The Way of Integrity Martha Beck, 2021-04-13 OPRAH'S BOOK CLUB PICK AN INSTANT NEW YORK TIMES BESTSELLER "A roadmap on the journey to truth and authenticity... [The Way of Integrity] is filled with aha moments and practical exercises that can guide us as we seek enlightenment." -Oprah Winfrey Bestselling author, life coach, and sociologist Martha Beck explains why "integrity"—needed now more than ever in these tumultuous times—is the key to a meaningful and joyful life AN OPEN FIELD PUBLICATION FROM MARIA SHRIVER As Martha Beck says in her book, "Integrity is the cure for psychological suffering. Period." In *The Way of Integrity*, Beck presents a four-stage process that anyone can use to find integrity, and with it, a sense of purpose, emotional healing, and a life free of mental suffering. Much of what plagues us—people pleasing, staying in stale relationships, negative habits—all point to what happens when we are out of touch with what truly makes us feel whole. Inspired by *The Divine Comedy*, Beck uses Dante's classic hero's journey as a framework to break down the process of attaining personal integrity into small, manageable steps. She shows how to read our internal signals that lead us towards our true path, and to recognize what we actually yearn for versus what our culture sells us. With techniques tested on hundreds of her clients, Beck brings her expertise as a social scientist, life coach and human being to help readers to uncover what integrity looks like in their own lives. She takes us on a spiritual adventure that not only will change the direction of our lives, but also bring us to a place of genuine happiness.

The Way David Palmer, 2020-08-10 Do you have personal integrity? Of course you have. But - how do you know? Integrity is personal congruence, so integrity means congruence with a set of personal values. But if you were to be asked what your

values are, would you have your answer - or would you have to start thinking about your answer? If the latter, you may be living with an integrity set by others. You are 'being lived'. Any personal integrity you have with values and rules wholly set by others, as valuable as that may be, is integrity by accident. In this book you will learn a method for identifying and defining your personal values so that you can start living with Integrity on Purpose. You will be guided through a process of understanding values and the rules they engender, identifying and defining the values and rules you believe in, and then designing and living a life that is congruent with that discovery. Integrity on Purpose is about self-directed, principled, congruent living. On your terms.

Reclaiming Lives from Sexual Violence Tim Donovan, Dale Johns, 2022-03-28 This book takes an innovative approach to using narrative therapy in counselling people who have been subject to childhood sexual abuse. Reclaiming Lives from Sexual Violence presents an illustrative case study of the authors, Tim the therapist in consultation with Dale the client, who was sexually abused as a child by a clergy member. The book is unique in documenting their therapeutic work using transcripts taken directly from their sessions together. This narrative approach invites the reader to consider different ways of engaging in therapy in order to challenge the dominant social discourses around masculinity and shame. Looking at shame from a position of value awareness rather than a deficit perspective, this book extends counselling to consider the individual experience as political and one that must be shared outside the one-to-one therapy environment. This will be an essential resource for beginning or established therapists and practitioners working with clients who have been victims of sexual violence.

Law's Empire Ronald Dworkin, 1988-01-01 With incisiveness and lucid style, Dworkin has written a masterful explanation of how the Anglo-American legal system works and on what principles it is grounded. Law's Empire is a full-length presentation of his theory of law that will be studied and debated for years to come.

The Handbook of Virtue Ethics Stan van Hooft, 2014-09-11 Virtue ethics has emerged as a distinct field within moral theory - whether as an alternative account of right action or as a conception of normativity which departs entirely from the obligatoriness of morality - and has proved itself invaluable to many aspects of contemporary applied ethics. Virtue ethics now flourishes in philosophy, sociology and theology and its applications extend to law, politics and bioethics. The Handbook of Virtue Ethics brings together leading international scholars to provide an overview of the field. Each chapter summarizes and assesses the most important work on a particular topic and sets this work in the context of historical developments. Taking a global approach by embracing a variety of major cultural traditions along with the Western, the Handbook maps the emergence of virtue ethics and provides a framework for future developments.

On Becoming Responsible Michael S. Pritchard,1991 Pritchard provides a deliberate and convincing argument for a starting point for the discussion of moral development, on in which self regard and empathy provide equally essential groundings for individual morality. Drawing essential elements from the work of Reid, Strawson, Rawls, Kohlberg, and Gilligan, he builds a comprehensive framework for tracing moral development from childhood--one that allows human morality to be grounded in both reason and emotion and that recognizes the importance to morality of justice and rights as well as caring and responsibility.

Youth Entrepreneurship Chris Ehiobuche,Chizoba Madueke,2017-02-10 The challenges and opportunities facing the Nigerian youths demand rethinking of new ways of doing things. Youth unemployment and underemployment are at a record high. More than ever, the Nigerian youths are in dire need of finding other avenues to explore in pursuit of life endeavors. Youth employment, underemployment, and unemployment are serious concerns for our society, civilization, and the nation. Ehiobuche and Madueke took a different approach to discussing and presenting a practical approach to youth entrepreneurship from the notion of a shared responsibility for the change of mindset from falling into the victims theory dimensions to intelligent ventures and resilience. Their model presents insight on how a paradigm shift among the youths

and the society in general from job search to business development may well lead to entrepreneurs and self-productive citizens. The authors hope to inspire, inform, and encourage today's youths to become tomorrow's entrepreneurs, leaders, and good citizens. Making the transition from seeking employment, unemployment, or underemployment to self-employment/entrepreneurship is the primary purpose of this book. The topics include the following: Conquering personal and cultural roadblocks to entrepreneurship Shifting mental and physical focus from employee to employer Avoiding common pitfalls in starting and running a sustainable small business Making the best out of being a youth The authors urge the Nigerian youths to avoid falling into a victim mentality and start their paradigm shift into the mindsets of entrepreneurs.

Plato and Modern Law Richard O. Brooks, 2017-07-05 This audacious collection of modern writings on Plato and the Law argues that Plato's work offers insights for resolving modern jurisprudential problems. Plato's dialogues, in this modern interpretation, reveal that knowledge of the functions of law, based upon intelligible principles, can be reformulated for relevance to our age. Leading interpreters of Plato: Vlastos, Hall, Strauss, Weinrib, Annas, and Morrow, are included in the collection. The editor supplies an insightful introduction and extensive bibliography to the collection.
