

Plain Speech Style Korean

Michael Rajnik

The Korean Language Iksop Lee, S. Robert Ramsey, 2000-01-01 An accessible, comprehensive source of information on the Korean language--its structure and history to its cultural and sociological setting.

The Cambridge Handbook of Korean Linguistics Sungdai Cho, John Whitman, 2022-08-25 The 'Korean wave' in music and film and Korea's rise to become the twelfth economic power in the world have boosted the world-wide popularity of Korean language study. The linguistic study of Korean, with its rich syntactic and phonological structure, complex writing system, and unique socio-historical context, is now a rapidly growing research area. Contributions from internationally renowned experts on the language provide a state-of-the-art overview of key current research in Korean language and linguistics. Chapters are divided into five thematic areas: phonetics and phonology, morphology and syntax, semantics and pragmatics, sociolinguistics and psycholinguistics, and language pedagogy. The Handbook includes cross-linguistic data to illuminate the features of Korean, and examples in Korean script, making it suitable for advanced students and researchers with or without prior knowledge of Korean linguistics. It is an essential resource for students and researchers wishing to explore the exciting and rapidly moving field of Korean linguistics.

Introduction to Korean as a Second Language EunHee Lee, 2024-07-31 Introduction to Korean as a Second Language introduces the basic linguistic make-up of Korean and provides basic knowledge of second language acquisition and up-to-date research on how Korean is learned by adult second language learners (L2 Korean learners). The book synthesizes the existing research and suggests future directions for this relatively new but rapidly growing field. The book covers topics such as the Korean sound system, word and phrase structures of Korean, and meaning in Korean, making it a great resource for those who want to deepen their understanding of the Korean language. This textbook is ideal for use in Korean linguistics courses, and teaching and learning Korean as a foreign language courses. The book would also be good supplementary material for Korean language classes.

The Korean Verb - Structured and Complete Dick Grune, Seongyeon Cho, 2019-11-19 The Korean Verb - Structured and Complete provides an in-depth, systematic, and structured presentation of the Korean verb and its verb forms, a notoriously complex area for learners of the language. The book presents learners with a method that simplifies the forming and understanding of Korean verb forms. The method is based on encapsulating the irregularities in the verb forms in three

stem forms for each verb. After introducing the three-stem method, the subsequent chapters apply this method to the three verb classes, consonant stems, vowel stems, and □-stems. The book has three main features: the three-stem method; the complete treatment of irregular and similar regular verbs; and a complete dictionary of over 200 verb endings and suffixes. Each is useful in its own right; together they embody a complete understanding of the Korean verb form. The book is of prime interest to anybody who is involved in studying or teaching Korean, and more in particular to the intermediate and advanced student who likes to have a systematic way to tackle all Korean verb forms.

Speed up your Korean Lucien Brown,Jaehoon Yeon,2016-05-20 Word order, honorifics, terms of addresses and idiomatic expressions are just some of the areas that cause confusion for students of Korean. Learning how to avoid the common errors that arise repeatedly in these areas is an essential step in successful language learning. Speed Up Your Korean is a unique and innovative resource that identifies and explains these errors, enabling students to learn from their mistakes while enhancing their understanding of the Korean language. Key features: Carefully selected grammar topics and examples based on the most commonly made errors Comprehensive explanations of the most difficult grammar points help learners gain an in-depth understanding of Korean grammar and usage Exercises throughout reinforce learning and link theory to practice Suitable both for classroom use or self-study, Speed Up Your Korean is the ideal resource for all intermediate learners of Korean wishing to refine their language skills.

The Handbook of Korean Linguistics Lucien Brown,Jaehoon Yeon,2019-02-06 The Handbook of Korean Linguistics presents state-of-the-art overviews of the linguistic research on the Korean language. • Structured to allow a range of theoretical perspectives in addressing linguistic phenomena • Includes chapters on Old Korean and Middle Korean, present-day language policies in North and South Korea, social aspects of Korean as a heritage language, and honorifics • Indispensable and unique resource not only for those studying Korean linguistics but cross-linguistic research in general

Translation and Literature in East Asia Jieun Kiaer,Jennifer Guest,Xiaofan Amy Li,2019-05-07 Translation and Literature in East Asia: Between Visibility and Invisibility explores the issues involved in translation between Chinese, Japanese and Korean, as well as from these languages into European languages, with an eye to comparing the cultures of translation within East Asia and tracking some of their complex interrelationships. This book reasserts the need for a paradigm shift in translation theory that looks beyond European languages and furthers existing work in this field by encompassing a wider range of literature and scholarship in East Asia. Translation and Literature in East Asia brings together material dedicated to the theory and practice of translation between and from East Asian languages for the first time.

Korean Sungdai Cho,John Whitman,2020 A lively and fascinating introduction to the sound, structure, and history of Korean.

Studies in Korean Linguistics Young-Key Kim-Renaud,Noam Chomsky,1986

Korean Grammar Hyŏn-bok Yi, 1989 Written with Western readers in mind, this concise but comprehensive reference grammar covers many aspects of modern standard Korean, ranging from detailed descriptions of speech sounds, intonation, and rhythm in relation to grammar and syntax, to in-depth analysis of verb structure and the verbal phrase. Numerous examples and illustrations are also included.

A Phonological Study of Korean Seung-bog Cho, 1967

Integrated Korean, 2001

Modern Korean Syntax Eung-Jin Baek, Canadian Society for Korean Linguistics and Language Teaching, 1984

An Introductory Course in Korean Fred Lukoff, 1993

The Korean Language Jae Jung Song, 2005-09-08 Suitable for students of all levels, this book provides a general description of the Korean language by highlighting important structural aspects whilst keeping technical details to a minimum. By examining the Korean language in its geographical, historical, social and cultural context the reader is able to gain a good understanding of its speakers and the environment in which it is used. The book covers a range of topics on Korean including its genetic affiliation, historical development, sound patterns, writing systems, vocabulary, grammar and discourse. The text is designed to be accessible, primarily to English-speaking learners of Korean and scholars working in disciplines other than linguistics, as well as serving as a useful introduction for general linguists. The book complements Korean language textbooks used in the classroom and will be welcomed not only by readers with a wider interest in Korean studies, but also by Asian specialists in general.

Handbook for Teaching Korean-American Students, 1992 This handbook is designed for teachers, administrators, and other school personnel. It provides an explanation of the sociocultural and linguistic characteristics of Korean-Americans so educators can address their needs more effectively and orchestrate a better teaching environment by understanding and supporting the Korean-American cultural heritage. The first chapter provides background information to help readers understand Koreans' experiences in Korea and patterns of immigration to the United States. The second chapter describes educational and sociocultural factors in the Korean language group, focusing on Korean educational traditions and patterns, language experience in the Korean-American community, and key interpersonal relationships in the Korean-American culture. Chapter 3 details some Korean linguistic characteristics and their relationship to culture. Instructional and curricular strategies for this population are outlined in the fourth chapter, with attention given to the role of bilingualism, factors in language development, transfer of literacy, language program planning, and reading instruction. A glossary and an annotated bibliography of general references and Korean literature and language materials are also presented. Appended materials include a ranking of California school districts by Korean-American enrollment; lists of educational and cultural

resources; and a list of Korean holidays, ceremonies, and festivals. (MSE)

Myōngdo's Korean Anthony V. Vandesande, Yunsook Hong, 1991 Ideal for beginning to low intermediate. Myongdo's Korean takes a practical approach to starting studies in the Korean language. With numerous realistic examples of Korean conversation and writing, this series helps establish a strong foundation in the language. The authors also present a thorough explanation of grammar, customs and cultural aspects of Korea. In limited supply.
