Dynamics of Media Editing Vincent F. Filak, 2019-01-07 As traditional newsrooms staffed by journalists and managed by experienced editors become less and less common, there is an even greater need for all types of professional writers to be fluent in the editorial process. Dynamics of Media Editing emphasizes the broad value of editing as both a tool for journalistic management and an essential skill for individual writers of all stripes. Author Vince F. Filak recognizes editing as an essential process for improving the quality of published writing, something that is relevant and essential to investigative journalists, social media interns, celebrity bloggers, and everyone in between. By organizing the book around skills and by platforms, Dynamics of Media Editing shows students how the basic principles of good editing work across disciplines and media platforms.

Questions in Dataviz Neil Richards, 2022-11-02 This book takes the reader through the process of learning and creating data visualisation, following a unique journey with questions every step of the way, ultimately discussing how and when to bend and break the rules to come up with creative, unique, and sometimes unconventional ideas. Each easy-to-follow chapter poses one key question and provides a selection of discussion points and relevant data visualisation examples throughout. Structured in three parts: Section I poses questions around some fundamental data visualisation principles, while Section II introduces more advanced questions, challenging perceived best practices and suggesting when rules are open to interpretation or there to be broken. The questions in Section III introduce further themes leading on to specific ideas and visualisation projects in more detail. Questions in Dataviz: A Design-Driven Process for Data Visualisation will appeal to any reader with an interest in creative or unconventional data visualisation and will be especially useful for those at a beginner or intermediate level looking for inspiration and alternative ways to deploy their data visualisation skills outside of conventional business charts.
