*The Books of "Is"* Dr. R. Lowery-Hawk D.D. D.R.S. PhD., 2012-08-29 The first Books of IS, is full of contemplative designs and graftics, along with rhythmic writings. All are created to move gently, your senses, and your brain, to stirring you awake, and into thinking, sensing and observing the life within you and around you. The writings and graphics are meant to be contemplated upon, and carried into your daily life, so to awaken you to the truth of you and the universe of life here, now, and beyond here and the now. I have also included pages at the end of each chapter for the reader's own inspired writings brought on by the repeated readings, and contemplations of the writings and graphics in this book, so to assist in the activation of your creative and intellectual mind: right and left brain functions. The Books of IS came about after my being mysteriously, intuitively guided, for over twenty-eight years, to write down messages of a higher conscious level, on truths of life, myself, and all life in general. The writings in BOOK ONE: The Dance of Becoming, are compiled writings from a higher presence of love that I was receiving, during a strong inter-sensing, to write down what was calling to me. This first began occurring during my pre-teens; then again as an adult, during times of great sorrow or/and loneliness. As an adult, and after writing for almost a year, the writings began taking on a deeper nature. They began to change into messages and memories of truth, guidance, and gentle love; coming forth, giving me more of the peace and joy they had been creating within me. The desire to write more called often and strongly, yet pleasantly to me; and the experience of it all was: ecstasy! I began to realize that I must have been touching down into deeper parts of myself, and then rising up to the higher parts of me: my Higher Soul! I was then feeling such peace, joy and knowing, that I no longer felt sadness nor loneliness; Instead I felt the great desire and joy to experience and to know more! It felt as if at these times I was my TRUE SELF! I felt complete and all knowing! I felt like I was with the Hobbies of Hobbies and the Angels! Then, in the year 1984, I was telepathically told by these Sacred Messengers of a higher power/Creator, to put all these writings into books, and when the time came, publish them to aid all mankind, all existence. From these writings, I receive messages and teachings that went beyond mundane and into the higher planes of existence, connecting me with the Creator of all principles, of all life: There I connected with Holy Messengers of various kinds. I had asked for validation on all this and soon found myself miraculously being lead to the meeting of those who were Guardians of these ancient, long protected Sacred Truths; along with findings in old books; and other similar occurrences and people. These validations ranged from old mystery schools, of various kinds, to ancient

indigenous beliefs on creation, and a higher powerful being; to more modern religions and scientific findings. I also was lead in syn with others, who too, were receiving similar writings with same truths; some written a bit differently. In 1884, I was given the spiritual, telepathic message, that in the future, I would be compiling these and other writings into books to be published for the world. This was so that many people could be reached more quickly, for the quickening had begun. They told me that the writings in this book and in others, were seed-truths, selectively and rhythmically placed; camouflaged, seeming at first, to those not ready, as stories of meer fantasy, so called: make-believe and sci-fy. I was told the writings are done this way so to gently but powerfully, unlock the encoded truths within those who hear or read them and view the graphics. These writings therefore, are like camouflaged words/codes, hidden to many, but obvious to those who were ready :remembering, awakening; therefore, protected from those who would abuse them and interput them with misunderstanding, in a negative way; thereby, creating too much chaos.

*Artful Noise* Thomas Siwe,2020-07-27 Twentieth-century composers created thousands of original works for solo percussion and percussion ensemble. Concise and ideal for the classroom, *Artful Noise* offers an essential and much-needed survey of this unique literature. Percussionist Thomas Siwe organizes and analyzes the groundbreaking musical literature that arose during the twentieth century. Focusing on innovations in style and the evolution of the percussion ensemble, Siwe

offers a historical overview that connects the music to scoring techniques, new instrumentation and evolving technologies as well as world events. Discussions of representative pieces by seminal composers examines the resources a work requires, its construction, and how it relates to other styles that developed during the same period. In addition, Siwe details the form and purpose of many of the compositions while providing background information on noteworthy artists. Each chapter is supported with musical examples and concludes with a short list of related works specifically designed to steer musicians and instructors alike toward profitable explorations of composers, styles, and eras.

**The Propaganda Warriors** Clayton David Laurie, 1996 A fascinating story....Essential to an understanding of America's use of propaganda. -- Warren F. Kimball, author of *The Juggler: Franklin Roosevelt as Wartime Statesman*. Lively and revealing. There is much that is new and important in this book. All students of the war, as well as of intelligence, will benefit from it. -- Robin W. Winks, author of *Cloak and Gown*. A 'must' acquisition for anyone with any interest in espionage, intelligence, and propaganda. -- Dennis Showalter, author of *Tannenberg: Clash of Empires*.

*The Soviet Ambassador* Christopher Shulgan, 2011-03-01 Few realize that behind Mikhail Gorbachev's Cold War-ending perestroika reforms stood an owl-like figure who was just as important as the Soviet leader himself. Fewer still know the role Canada played in transforming Gorbachev's advisor from a devout Stalinist to the most potent force for democracy and justice ever to walk the halls of the Kremlin. His name was Aleksandr Yakovlev. Today in an increasingly autocratic Russia he's reviled as the man who brought down the Soviet empire—the architect of perestroika and the godfather of glasnost, who, some say, was the puppetmaster manipulating Gorbachev's strings. Yakovlev is acknowledged to have devised the strategy that won Gorbachev the job of Soviet leader. After the Soviet collapse, Yakovlev was the only other man present as Gorbachev negotiated his transfer of power to Russian president Boris Yeltsin. In between, Yakovlev was behind every democratic measure Gorbachev instituted, leading the Pulitzer Prize-winning writer David Remnick to dub him Gorbachev's good angel. His origins were anything but democratic. As a youth, Yakovlev was a faithful Communist who idolized Stalin. By 1970 he had ascended to a position that controlled every media outlet in the Soviet Union, requiring him to plot repressive strategies against such dissidents as Solzhenitsyn and Sakharov. But then a mis-step caused the Party to banish him from Moscow. A disgraced Yakovlev landed in the Cold War backwater of Ottawa working as the Soviet ambassador to Canada. His career should have been over. But Yakovlev's diplomatic posting functioned as an education in Western democracy. He grew fascinated with elections, attended trials and became an expert in the machinations of a market economy. He also

developed a close friendship with Prime Minister Pierre Elliott Trudeau, who helped arrange to bring Mikhail Gorbachev on his first visit to North America. It was in Canada that Gorbachev and Yakovlev struck up their friendship as they strategized for the first time the radical changes known as perestroika. Drawing on interviews with Yakovlev's family and dozens of his friends, as well as never-before-disclosed archival research material, *The Soviet Ambassador* recounts Yakovlev's tortuous evolution from Stalin's acolyte to Stalinism's nemesis, from faithful member of the Communist Party to liberal democrat engineering the same Party's collapse. With profound implications for diplomacy in a conflict-driven age, Yakovlev's story is also a remarkable testament to the power of conviction, and an inspiring account of an underdog overcoming injustice to improve the lives of his fellow citizens.
