

Abc De Desarrollo Organizacional

Marco Cascella

El desarrollo organizacional y el cambio planeado Manuel Alfonso Garzón Castrillón, 2005

ABC del desarrollo organizacional Carlos Augusto Audirac Camarena, 1994

Unidades funcionales en oncología Abelardo Meneses García, 2024-11-15 El manejo del paciente con cáncer debe ser multidisciplinario, lo cual es resultado de un mejor conocimiento de la biología tumoral y su traducción clínica, con los efectos sobre el paciente y la necesidad de una mejor atención médica y emocional. Además del alto costo económico de esta enfermedad es indispensable establecer un manejo integral que incorpore todos esos aspectos. Este objetivo es el motivo central de la formación de unidades funcionales en oncología. El manejo integral de un paciente con cáncer puede ser un largo viaje —inclusive décadas— con múltiples escalas y por ello el Instituto Nacional de Cancerología examinó y analizó la situación actual y el trayecto de miles de pacientes que acuden regularmente a sus instalaciones en busca de una esperanza. Las unidades funcionales en oncología son un paradigma de una organización operativa transversal cuyos procesos deben repercutir positivamente sobre la asistencia a los pacientes con cáncer, adicionando un mayor grado de eficacia y eficiencia en los procesos de atención y en el costo económico que ello conlleva. El personal que labora en esta institución cuenta con experiencia extraordinaria, lo cual ha permitido enfrentar el reto que representa el cáncer en nuestro país.

Mejoramiento continuo de procesos Oswaldo Ortega, 2017-12-14 La obra que se presenta responde a dos necesidades que son importantes para su autor. La primera se refiere a la necesidad de incorporar al mundo de la Administración, la Gerenciología, la Ingeniería y la Tecnología, una obra que abarque un importante cúmulo de saberes, definiciones, experiencias y ejemplos sobre el complejo mecanismo de mejorar continuamente los procesos técnicos y administrativos en el mundo de las operaciones de producción (destinadas a la fabricación de bienes y materiales), la servucción (la prestación de servicios) y la informática (el brindar u ofrecer información y comunicaciones). La segunda se refiere a una necesidad personal. El autor ha tenido oportunidad de obtener un nivel académico que le ha permitido ocupar cargos operativos y ejecutivos en organizaciones privadas y públicas, y asociado en oficinas de consultoría, asesoría y proyectos. Su interés en divulgar lo aprendido y enseñado, lo ha llevado a consolidar su trabajo de compilación, análisis y ordenamiento de sus monografías, apuntes de clase, ejercicios, evaluaciones, informes técnicos y charlas formativas sobre este importante tema del cual existen contadas obras publicadas.

Diccionario para Emprendedores Edwin Tarapuez Chamorro,Luz Mery Sánchez Sánchez,Rubén Dario Ángel López,2014-01-01 El tema del Emprendimiento y la formación de Emprendedores está de moda en América Latina. Muchos autores, sin embargo, argumentan que más que una moda es una necesidad para promover la creación de más y mejores empresas que jalonan el desarrollo económico y social de nuestros países. Lo cierto es que en toda América Latina, de una u otra manera, se está hablando de los Emprendedores y de las diversas estrategias que se deben implementar para promoverlos efectivamente. El diccionario que aquí se presenta es en realidad un producto que tiene como objetivo brindar la mayoría de definiciones que puede necesitar un Emprendedor en el camino hacia la creación de su propia empresa o el mejoramiento de una ya existente, Ya que de hecho muchos de los Emprendedores no son estudiantes o profesionales de las ciencias económicas y administrativas, o han tenido un escaso contacto con ellas. El texto es fruto del ejercicio profesional e investigativo de los autores y de sus reflexiones sobre las palabras y términos que pueden serle útiles a quienes tienen previsto ser empresarios o que ya lo son pero necesitan aclarar muchas palabras y términos que constantemente se encuentran en el ejercicio de su profesión emprendedora. El diccionario contiene los principales términos que un Emprendedor debe conocer o manejar alrededor de los siguientes aspectos; Emprenderismo; Plan de Negocios; autores y profesionales que estudian el papel del Emprendedor; principales términos sobre contabilidad, finanzas, indicadores, administración, mercadeo, economía, estadística, legislación y bolsa de valores; principales instituciones nacionales e internacionales que apoyan a los Emprendedores; eventos académicos y comerciales más importantes para Emprendedores; siglas y abreviaturas comúnmente utilizadas en creación de empresas, economía y negocios; y principales leyes y normas que

regulan y fomentan la actividad emprendedora en Colombia. El presente diccionario tiene aproximadamente 3.
