

Self Portraits Osamu Dazai

SJ Ball

Self Portraits 自己像, 1992 A rich boy turned drop-out, a radical turned drug addict, obsessed with self destruction and suicide, Osamu Dazai retains his cult status among Japan's intellectual youth more than forty years after his death. These stories, based on his own experiences and arranged chronologically, provide insight into the sources of Dazai's enduring appeal as well as his art.--

Self-Portraits Osamu Dazai, 2024-02-06 Bringing together novelist Osamu Dazai's best autobiographical shorts in a single, slim volume, *Self-Portraits* shows the legendary writer at his best—and worst “Art dies the moment it acquires authority.” So said Japan's quintessential rebel writer Osamu Dazai, who, disgusted with the hypocrisy of every kind of establishment, from the nation's obsolete aristocracy to its posturing, warmongering generals, went his own way, even when that meant his death—and the death of others. Faced with pressure to conform, he declared his individuality to the world—in all its self-involved, self-conscious, and self-hating glory. “Art,” he wrote, “is ‘I.’” In these short stories, collected and translated by Ralph McCarthy, we can see just how closely Dazai's life mirrored his art, and vice versa, as the writer/narrator falls from grace, rises to fame, and falls again. Addiction, debt, shame, and despair dogged Dazai until his self-inflicted death, and yet despite all the lies and deception he resorted to in life, there is an almost fanatical honesty to his writing. And that has made him a hero to generations of readers who see laid bare, in his works, the painful, impossible contradictions inherent in the universal commandment of social life—fit in and do as you are told—as well as the possibility, however desperate, of defiance. Long out of print, these stories will be a revelation to the legions of new fans of *No Longer Human*, *The Setting Sun*, and *The Flowers of Buffoonery*.

Self Portraits Osamu Dazai, 1991 Twenty autobiographical stories describe with honesty and self-deprecating humour the women, the suicide attempts, the drinking and the struggle against a staid literary establishment of Japan's enfant terrible.

Self Portraits Osamu Dazai, 1991

The Paradoxes of Japan's Cultural Identity Roy Starrs, 2025-10-01 Japan is widely regarded as having a unique culture and a strong national identity. Paradoxically, however, many basic elements of Japanese culture are not originally Japanese. Since the beginning of its history, Japan has been one of the world's major importers of foreign cultures. Its culture

was thoroughly hybrid long before that word became fashionable in contemporary global studies. But this does not mean that Japan's culture lacks originality. The Japanese have always made strikingly original contributions, even improvements, to whatever they imported. Even more significantly, the hybridity of their culture produced ongoing tensions that served as a kind of creative dynamo for Japanese writers, artists, and intellectuals. This book explores the fundamental creative tension between the native and the foreign in many areas of Japanese culture, from politics and religion to art and literature – a tension also often interpreted as between tradition and modernity.

Making Thought Visible Curt Hersey, Julie D. O'Reilly, 2025-07-18 For viewers who experience autism, bipolar disorder, depression, obsessive-compulsive disorder or other cognitive variations, television storytelling offers opportunities to empathize with characters portraying neurodiversity. In this first collection of its kind, contributors analyze television's increasing attempts to make thought--how individuals process the world around them--visible. Examined themes include the muting of neurodiverse voices, madness as power, diagnosis vs. lived experience, dual diagnosis, reactions to atypical behaviors, the cultivation of attitudes towards autistic individuals, and translanguaging across global series. Programs include *Young Sheldon*, *The Good Doctor*, *Legion*, the *Star Trek* universe, *Euphoria*, *True Detective*, *Girls*, *Bungo Stray Dogs*, and *Love on the Spectrum*. Varied theoretical and methodological approaches and attention to the quality and verisimilitude of neurodiverse representations result in an appropriately complex analysis.

In Praise of Failure Costica Bradatan, 2023-01-03 Squarely challenging a culture obsessed with success, an acclaimed philosopher argues that failure is vital to a life well lived, curing us of arrogance and self-deception and engendering humility instead. Our obsession with success is hard to overlook. Everywhere we compete, rank, and measure. Yet this relentless drive to be the best blinds us to something vitally important: the need to be humble in the face of life's challenges. Costica Bradatan mounts his case for failure through the stories of four historical figures who led lives of impact and meaning—and assiduously courted failure. Their struggles show that engaging with our limitations can be not just therapeutic but transformative. *In Praise of Failure* explores several arenas of failure, from the social and political to the spiritual and biological. It begins by examining the defiant choices of the French mystic Simone Weil, who, in sympathy with exploited workers, took up factory jobs that her frail body could not sustain. From there we turn to Mahatma Gandhi, whose punishing quest for purity drove him to ever more extreme acts of self-abnegation. Next we meet the self-styled loser E. M. Cioran, who deliberately turned his back on social acceptability, and Yukio Mishima, who reveled in a distinctly Japanese preoccupation with the noble failure, before looking to Seneca to tease out the ingredients of a good life. Gleefully breaching the boundaries between argument and storytelling, scholarship and spiritual quest, Bradatan concludes that while success can make us shallow, our failures can lead us to humbler, more attentive, and better lived lives. We can do without success, but we are much poorer without the gifts of failure.

Voegelinian Readings of Modern Literature Charles R. Embry, 2011-05-16 These essays supply a theoretical grounding for the reading of novels, poems, and plays and reveal how the Voegelinian perspective exposes the existential and philosophical dimensions of the literary works themselves. As a unit, this collection of essays shows how modern pieces of literature can symbolize their creators' participation in the human search for the truth of existence--just as myths, philosophical works, and religious texts always have. Voegelin's primary concern as a philosopher was to expose the roots of the disturbances of the modern era--religious conflict, imperialism, war--so that the sources of order leading to meaning are revealed. The openness of Voegelinian thought and the many ways he considered the levels of reality generate intriguing themes for literary criticism.

The Year's Best Fantasy and Horror Seventh Annual Collection, 1994

Modern Japanese Writers Jay Rubin, 2001 This is the first encyclopedia in the Scribner Writers Series to focus on Asian writers and genres. It highlights 25 of the most widely translated Japanese authors, such as Yukio Mishima, Kobo Abe, Junichiro Tanizaki and Fumiko Enchi.

A Biographical and Literary Study of Dazai Osamu James Aloysius O'Brien, 1969

The Journal of Asian Studies, 1993

Historical Dictionary of Modern Japanese Literature and Theater J. Scott Miller, 2021-06-05 With the Meiji Restoration in 1868, Japan opened its doors to the West and underwent remarkable changes as it sought to become a modern nation. Accompanying the political changes that Western trade ushered in were widespread social and cultural changes. Newspapers, novels, poems, and plays from the Western world were soon adapted and translated into Japanese. The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age. Historical Dictionary of Modern Japanese Literature and Theater, Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 500 cross-referenced entries authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Japanese literature.

The Oxford Book of Japanese Short Stories Theodore William Goossen, 1997 This collection of Japanese short stories, including many stories translated specially for this volume, is the first to cover the entire modern era: from the late nineteenth century to the present day. It includes works by two Nobel prize winners for literature, Oe and Kawabata, offers stories by such acclaimed writers as Mishima, Murakami, and Tanizaki, and offers stories by some of the most talented Japanese women writers of today: Hirabayashi, Euchi, Okamoto, and Hayashi. Uniquely comprehensive, this collection gives an excellent overview of the history of short fiction writing in modern Japan. It is organized chronologically, beginning with the first writing to assimilate and rework Western literary conventions. It then moves through the flourishing of the genre in

the Taisho era, to the new breed of writers produced under the constraints of censorship in the period just before and during World War II, and the current writings that, much like their Western equivalents, reflect the pitfalls and paradoxes of modern life. The most complete and compelling collection of its kind available, The Oxford Book of Japanese Short Stories exhibits various indigenous traditions, in addition to those drawn from the West, that recur throughout the stories. Here, for example, are stories of the self, of the Water Trade (Tokyo's nightlife of geishas and prostitutes), of social comment, love and obsession, legends and fairytales. Both stimulating and fascinating, this comprehensive collection offers superb guidance to a tradition little known in America.

Japanese Women Fiction Writers Carol Fairbanks, 2002-04-26 This study provides annotations for three hundred translated works of fiction by 97 Japanese women writers from the 1890s to the 1990s. Also included are 600 annotations of articles, books, and reviews that cover biographical and critical materials, and a 100 page glossary pro...

Japanese Cultural Nationalism Roy Starrs, 2004 Based on the premise that Japanese cultural nationalism has been and is a major cultural/historical force throughout the Asia Pacific this book has dual focus: Part 1 explores Japanese literature, philosophy, education, politics, diplomacy, music; Part 2 extends Japanese role to Asia Pacific at large. Part One explores significant and influential expressions of cultural nationalism in Japanese literature, philosophy, education, politics, diplomacy, music and popular culture. Part Two widens the focus to Asia Pacific at large and examines the role of Japanese cultural nationalist discourse in the island nation's relations with its regional neighbours, China being the main focus. Topics include Meiji racial theory, the varieties of Japanese imperialist ideology, nationalist attitudes towards China, Kyoto School Sinology, resistance to foreign yakozuna in sumo wrestling.

Critical Survey of Short Fiction: Italo Calvino - Louise Erdrich, 2001

Forthcoming Books Rose Arny, 1992

The Breeze, 1995

Critical Survey of Short Fiction Charles Edward May, Frank Northen Magill, 2001 Profiles more than four hundred authors of short fiction from around the world, presenting biographical and bibliographic information and summaries of major works. Also includes a reference volume with a chronology; a bibliography; lists of major award winners; twenty-nine essays on short-fiction history, theory, and world cultures; and three indexes.
