Seeding Civil War H. Craig Miner,2008 Following the passage of the Kansas-Nebraska Act, Kansas Territory was a

national issue that dominated America's press, not to mention three sessions of Congress. Craig Miner now offers the first in-depth study of national media coverage devoted to the beleaguered territory, unearthing new examples of what Americans were saying about Kansas and showing how those words affected the course of national events. Miner draws on dozens of newspapers and magazines from all parts of the country and of all political persuasions: a trove of rich quotations and unvarnished epithets, nearly all of them published here for the first time. He reveals how the heated, polarizing rhetoric widened the sectional rift, weakened chances of accommodation, and contributed more to the onset of civil war than has been previously recognized.--BOOK JACKET.
