Most Valuable Players Rebecca Jenshak,2022-06-28 Three books. Three sports. Three swoony book boyfriends! Includes: The Assist, Sweet Spot, and Secret Puck. The Assist Wes Reynolds. Basketball player, arrogant, always sleeping through class. And my new tutor. Sweet Spot Lincoln Reeves, golf pro and swing coach, might be the one person who can take my game to the next level. If I don't throw my club at his handsome face first. Secret Puck Secretly hooking up with my brother's teammate was a bad idea. Would I do it again? In a heartbeat.

1600 Solution-Focused Questions Lance Jonah Wiggins, 2025-02-04 1600 Solution-Focused Questions: A Practical Guide to SFBT, Coaching, Leadership, Education, and Community-Based Practice is an essential resource for professionals who want to guide conversations toward clarity, progress, and action. This book provides real-world, results-driven questions designed to help people move forward, breaking away from the endless cycle of problem-saturated discussions. Traditional methods often focus too much on analysing problems, but solution-focused approaches offer something different: a way to shift attention to what works, what is possible, and what is already improving—even if only slightly. This book equips therapists, coaches, educators, leaders, and community workers with a structured set of 1600 effective questions to facilitate meaningful conversations that lead to real change. What This Book Offers 1600 targeted questions to help clients, students, employees, and communities identify strengths and build solutions. Practical techniques that can be applied in therapy, coaching, leadership, education, and social work. Case examples showing how the right question at the right time can unlock insight, clarity, and motivation. Frameworks for tracking progress using scaling, self-reflection, and exception-based questions. Guidance on overcoming resistance from skeptical clients, workplace teams, and institutional systems. If you are working with people who feel stuck, unmotivated, or uncertain, these questions will help shift their focus to small, meaningful actions that lead to lasting improvements. Who This Book is For This book is for professionals who want clear, actionable ways to help others move toward positive change. It is especially useful for: Therapists and Counsellors using Solution-Focused Brief Therapy (SFBT) to create forward-moving conversations. Coaches and Mentors who need their clients to take accountability and stay motivated. Leaders and Managers looking for better ways to engage teams and encourage problem-solving. Educators and School Counsellors who want to help students become more independent and solution-oriented. Social Workers and Community Leaders aiming to foster resilience and collaboration in individuals and groups. Case Example: A Therapist Guiding a Stuck Client Michael, a therapist, had a client, Lisa, who was stuck in negative self-talk. Every session started with a long list of what was wrong. Instead of analysing her struggles endlessly, Michael asked: “Was there a single moment this week when things felt slightly better?” Lisa hesitated, then mentioned an afternoon when she felt a little lighter after talking to a friend. Michael followed up: “What was different that afternoon?” Lisa realised that she hadn’t been ruminating about the past. Instead, she was engaged in the conversation and felt understood. Michael continued: “How can you create more of those moments this week?” That small shift—noticing what worked and doing more of it—became the foundation for Lisa’s next step. Case Example: A Manager Using Solution-Focused Questions Samantha, a team leader, was tired of hearing complaints about workload distribution. Instead of asking, “What’s going wrong?” she tried a different approach: “Can you tell me about a day last month when our workflow felt smooth?” The team thought for a moment, then recalled a time when they had clear priorities and fewer last-minute changes. Samantha asked: “How can we bring more of that structure into this week?” Instead of rehashing frustrations, the team found ways to replicate past

success—leading to practical improvements without blame or frustration. **The Power of a Well-Timed Question** A single question can shift an entire conversation from frustration to possibility. A well-placed prompt can help a client see a new angle, help a student recognise their progress, help a team uncover better ways of working, or help a community focus on what's already strong. This book gives you a structured approach to using solution-focused questions effectively in different settings. Whether you're working one-on-one or in group environments, you'll find questions that uncover strengths, spark motivation, and drive positive change. **Final Thought** Every interaction presents a choice—spiral into complaints or shift toward solutions. This book provides 1600 powerful questions to help you steer conversations toward progress and action. By focusing on what's working and what can improve next, you guide people toward real change—one question at a time.

The Assist Rebecca Jenshak, 2020-07-25 You know those stories where the smart girl tutors the dumb jock? This isn't it. Blair What's the probability of insulting the one guy on campus I need to help me pass statistics? If I knew, I wouldn't be standing in front of Wes Reynolds begging him to tutor me. Basketball player, sexy, arrogant, always sleeping through class... these are the things I knew about him. What I didn't know is that he is a seriously smart jock. Wes What's the best way to get rid of the peppy and unrelenting girl that keeps asking me to tutor her? If I knew, I wouldn't be staring at her tan legs and attempting to teach her statistics. Sorority girl, fine as f**k, determined, ball buster... these are the things I knew about her. What I didn't know is that she is all the things I didn't realize I wanted or needed. Or that one semester with her would change everything. For fans of: Helena Hunting, Elle Kennedy, Lauren Asher, Emily Henry, Avon Gale, Toni Aleo, Kristen Callihan, LJ Shen, Jana Aston, Karina Halle, Meghan March, Jay Crownover, Anna Todd, Geneva Lee, Audrey Carlan, Jill Shalvis, Helen Hoang, Christina Lauren, Sally Thorne, Penny Reid, Julia Kent, Kelly Jamieson, Kendall Ryan, Kennedy Ryan, Lauren Blakely, Lexi Ryan, Jen Frederick, Sara Ney, Nana Malone. In-Sourced Helen Connolly, 2012-12-06 As I finished reading this manuscript, I felt greatly uplifted by the high consciousness and spiritual energy embodied in it. Helens metaphors resonate on many levels. Metaphor is the language of the soul, and the soul is speaking here. As Helen states over and over again, this book was written not by her but through her. I feel honored and blessed to know Helen and to recommend this book to all her readers. From the Foreword by Christina Thomas-Fraser, MA, www.innerlightinstitute.com Are you satisfied with your life? Have you done everything you are supposed to do in the pursuit of success and happiness, yet find yourself feeling strangely empty and disillusioned? Would you like to experience more joy in your day to day existence? Would you like to feel unconditionally loved and supported? The first step is to realize that the source of all the answers you seek is found within. In a world that outsources everything, constantly seeking gratification, stimulation, and validation from an external focus to fill the gap in life, please know this: You are a self-contained unit of the divine. Outside mentors and resources like this one may point the way and inspire, yet you are the destination you seek. To discover the truth of who you are and for lasting fulfillment in life In-Source your awareness through meditation and contemplation; don't put all your eggs in the outsourcing basket. It's fragile and by itself it never fulfills for long. Every single thing in form began its existence in formlessness. Meditation is the gateway to such an infinite resource and blissful experience of your true nature. This book is my invitation to you to be your part, to be who you truly are, to drop your illusory stories, and play with me in original innocence.

Smart Jocks: Books 1 & 2 Rebecca Jenshak, The first two books in the Smart Jocks series: *The Assist* and *The Fadeaway*. *The Assist* You know those stories where the smart girl tutors the dumb jock? This isn't it. Blair What's the probability of insulting the one guy on campus I need to help me pass statistics? If I knew, I wouldn't be standing in front of Wes Reynolds begging him to tutor me. Basketball player, sexy, arrogant, always sleeping through class... these are the things I knew about him. What I didn't know is that he is a seriously smart jock. Wes What's the best way to get rid of the peppy and unrelenting girl that keeps asking me to tutor her? If I knew, I wouldn't be staring at her tan legs and attempting to teach her statistics. Sorority girl, fine as f**k, determined, ball buster... these are the things I knew about her. What I didn't know is that she is all the things I didn't realize I wanted or needed. Or that one semester with her would change everything. *The Fadeaway* He thinks we're playing the longest game of hard-to-get ever. We're not. Joel The hottest girl on campus won't go out with me. I know, I know, that sounds presumptuous, but this girl... this girl has gotten under my skin, and I can't seem to walk away. Every Thursday, I show up at the café where she works. She's fed me every excuse in the book. I should give up and bang one of the many girls blowing up my phone. I'm not. Even when she says no, Thursday is my

favorite day of the week. Katrina The hottest guy on campus won't stop asking me out. I know that sounds like a good problem to have, but this guy... this guy has no idea how complicated my life is trying to juggle being a single mom and college student. Every Thursday, he shows up at the café where I work. His cheesy pickup lines and arrogance should have me completely annoyed. I'm not. I can't say yes, but Thursday is my favorite day of the week.
