

Is Prince William Antichrist

George William Foote

The G Antichrist GOD'S Handmaiden Petra, 2018-02-19 Gods Handmaiden Petra has received many new revelations from the Heavenly Father. New in the sense that certain teachings are not like the church has portrayed them and preachers have been teaching them.. This knowledge was in the pages of the Bible all the time but only now, the time of HIS COMING, have they been opened to our understanding as the former and the latter rain is falling. The Bible discloses dual meaning to the falling away; new meaning to the restrainer; new meaning to signs and wonders; new meaning to the 144,000; new meaning to the Rapture and Second Coming and what this book is about the revealing of the name of the person who will embody Satan himself. The Bible teaches that there would come a time before the catching up of the Bride that this man of sin would be revealed. This is a must read for everyone who is looking for the Blessed Hope of the soon return of the one true God, Lord, Priest and King of the World Jesus/Yeshua. As Scripture is opened to your understanding you will see why, only now, is it time for this man to be truthfully named and is not just many peoples speculation of who he might be. This author tells how she knows, without a doubt, who he is. If you have watched the HBO television series The Young Pope, you will see what Satans Prophets predict are in store for this world in the very near future. This author names The Young Pope they are teasing the world about and tells how she knows who he is and it is not someone anyone else has ever named. She has a true life testimony and witness of who he is.

A Second Look at the Second Coming T. L. Frazier, 2005-05-25 Read a balanced, well-researched treatment of the end times, interpreted from the Christian East by faithful Orthodox saints, martyrs, and Spirit-filled Fathers of the Faith. Historic Christian teaching on the rapture, the millennium, the state of Israel, and the role of the Church in the last days.

Questions About the End Times S. Michael Houdmann Houdmann, 2015-06-19 Wars and rumors of wars, blood moons, natural disasters, the onslaught of terrorism, spreading heresies the news is filled with reports of such things. But which of them are truly signs of the times, according to biblical prophecy? God says, I make known the end from the beginning, from ancient times, what is still to come (Isaiah 46:10). The One who knows the future has revealed much about it in His Word, the Bible. This book contains one hundred questions concerning the end times, answered from a biblical perspective. How can I understand the book of Revelation? What is Israels role? What is the rapture? Should I be worried about 666? Are we living in the end times? We dont have all the details of what will happen, but this book will point you consistently to the Bible for

answers. The student of Scripture should have an advantage when it comes to prophecy: You, brothers and sisters, are not in darkness so that this day should surprise you like a thief (1 Thessalonians 5:4). Eschatology is a fascinating and beneficial study. Following current events is sometimes like watching pieces of a puzzle fall into place. We know Gods purposes will stand and what He has decreed will come to pass.

Eden: The Knowledge Of Good and Evil 666 Volume 2 Dr. Joye Jeffries Pugh, 2018-05-28 EDEN - The Knowledge of Good and Evil 666 is a comprehensive story of good and evil-brilliantly told, thought provoking, enlightening, and uniquely timely! Dr. Joye Jeffries Pugh has a tenacious grip on the history of the continuing journey of good and evil. This is a one-of-a-kind book paralleling the history of the Garden of Eden, with a Christian view, to the present time, with a credible exposé of the New Age Agenda for exactly what it is. This book is a must read for all people with inquiring minds, whether or not one agrees with all of the presented premises. Recognizing the evil forces that have brought us to this moment in history, the author presents a sense of awareness not seen in most publications today.

The Lord's Code Angelo Portelli, 2015-11-30 This is a book that shows you a full-sized panoramic drama unfolding in full detail through the eyes of the Lord, from the first day of creation to that dreadful day of Armageddon. It's a reliable cipher of riddles that humanity has confronted and stumbled upon throughout history. It is a tool of the Almighty God, one that smites and slashes all the theories and hypotheses that science and skeptics alike have produced in order to mislead humanity. Our generation is knowingly walking on a tightrope and freely accepts the deceptions of fraudulent people seeking wealth and fame. These puppets, who belong to the kingdom of darkness, will eventually lead us into the abyss of eternal damnation. This book is one of the tools that should wake up this generation to action. To those who have ears, The Lord's Code is the pathfinder to the Living God. It's a guide for you to follow, one that should help you to observe His Commandments and to respect, read and accept the Word of the Almighty God written in Holy Scripture. There are two entities that are constantly fighting for your soul, good and evil! Your future lies on a pair of scales: which way it will go depends on your choice! One final word: In one of the chapters, there is an eerie hidden message address to the Western world!

The End of the Age Frederick Guttman, In the first part of 'Apocalypse, Remote Vision' we have observed the points that deal with what is related to the 'Great Tribulation' that our world will live and even the elect and faithful (so that with this many may be perfected, and likewise many other lukewarm awaken). I have told you that the basis of these two end-world books is intuition, premonition, visions, revelations, dreams, extrasensory perception and remote viewing regarding things to come, and I have chosen many topics that I have been able to compare and link with each other. There are other popular people who have seen remarkable things, but some of them are not the subject that I am dealing with here at the moment, or they are not entirely clear. There are others from which data can be taken with tweezers, as is the case of Mrs. 'Baba Vanga', a Bulgarian citizen who predicted many things in her time. She is said to have given specific dates for future events, but the

times and sequences attributed to the events predicted by her are exaggerated and mixed up in their temporal location. Baba Vanga would have died on August 11, 1996, at the age of 85, and the only allusion that seems coherent that he gave for just after his death is the one that defines that by 2018 the nation of China would become the new power world. Even so, we will see that this will not be exactly the case, despite the fact that it is now the global economic power - and perhaps the second or third military power on our planet. If we remove the dates that he is supposed to have mentioned, and simply refer to his warnings, then we do have logical citations and which coincide with a host of other prophecies. Vanga is said to have prophesied that after China became the world power, the subsequent thing would be that the Earth's orbit would change slightly; I would also have argued that then Europe would have serious demographic problems, that hunger would slowly become a problem for humanity, that there would be polar melting and strong sea level rise, and the like. It is also said that he warned that later the world economy would improve remarkably while in Europe the Muslims dominate. We already know that this has to do with the new currency and the Islamic invasion, but Vanga adds something strange...

The Bible's Tare and Blind Spot Steven Iruthaya, 2012-08 For many of us, theology, rather than the Bible itself, comprises our knowledge of God. This knowledge, however, is a gift from the Holy Spirit. In order to find it, we must allow the Holy Spirit to direct us when we read the Bible instead of relying upon theologians' interpretations. The Bible's Tare and Blind Spot takes a hard look at the diverse, complex, and sometimes incompatible beliefs of various Christian groups. Author Steven Iruthaya shares how portions of the Church have misrepresented and misapplied the teachings in the Scriptures over the past two thousand years. Through analysis, he contends that religious leaders have agendas that they do not always make clear. Iruthaya raises a number of significant issues that have caused discussions and controversies throughout the history of the church. He briefly explores early, middle, and modern Christianity's doctrines and then focuses on pertinent topics such as the Holy Spirit, the life of Jesus, the Ten Commandments, and more. His conclusions are challenging and, for some, perhaps provocative. An informative treatise on Christianity, The Bible's Tare and Blind Spot calls Christians to challenge their long-held assumptions and, in doing so, find greater faith.
