**Philip D. Birkitt**

**Achtung Spitfire: Luftwaffe over England** Hugh Trivett, 2016-09-23 14 August 1940, which Hitler code-named 'Adlertag', or 'Eagle Day', was fated to become one of the most significant days in the Battle of Britain. It signified the start of the Luftwaffe's aerial offensive, planned to cripple Britain and clear the path for the German troops amassed in readiness for invasion. The Luftwaffe sent out waves of unescorted bombers to attack difficult and long-range targets by daylight, hoping to confuse and split the fighter defences with the small but numerous bomb formations. The tactic was a calculated gamble and one that cost the Germans deeply. Despite successes in attacking and damaging airfields, the losses were severe and the following day Goering vetoed such tactics, now convinced his bombers could never operate over Britain without fighter cover. Using first-hand recollections of both Luftwaffe and RAF pilots as well as local witnesses to the day's action, gleaned from interviews and written accounts and with many unpublished photographs, Hugh Trivett has collated the definitive record of Eagle Day.

**Reaping the Whirlwind** Dominic Etzold, 2023-08-23 The definitive history of submarine warfare off the North American coast in the summer of 1918. When America declared war on Germany in 1917, it unleashed a resumption of unrestricted submarine warfare off the North American coast. Until now, German naval records have not been extensively utilized in English-language histories of this brief but intense period of naval combat in the Atlantic. By studying and comparing both American and German archival sources, author Dominic Etzold has constructed the first balanced narrative history of the operation that is equally engaging, modern, and revelatory.

**Guadalcanal Legacy, 50th Anniversary, 1942-1992** Philip D. Birkitt, 1992 Artist James Tissot compiled photographs of his work in three albums, which are reproduced in this book.
