it, and how it makes him feel. With the candor and grace that have endeared him to fans everywhere, Cal Ripken, Jr. tells the story of his journey to the major leagues: of his early childhood and life with a baseball manager for a father; his stint in the minors, working his way up from the Rookie Leagues to Triple-A; and finally to the permanent call from Baltimore where he began the drive to an All-Star career. Cal talks with warmth of his mentors and teammates, and with honesty of the Orioles' roller-coaster ride from the pennant to a lamentable 0-21 start in the eighties. He reveals his innermost thoughts on the game, and leads us through his strategies at the plate and on the field. Best of all, Cal reveals what makes him tick: his commitment to the game, to his family, to his career, and to the team. In this rich and rewarding memoir, we find out why he's credited with putting the great back into America's greatest game: it's the only way he knows.

*YORI PABED* Dr. Debapi Roy, 2021-07-19 A life cannot be encapsulated in a few thousand words. The extent of transformation both physically and mentally is massive and totally unforeseeable. It is a journey which is on track for six decades now, accepting and rejecting individuals, beliefs and dimensions. The story of a firebrand leftist turning into a critical nationalist ... a juvenile poet into a part time writer...a surgeon and an entrepreneur with a tryst of life time romanticism ...and the chronicle of all who came into his life...some left, some were lost, few remain, some others are still to join the saga of Yori Pabed, my partner in the subconscious!

Kelley Walker Kelley Walker,2008 New York-based artist Kelley Walker hacks advertising and displays its inner workings as art. His large-scale prints appropriate iconic cultural images, digitally altering them to expose their underlying agendas. In *Black Star Press: Black Star, Star Press Star* (2004), Walker combined nondigital collage processes to reference abstract painting: He smeared newspaper photos of the Birmingham race riots with melted chocolate and toothpaste, scanned them into a computer and made photographic prints from the results. Such hybridized work is neither quite post-Pop nor just appropriation. In the past few years, Walker has emerged as one of the most innovative and rigorous young artists in New York and has become much in demand not only for his solo work but for his collaborations with fellow New Yorker Wade Guyton. This monograph is a valuable introduction to Walker's technical processes, and essays by maverick critic and curator Bob Nickas and writer Scott Rothkopf lend much insight into his practice.
