Die Texte spiegeln Trumps Philosophie wider, wie man persönlich und beruflich das Beste aus seinem Leben macht. Sie zeigen einen nachdenklichen, reflektierenden Mann. Und sie zeigen, dass man ihn nicht auf seine Twitter-Feeds reduzieren kann.

**Think Like A Champion** Rudi V. Webster, 2013-04-10 The book contains the secrets of success, and it applies as much to most forms of life's endeavour as it does to sport When you understand that pressure is part and parcel of your life and that there are things you can do to control it, you will face up to it in a positive way and use it to your advantage.' -Rahul

Dravid Rudi Webster, a doctor who has done pioneering work in the field of sports psychology, draws up a fail-safe recipe for on-the-ground performance optimization in this remarkable book. He ropes in some of the world's finest sportsmen to explain their own success techniques: Mahendra Singh Dhoni, Rahul Dravid, V.V.S. Laxman, Clive Lloyd, Dennis Lillee, Wasim Akram, Jacques Kallis and Sir Garry Sobers. They talk about the four interconnected pillars that performance in sport is built on: fitness, technique, strategy and mental skill - but, unanimously, they declare that the mental pillar is the most important. At the highest level of sport, it is this skill that determines how well the other components are combined and executed. Dr Webster's book aims to optimize every aspect of a player's form and performance. Through inventive techniques, especially visualization and mental rehearsal, he reinforces the practice of a physical skill so that it is learned more quickly and imprinted more powerfully in the mind - and thus better executed. Says ace cricketer V.V.S. Laxman, 'These two techniques help a player improve dramatically. Every young player should [...] make them an important part of their practice and preparation routine.' This book is all you need to call forth your best performance at the right time.

**Think Like a Champion** David Gaona,2017-02-09 In order to be champion, you have to first want to be a champion. What does being a champion mean? In any walk of life, being a champion is not only winning a championship but also having a winning mentality and giving your all in everything you do. I'm referring to the attitude you train with, you learn with and do anything at all with, no matter how small, because you know that that it will help you achieve the goal of winning the championship. Being a champion is an attitude and not a goal. Being punctual for every appointment, for every training and giving your all each time is a question of attitude. Having the mentality of constant improvement, knowing that you don't know everything and that you aren't perfect either is the attitude of a champion. Establishing priorities in your life, sacrificing your happiness in the short term, paying attention to the small details and the basics is the attitude of a champion. Taking every adversity as an opportunity and never giving up, doing what you are supposed to do in a disciplined way, whether it's raining or you're sleepy or your head hurts or you just don't feel like it or any other excuse that you can come up with is the attitude of a champion. It is never quitting, no matter what the hardships are. It is getting up early every day to train, to study or to read. It is making the most of of your time, being grateful for everything you have and being humble enough to thank the Creator for all the gifts that have been bestowed on you. It is eating and sleeping well every day as if you were playing in the final game for a world championship. It is smiling no matter what the circumstances, accepting your mistakes and constantly learning from them. It is enjoying everything you do and doing it as if it were the last day of your life.

**Think Prepare Play Like a Champion** Jenny Williams,2015-09-09 This book is a practical guide to fast-tracking champions. It requires effort and practice, but when accompanied by an understanding of WHY to use psychology, science, great physical practice and social psychology, it is a powerful tool in getting an edge, developing mastery and forming lifelong relationships. In Part I, we talk about how to think like a champion and how to build champions, using a champion star made up of seven aspects and one central core. In Part 2, we examine each aspect of the champion star in turn, as each star point will give a clue to the behaviour, thinking and preparation of champions. In both Part 1 and Part 2, we learn how to add to the individual's growth by understanding the importance of true expertise, the role of expert feedback and the influence of being part of a group or team. Along the way we learn what top sports science experts, psychologists and scientists have to say about how champions think, prepare and play. You'll be asked questions, given activities to exercise your learning, and given YouTube examples that show how the concepts work. Part 3 then provides practical advice and activities to modify, change and then improve behaviour and results. Finally, the Appendix contains evaluation sheets and lesson plans referred to in the book.
