Opening the Windows of Your Soul James Cantelon,2024-01-10 Have we forgotten how to pray? Have we forgotten the purpose of prayer? There is a huge need to rediscover prayer--to rediscover the genius of the greatest template ever presented to mankind: the Lord's Prayer. Why? Because Jesus is the ultimate teacher, who brings us back to the basics and coaches us in praying the Lord's will--not ours. This book will encourage the reader to confidently pray God's will, not theirs. Meditating on the Lord's Prayer will lead the reader from a frustrating exercise in wish fulfillment to faith in the Lord's sovereignty that God does what is best. Prayer as a means to instant gratification or a pleading for a cause will yield to prayer as an expression of partnership with the Lord, providing a calm sense of spiritual security. Those who pray will be secure in the knowledge that the Lord's will is being done. James Cantelon's reaffirming of the power of the Lord's Prayer is informed by more than fifty years of Christian ministry, researching the scriptures, and ministering to the needy and spiritually insecure. His perspective is informed by four decades of praying with various and foreign cultures (Israel, many African nations, and India).

Sow Seeds of Wisdom K.A. Bloch,2024-05-29 In her multiple award-winning second book, *Scatter Seeds of Kindness*, author and poet K. A. Bloch encouraged readers to spread kindness to others and to themselves. In *Gather Seeds of Hope*, the author's award-winning third book, she encouraged readers to hold onto hope for themselves, but also give some away to those in need. In *Sow Seeds of Wisdom: A Collection of Inspirational Stories That Just Happen to Rhyme*, the author shares little bits of her wisdom and knowledge, while also encouraging readers to evaluate what they have learned on their own journey—and to pass what they have learned along to others. Wisdom, like kindness and hope, is meant to be shared. Told in her usual lighthearted, slightly self-deprecating manner, the author shares wisdom through both prose and poetry on such topics as common sense, betrayal, things we keep hidden—or choose not to reveal, things we hold onto long after we should have let them go, and spirituality, among many other topics. Sometimes deep and profound; sometimes lighthearted and humorous; the poems in *Sow Seeds of Wisdom* always provide fresh insights for the reader to learn from and ponder.

The Christos Grail Averill Nicole Richardson,2025-03-21 What would you do if you were personally offered a psycho-spiritual destiny? The author claims this happened to her in 1994. The invitation came in the form of a channelled psychic

message when she consulted a New Age healer about her husband's ill health. She was asked if she would like to become a 'teacher of teachers'. Interpreting this to mean a career move into a university or some other august institution of higher learning, the author replied, "Yes, I'd like that." Little did she understand what she'd agreed to. The Christos Grail is an autobiographical account of the adventure which followed her husband's death. She received regular channelled psychic feedback and clues from her Guiding Angel and late husband through many different human mediums. Her search for answers led her to Sophia, the Grail Goddess and the energy source of the Christos. She concluded that Christ-consciousness is another way of describing divine self-awareness, which is available to all who genuinely seek it.

A Cubism Reader Mark Antliff, Patricia Dee Leighton, 2008 This definitive anthology covers the historical genesis of cubism from 1906 to 1914, with documents that range from manifestos and poetry to exhibition prefaces and reviews to articles that address the cultural, political, and philosophical issues related to the movement. Most of the texts Mark Antliff and Patricia Leighton have selected are from French sources, but their inclusion of carefully culled German, English, Czech, Italian, and Spanish documents speaks to the international reach of cubist art and ideas. Equally wide-ranging are the writers represented--a group that includes Guillaume Apollinaire, Gertrude Stein, Jean Metzinger, Albert Gleizes, Fernand Léger, Francis Picabia, André Salmon, Raymond Duchamp-Villon, Henri Le Fauconnier, and many others.--Publisher description.
