

Bohme Trumpet Concerto

Ensheng Dong

East Meets West Edward H. Tarr, 2003 The waning years of the Russian Empire witnessed the development of a rich tradition of trumpet playing. Noted trumpet scholar and performer Edward Tarr's latest book illuminates this tradition, which is little known in the West. Tarr's extensive research in hitherto inaccessible Russian archives has uncovered many documents that illuminate the careers of noted performers. These documents are reproduced here for the first time. A concise chronological summary of Russian political and musical developments provides an effective backdrop for this inventory of trumpeters. The author ably demonstrates how profoundly Russian trumpet-playing and pedagogy were influenced by emigrées, particularly from Germany (Wilhelm Wurm, Willy Brandt, Oskar Böhme), and how Russian-born trumpeters like Vladimir Drucker subsequently influenced the American musical scene. In his *Lexicon of Trumpeters*, both Russian and 'Foreign,' Active in Russia, Tarr supplements his own research with information from valuable but obscure secondary sources in Russian. This lexicon carries the story into the late twentieth century, and includes modern legendary figures such as Timofey Dokshizer. Members of the International Trumpet Guild will receive a discount of 15% on purchases of this title.

The Trumpet John Wallace, Alexander McGrattan, 2012-01-31 In the first major book devoted to the trumpet in more than two decades, John Wallace and Alexander McGrattan trace the surprising evolution and colorful performance history of one of the world's oldest instruments. They chart the introduction of the trumpet and its family into art music, and its rise to prominence as a solo instrument, from the Baroque golden age, through the advent of valved brass instruments in the nineteenth century, and the trumpet's renaissance in the jazz age. The authors offer abundant insights into the trumpet's repertoire, with detailed analyses of works by Haydn, Handel, and Bach, and fresh material on the importance of jazz and influential jazz trumpeters for the reemergence of the trumpet as a solo instrument in classical music today. Wallace and McGrattan draw on deep research, lifetimes of experience in performing and teaching the trumpet in its various forms, and numerous interviews to illuminate the trumpet's history, music, and players. Copiously illustrated with photographs, facsimiles, and music examples throughout, *The Trumpet* will enlighten and fascinate all performers and enthusiasts [Publisher description].

Brass Scholarship in Review Stewart Carter, 2006 *Les journées de cuivres anciens* (Early Brass Days), the Historic

Brass Society conference at the Cité de la Musique in Paris, attracted performers, scholars, educators, and students of early brass from various parts of Europe and the United States. Brass Scholarship in Review provides a record of the scholarly side of the conference, including reports on roundtable discussions as well as individual papers from leading authorities on early brass. Articles cover a wide range of interests, from the historical to the technical, from the Renaissance to the twentieth century. There are articles on such diverse topics as early hunting horn signals, trumpeters in Renaissance Parma, early recordings, trumpet acoustics, and the characteristics of metals used in early instrument manufacture. The volume is particularly rich in nineteenth-century topics, including ground-breaking work on Adolph Sax as leader of the banda of the Paris Opéra and recent discoveries relating to the Gautrot firm of instrument makers.

Russian Trumpet Concertos Michael Bryan Reeves,2014 This manuscript accompanies an audio cd recording of four Russian concertos for trumpet: Concerto in F Minor, Op. 18, by Oskar Bohme (1899); Concerto for Trumpet and Orchestra, Op. 41, by Aleksandr Gedike (1930); Concerto for Trumpet and Orchestra by Aleksandra Pakhmutova (1955/ 2nd ed. 1978); and Concerto for Trumpet and Orchestra by Aleksandr Arutiunain (1950). These concertos have been featured on other recordings of Russian trumpet music, though not all of the composers are Russian-born, and they are generally known as such among the trumpet community. Additionally, these pieces share a number of characteristics including elements of formal design, extensive use of the minor mode, and considerable demands of technical virtuosity and mature lyricism on the part of the performers. The manuscript provides a brief biographical history of each composer as well as a detailed discussion of the form and central themes of each piece.
