Mexican Waves Paul Julian Smith, 2025-06-02 This book, *Mexican Waves: Cinema, Television, Transmedia*, explores the dynamic landscape of contemporary Mexican audiovisual storytelling, offering an in-depth examination of the works of influential filmmakers, television creators, and transmedia artists. By analyzing the convergence of these media, the book provides a comprehensive understanding of their evolution and socio-cultural impact. Key concepts include the interplay between cinema, television, and transmedia, with chapters dedicated to the works of renowned directors like Alejandro González Iñárritu and the rise of quality television series. The book also uncovers unexpected connections between art cinema and digital platforms such as YouTube, highlighting how these media address pressing themes like feminism and queer identity. Through close textual analysis and industrial context, readers will gain insights into the innovative narratives shaping Mexican media today. This essential volume is designed for scholars and students of media studies and Latin American studies, as well as anyone interested in the transformative power of storytelling. By presenting previously unstudied primary texts now accessible via streaming, the book invites readers to engage with the vibrant and evolving world of Mexican audiovisual culture.
