Jon Winokur

If You're Not The Lead Dog, The View Never Changes William R. McKenzie, Jr.,2011-09-30 This book is about leadership for middle school and high school students; nothing more, nothing less. This book has a singular focus, to make students aware of how critical the concept of leadership is to their personal happiness and success. I have been there, done that; it may have been a different time in history, but lots of teen challenges nonetheless. Yes, times have changed and personal, family and societal issues may now have different priorities and obstacles, but the need to be an effective leader remains paramount. So, whether its 1967 or 2011, some things remain the same. This book covers 10 key leadership attributes. There are certainly many more, but I have chosen a select 10 that I think every young adult should master to become an effective leader, not just for their school years, but for a lifetime beyond. Leadership is, without question, one of the more critical ingredients to anyone's personal and professional success. There simply is no substitute. If we all desire to achieve some measure of happiness and success in our lives, then becoming an effective leader is a must.

Road Map to Tomorrow: It's Easier to Get There If You Know Where You're Going John Morgan Mullen,2022-12-12 Change how a person thinks, and you will change how they feel. Change how they feel, and you will change how they perform. Change how they perform and you will change the results. Change the results and you will change their lives. This quote from R. W. Ross perfectly exemplifies my vision and dreams for Road Map to Tomorrow. Road Map to Tomorrow was inspired by the responsibility of my generation to transfer the knowledge of the past while laying the foundation for the technology of the future. The generational shift together with our exploding technology and gentrification of our world and everything in it. You will either be prepared or you won't. You will either adapt or you will professionally die. This book creatively provides a technology road map that takes you into the future with contributions from over 100 scientific experts providing you with insights into the future. Their studies and opinions touch on everything from computers to robots, medical science to nanotechnology, transportation to education, employment to politics, and entrepreneurial opportunities to love. Our new world is exciting! It presents an abundance of opportunities the likes of which we have never seen. Change can cause both devastation and opportunity and those that prepare, learn to react, and position themselves professionally (I feel like there is a better adverb to use) will be light years ahead on their journey to success. This book is your personal Road Map to Tomorrow. Revised About the Title: Change how a person thinks, and you will change how they

Baby, Don't Hurt Me Chris Kattan, Travis Thrasher, 2019-05-07 You may know him as Mango, Mr. Peepers, the gibberish-spouting Suel Forrester, or one half of the head-bopping brothers in A Night at the Roxbury. Maybe you remember him as the forlorn gothic kid Azrael Abyss, Gay Hitler, or the guitarist in the More Cowbell sketch. Whichever it is, Chris Kattan has earned a spot in the hearts of a generation of comedy fans. Chris Kattan has defied comparison, expectations, and sometimes gravity with his inimitable style of physical comedy. By creating some of the most memorable Saturday Night Live characters, as well as his many roles in film and television, Kattan has remained one of the most fearless and versatile comedians in the world. Not long after Chris was labeled one of the improv group Groundlings' must-see performers in the company, he was cast on SNL—and within the first six weeks, Chris's film career also took off. Now, for the first time, Kattan opens up about eight seasons on SNL, performing alongside friends and future legends including Will Ferrell, Jimmy Fallon, and Tina Fey, and guest hosts from Charlize Theron to Tom Hanks to David Bowie. He also shares stories of his unusual childhood (involving a secluded mountain with zen monks) with Leonard Cohen and Alan Watts. Baby, Don't Hurt Me offers an unprecedented look into Chris's life, from his fascinating relationship with Lorne Michaels, a private Valentine's Day dinner with Tom Cruise and Katie Holmes, an unforgettable flight with Beyoncé, and even breaking his neck on live television. Baby, Don't Hurt Me is a candid, revealing memoir from a timeless comedian and a window into the world of millennium-era SNL, from the rehearsals to the after-after parties, as narrated by your hilarious and inspiring friend—who just so happened to be there for all of it.
