Atomic Habits James Clear, 2018-10-16 The #1 New York Times bestseller. Over 25 million copies sold! Translated into 60+ languages! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

PREORDER NOW\*\*\* THE PHENOMENAL INTERNATIONAL BESTSELLER: OVER 25 MILLION COPIES SOLD WORLDWIDE Transform your life with tiny changes in behaviour, starting now. People think that when you want to change your life, you need to think big. But world-renowned habits expert James Clear has discovered another way. He knows that real change comes from the compound effect of hundreds of small decisions: doing two push-ups a day, waking up five minutes early, or holding a single short phone call. He calls them atomic habits. In this ground-breaking book, Clear reveals exactly how these minuscule changes can grow into such life-altering outcomes. He uncovers a handful of simple life hacks (the forgotten art of Habit Stacking, the unexpected power of the Two Minute Rule, or the trick to entering the Goldilocks Zone), and delves into cutting-edge psychology and neuroscience to explain why they matter. Along the way, he tells inspiring stories of Olympic gold medalists, leading CEOs, and distinguished scientists who have used the science of tiny habits to stay productive, motivated, and happy. These small changes will have a revolutionary effect on your career, your relationships, and your life. \_\_\_\_\_ A NEW YORK TIMES AND SUNDAY TIMES BESTSELLER 'A supremely practical and useful book.' **Summary and Analysis** Black Book,2018-10 Summary of Atomic Habits In Atomic Habits: An Easy & Proven Way to Build Good Habits and Break Bad Ones, James Clear explains the concept of habits at an atomic level. The book prioritizes habit building over goal setting and outlines various pros and cons of the two. Instead of making massive changes in any particular area, a greater effect can be reached by making numerous small changes. In place of one big 10% improvement, you can make dozens of small 1% improvements that when added together have a much larger impact. The book breaks down the 4 steps of habits: cue, craving, response, and reward, and then further explains the psychology behind why habits hold so much power. The book goes into considerable detail for both how to develop and stick with positive habits, and how to identify and shake off bad habits. Not every positive habit is without flaws. There can be unexpected downsides, even to outright mastery. James Clear elucidates a number of ways to keep positive habits from stagnating and keep your priorities in focus. The goal of a positive habit is to have it eventually become automatic. The way to achieve habit automation is through repetition. A habit will never become automatic through the passage of time alone. There are a number of techniques and strategies that can be employed in habit development, and even technology can play an important role in sticking with a positive habit. for more information click on BUY BUTTON tag:atomic habits james clear,atomic habits book james clear,book atomic habits,book atomic,atomic habits book,james clear,james clear atomic habits,james clear habit
