Building Financial Empowerment for Survivors of Domestic Violence Judy L. Postmus, Amanda M.

Stylianou, 2023-02-10 Little of the research on domestic violence has sought to either fully understand the impact of financial abuse or to determine which intervention strategies are most effective for the financial empowerment of survivors. Building Financial Empowerment for Survivors of Domestic Violence aims to address this critical knowledge gap by providing those who work with survivors of domestic violence with practical knowledge on how to empower the financial well-being and stability of survivors.

Overcoming the Stigma of Intimate Partner Abuse Christine E Murray, Allison Crowe, 2016-11-10 Overcoming the Stigma of Intimate Partner Abuse addresses the impact of the shame surrounding intimate partner violence and the importance of actively challenging this stigma. Through examples of survivors who have triumphed over past abuse, the book presents a new way to understand the dynamics of abusive relationships as well as demonstrates the strength, resourcefulness, and resilience of victims and survivors. Overcoming the Stigma of Intimate Partner Abuse offers professionals, survivors, and communities an action plan to end stigma, support survivors, advocate for better response systems, raise awareness about abuse, and prevent violence.

Criminalising Coercive Control Vanessa Bettinson, Ronagh McQuigg, 2023-08-07 Drawing on experiences from other jurisdictions within the UK, Criminalising Coercive Control explores the challenges and potential successes which may be faced in implementing Northern Ireland's new domestic abuse offence. A specific offence of domestic abuse was introduced in Northern Ireland in March 2021. This represents a crucial development in Northern Ireland's response to domestic abuse. The new legislation has the effect of criminalising coercive and controlling behaviour, thereby bringing Northern Ireland into line with other jurisdictions within the UK, and also with relevant human rights standards in this regard. The book begins with a discussion regarding the offence itself and the underpinning domestic abuse policy in Northern Ireland. Subsequent chapters explore further measures which may be needed to respond effectively to domestic abuse in Northern Ireland, by drawing upon the experiences of other jurisdictions of criminalising coercive control. These reflections are considered through the lenses of policing, prosecutorial practice and frontline domestic abuse working. Criminalising Coercive Control will be of great interest to students and scholars in a variety of fields, such as criminal law, criminology, social policy, human

rights, family law, gender studies and sociology. The book is also accessible beyond academia, including practitioners and those in the voluntary sector who are working in the area of combating domestic abuse.

The Routledge Companion to Gender, Media and Violence Karen Boyle, Susan Berridge, 2023-08-25 With the heated discussion around #MeToo, journalistic reporting on domestic abuse, and the popularity of true crime documentaries, gendered media discourse around violence and harassment has never been more prominent. The Routledge Companion to Gender, Media and Violence is an outstanding reference source to the key topics, problems and debates in this important subject and is the first collection on media and violence to take a gendered, intersectional approach. Comprising over 50 chapters by a team of interdisciplinary and international contributors, the book is structured around the following parts: News Representing reality Gender-based violence online Feminist responses The media examples examined range from Australia to Zimbabwe and span print and online news, documentary film and television, podcasts, pornography, memoir, comedy, memes, influencer videos, and digital feminist protest. Types of violence considered include domestic abuse, honour-based violence, sexual violence and harassment, female genital mutilation/cutting, child sexual abuse, transphobic violence, and the aftermath of conflict. Good practice is considered in relation to both responsible news reporting and pedagogy. The Routledge Companion to Gender, Media and Violence is essential reading for students and researchers in Gender Studies, Media Studies, Sociology, and Criminology. Chapter 30 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non-Commercial (CC-BY-NC) 4.0 license.

The Domestic Violence Sourcebook Dawn Bradley Berry, 1998 Gives effective options to help stop the abuse and violence.

The Language of Battered Women Carol L. Winkelmann, 2004 This study of battered women living in a shelter offers a rhetorical analysis of survivors' personal theologies. Author Carol L. Winkelmann holds that while it is virtually ignored in the domestic violence literature, the Christian heritage of many battered women plays a significant, if complicated, role in their language, thoughts, and lives. The women's religious faith serves not only to sustain them through periods of profound suffering, but also to develop solidarity with other culturally-different women in the shelter. Designed to assist women to greater independence, the shelter actually functions as a culture of surveillance where women turn to one another and to their faith to cope with the trauma of violence. To heal, the women engage in dialogue that is dense in religious imagery, talking about the relationship of God and the church to suffering and evil. At the same time, these women also acknowledge that organized religion is very much involved in the maintenance of patriarchal marriage and its attendant abuses in their own lives. Together, battered women are sometimes able to construct creative theological responses to the problem of suffering and evil. A mix of religious and secular languages compels them to devise new ways of thinking about their role in family, church, and society.

Suing for Silence Mandi Gray,2024-03-01 Suing for Silence is a groundbreaking examination of how men accused of sexual violence use defamation lawsuits as a weapon to silence those who attempt to hold them accountable. As Mandi Gray demonstrates, Canadian defamation law helps perpetuate the myth that false allegations of sexual violence are common. Gray draws on media reports, courtroom observations, and interviews with silence breakers, activists, and lawyers to examine the societal and individual implications of so-called liar lawsuits. She argues that their purpose is not to achieve justice but to intimidate, silence, and drain the resources of those who speak out against sexual violence and even report their own assaults – and to discourage others from doing the same. This meticulous work reveals the gendered underpinnings of Canadian defamation law, which has long protected men’s reputations at the expense of women’s sexual autonomy. Sexual violence discourse must have adequate protection if it is to be heard.

British Humanities Index ,2006

Awakening Rachel B. Vogelstein,Meighan Stone,2021-07-13 Foreword by Tarana Burke. Awakening chronicles the remarkable global impact of the #MeToo movement. Since 2017, millions have joined the global movement known as #MeToo, catalyzing an unprecedented wave of women’s activism powered by technology that reaches across borders, races, religions, and economic divides. Today, women in more than 100 countries are using the hashtag to fight the violence and discrimination they face—and winning. What started as an online campaign against sexual harassment has triggered the most widespread cultural reckoning on women’s rights in history, with global implications for women’s participation in the economy, politics, and across social and cultural life. Awakening is the first book to capture the global impact of this breakthrough movement. Bringing together political analysis and inspiring personal stories from women in seven countries—Brazil, China, Egypt, Nigeria, Pakistan, Sweden, and Tunisia—Awakening takes readers to the front lines of a networked movement that’s fundamentally shifting how women organize for their own equality.

Back to Life Alicia Salzer,2024-01-17 Back to Life is a feel-good approach to overcoming that lets you try on the skills of the heroes you most admire. From icons of survival like Rosa Parks and Nelson Mandela to contemporary heroes like Michael J. Fox and Elizabeth Edwards, this book allows you to see what resilient survivors actually do when they feel lousy. This is a revolutionary approach to feeling better, rooted in the science of positive psychology and resilience theory, and would help anyone get a dose of soul food into their emotional diet; but these techniques are specially tailored to those trying to overcome traumas big and small—from Big-T Traumas, such as combat, abuse, and bereavement, to challenges one might think of as little-t traumas, like breakups, betrayals, job loss, health problems, and financial hardships. After years of working in the trenches of psychiatry, it became clear to Dr. Alicia Salzer that we needed some new methods to help people overcome, since the old methods often proved too painful for many to bear. It's all about being in the present and focusing on the future—no retelling and revisiting the past, no opening Pandora's box, no picking at old scabs. Back to Life is a creative and empowering way to learn the habits of resilient survivors while getting to know what you stand for, what makes you happy, and what emotions you need in your diet in order to thrive. In this book you will create a holistic pillbox of ten stones—each symbolizing a healthy new way of coping—that you can utilize when your past rears its head. The truth is, there have always been people in our midst who remain positive and passionate despite enormous challenges while others just get stuck. This is the secret playbook of those people, and it's full of accessible and fun exercises to help you try on the rose-colored glasses of those survivors we so admire.
