

Citizen Kane Orson Welles

Rachel Sandford

Orson Welles's Citizen Kane James Naremore, 2010-04-10 Citizen Kane is arguably the most admired and significant film since the advent of talking pictures. No other film is quite so interesting from both artistic and political points of view. To study it even briefly is to learn a great deal about American history, motion-picture style, and the literary aspects of motion-picture scripts. Rather than presenting a sterile display of critical methodologies, James Naremore has gathered a set of essays that represent the essential writings on the film. It gives the reader a lively set of critical interpretations, together with the necessary production information, historical background, and technical understanding to comprehend the film's larger cultural significance. Selections range from the anecdotal --Peter Bogdanovich's interview with Orson Welles--to the critical, with discussions on the scripts and sound track, and a discussion of what accounts for the film's enduring popularity. Contributors include James Naremore, Peter Bogdanovich, Jonathan Rosenbaum, Robert L. Carringer, François Thomas, Michael Denning, Laura Mulvey, Peter Wollen, and Paul Arthur.

Citizen Kane Orson Welles, Herman Jacob Mankiewicz, Pauline Kael, 2002 "The complete screenplay of one of the world's most famous and controversial films. "A definitive chronicle of the making of the film" Sheridan Morley, Films & Filming This

is the complete companion to Citizen Kane - the film that was "designed to shock" (Kenneth Tynan) - one of the best-loved and best-known movies in the history of Hollywood and still the most staggering film debut ever. Not only was this Orson Welles's first film as actor and director but most of the cast were also new to the cinema. Yet so controversial was the subject matter that an \$842,000 bribe and the concentrated wrath of the Hearst newspaper empire combined in an attempt to strangle its distribution. And the authorship of the film is still a subject of conflict. Pauline Kael's long essay, *Raising Kane*, dissects a maze of Hollywood lore to re-evaluate these and many other fascinating stories about the making of this remarkable film. Her account is followed by the original screenplay, illustrated with stills and frame enlargements. "Citizen Kane revolutionised film-making, and the question of its authorship is as important to the cinema as that of Hamlet to the theatre . Pauline Kael explains how the picture came to be made and concludes that the man most responsible for its creation was not Welles but Herman J. Mankiewicz" Kenneth Tynan, *Observer* >

The Citizen Kane Book Pauline Kael, Herman Jacob Mankiewicz, Orson Welles, 1971

The Making of Citizen Kane Robert L. Carringer, 1985 Discusses the script, art direction, and cinematography of Orson Welles' most famous film, argues that it was a collaborative effort, and examines Welles' other efforts for RKO

Walking Shadows John Evangelist Walsh, 2004 *Walking Shadows* dramatically dissects the wild, high-profile battle between newspaper tycoon William Randolph Hearst and famous young actor, director, and filmmaker Orson Welles over Welles's groundbreaking film *Citizen Kane*. In 1940 and 1941 it became the center of public controversy and scandal, especially in Hollywood where Welles's own stark honesty and blatant self-confidence heightened the drama. *Citizen Kane* portrayed the ruthless career of an all-powerful magnate bearing (not accidentally) a striking resemblance to Hearst, who immediately tried to kill the picture. John Evangelist Walsh here illuminates the conflict between these two outsize personalities and for the first time brings Hearst's vengeful anti-Kane campaign to the fore. Walsh provides thorough documentation, supplemental notes, and an extended bibliography.

Citizen Welles Frank Brady, 2023-04-25 George Orson Welles (1915–1985) is considered to be among the greatest and most influential filmmakers of all time. At just twenty-five years old, he cowrote, produced, directed, and starred in his Academy Award-winning debut film *Citizen Kane* (1941). His innovative and distinctive directorial style—nonlinear narratives, unusual camera angles, deep focus shots, and long takes—continues to be emulated by directors and cinematographers to this day. The brilliant yet provocative Welles won multiple Grammys, a Golden Globe, and the greatest honor the Directors Guild of America bestowed: the D. W. Griffith Award. His final film, *The Other Side of the Wind*, was released in 2018, 33 years after his death. In *Citizen Welles: A Biography of Orson Welles*, author Frank Brady presents a comprehensive and complete picture of the artist and auteur. Painstakingly researched, Brady delves into Welles's creative

achievements, from his critically acclaimed film *Citizen Kane* and controversial radio broadcast *The War of the Worlds* (1938) to his starring turn on Broadway in *Shaw's Heartbreak House* (for which he made the cover of *Time*). Brady also explores other notable films, including *The Magnificent Ambersons* (1942), *Touch of Evil* (1958), and *Chimes at Midnight* (1965). This all-encompassing work also details the personal side of Welles's life, including his romances with Rita Hayworth and Dolores Del Rio and the confounding tragedy of his final years. Presented is a captivating and compelling encapsulation of the revered and respected artist.

The Making of Citizen Kane, Revised Edition Robert L. Carringer, 1996-10-24 *Citizen Kane*, widely considered the greatest film ever made, continues to fascinate critics and historians as well as filmgoers. While credit for its genius has traditionally been attributed solely to its director, Orson Welles, Carringer's pioneering study documents the shared creative achievements of Welles and his principal collaborators. *The Making of Citizen Kane*, copiously illustrated with rare photographs and production documents, also provides an in-depth view of the operations of the Hollywood studio system. This new edition includes a revised preface and overview of criticism, an updated chronology of the film's reception history, a reconsideration of the locus of responsibility of Welles's ill-fated *The Magnificent Ambersons*, and new photographs.

Orson Welles's *Citizen Kane* James Naremore, 2023 '*Citizen Kane*' is a largely admired and significant film. This volume represents the essential writings on '*Kane*'. It gives the reader a lively set of critical interpretations, together with the necessary production information, historical background and technical understanding to comprehend the film's larger cultural significance.

William Randolph Hearst, Orson Welles, and *Citizen Kane*: The History of the Men Behind One of America's Most Famous Movies Charles River Editors, 2019-03-07 *Includes pictures *Includes online resources and a bibliography for further reading When William Randolph Hearst was in his late 50s and at the height of his power, journalist Robert Duffuss observed, His career is unique in American history, or, for that matter, all history. Compared with him the Bennetts and even the Pulitzers are small...his acquaintances...credit him with personal charm, but do not deny his ruthlessness in

business operations. Shopkeepers and his nearest rivals are simply not in his class. Here is success on a dizzying and truly American scale. Here is journalism as large as the Rocky Mountains or the Painted Desert. However, despite his massive success, and perhaps in large measure because of it, many of Hearst's contemporaries depicted him in negative ways. As Duffuss also noted, when it came to the newspaper magnate's reputation, there was a curious suggestion of lath and plaster about it, and far from being universally honored and admired as other self-made men have been, Mr. Hearst is regarded by multitudes of his fellow citizens with extreme aversion and distrust. Indeed, his career is almost never examined dispassionately and for this reason some of the salient facts about him are worth setting down in a somewhat cold-blooded manner. It is only right to keep every positive and negative viewpoint in mind when looking at the life of a man who built his own fortune with money inherited from a father who literally grubbed it out of the ground with his own hands. While the senior Hearst may never have gotten the soil of old California from under his nails, William Randolph would never know what it felt like to live a life of manual labor; instead, he founded his empire on another kind of dirt, that which he was able to dig up and publish about the people, great and small, of his day. He would also stir up a good bit of dirt himself. When it comes to Hollywood and the entertainment industry, perhaps nobody catapulted to fame as quickly or as strangely as Orson Welles, and it was due in large measure to the man who hated him more than anyone else in the world. Though Welles he had worked on stage productions from an early age and seamlessly transitioned into radio, few were familiar with his work until a legendary 1938 radio broadcast of H.G. Wells' *The War of the Worlds*, during which some people who heard Welles narrating the work truly believed that an alien invasion was underway. As Welles famously apologized at the end of the broadcast, This is Orson Welles, ladies and gentlemen, out of character, to assure you that *The War of the Worlds* has no further significance than as the holiday offering it was intended to be; *The Mercury Theatre's* own radio version of dressing up in a sheet and jumping out of a bush and saying 'Boo!' Although the alleged widespread hysteria caused by that broadcast is mostly overstated, the notorious broadcast made Welles a household name, and he only followed it up with one of the greatest movies ever made: *Citizen Kane*. As the co-writer, producer, director, and main star of the film, a biting social critique of William Randolph Hearst, Welles' first movie would end up being his most famous and critically acclaimed. Of course, it also ensured that he would continue to work across every entertainment medium for the next 4 decades, juggling radio, the stage, movies, and television throughout the rest of his illustrious career. *William Randolph Hearst, Orson Welles, and Citizen Kane: The History of the Men Behind One of America's Most Famous Movies* examines the various roles Hearst played in American journalism and politics during his life, and how he inspired Welles to make one of America's most important films. Along with pictures depicting important people, places, and events, you will learn about the story of Hearst, Welles, and *Citizen Kane* like never before.
