

Curso De Derecho Constitucional Prez Royo Pdf

Luis Sánchez Agesta

Constitutional Crowdsourcing Abat i Ninet, Antoni,2021-11-23 Conceptualising the new phenomenon of constitutional crowdsourcing, this incisive book examines democratic legitimacy, participation, and decision-making in constitutions and constitutionalism. It analyses how the wider population can be given a voice in constitution-making and in constitutional interpretation and control, thus promoting the exercise of original and derived constituent power.

Derecho de la información. Julián Rodríguez Pardo,2011-11-11 ...un libro capaz de ofrecer una visión completa, rigurosa, pero general, de las libertades informativas en el entorno de habla hispana; un libro para una comunidad cultural llena de peculiaridades nacionales que nos separan, pero que especialmente comparte lengua, cultura, costumbres y, en la mayoría de los casos, juventud democrática...

La protección constitucional del medio ambiente sano en Colombia MELÓN VELÁSQUEZ, Herbert Giobán,2016-10-01 Teniendo como referente la Constitución Política de 1991, el derecho al medio ambiente sano, se distingue al ser considerado como un derecho colectivo de “tercera generación” pues fue el interés del constituyente derivado, en incorporar el aspecto ambiental de manera transversal en el ordenamiento superior, al estar relegado este tema en la Constitución de 1886, siendo indispensable en acatar el compromiso del reconocimiento y protección al derecho a gozar de un medio ambiente sano, asumido en la Conferencia de Estocolmo y posteriormente devino en la Declaración de Río, la necesidad de incluir un modelo de desarrollo sostenible, efectivamente, Colombia entró a la vanguardia de las otras constituciones del mundo al insertar este “nuevo derecho” en más de treinta y cuatro artículos constitucionales lo que según la Sentencia T-411/92, la ha denominado como una “Constitución ecológica, verde o ambiental”, además de ser progresista en sus pronunciamientos. Así las cosas, transitamos dentro del estudio investigativo en un análisis de temas trascendentales como: las categorías de los derechos, aspectos jurídicos legales del desarrollo del medio ambiente, las acciones constitucionales, el activismo judicial de la Corte Constitucional colombiana y luego concluir, con la jurisprudencia constitucional sobre medio ambiente sano en Colombia. Es en este contexto, donde surge el planteamiento: ¿Cómo puede un derecho de tercera generación que ha sido vulnerado y cuya vía procesal son las acciones populares, acudir a través de la acción de tutela para buscar su protección en sede judicial?. Así las cosas, el estado de la cuestión del presente estudio investigativo, se centró en analizar las diferentes tendencias adoptadas en la protección ambiental por la Corte

Constitucional desde el periodo comprendido entre el 4 de julio de 1991 hasta el día 4 de agosto 2014, iniciando con la Sentencia T-403/92, y finalizando con la Sentencia T-197/14, dada la delimitación del problema de estudio elegido, que permite identificar los supuestos teóricos y jurídicos directamente relacionados con el objeto de investigación, allí se tomó una muestra representativa de 359 pronunciamientos de esa alta Corporación, enfocando nuestro análisis específicamente en las acciones de tutela, sin dejar de lado, las Sentencias de Constitucionalidad, Sentencias de Unificación y Autos, para lograr identificar cinco líneas jurisprudenciales dentro del medio ambiente sano, cuya fluctuación se dio inicialmente como un derecho fundamental, transitó a la teoría de la conexidad, siguió a tener una doble titularidad de los derechos subjetivos y colectivos, posteriormente acogió de nuevo la fundamentalidad pero bajo la preceptiva de instrumentos internacionales y finalmente indicar, la equivalencia en fundamentalidad de derechos y la transversalidad del medio ambiente con los demás derechos prestacionales.

Manual de justicia constitucional ecuatoriana Jorge Benavides Ordóñez, Jhoel Escudero Soliz, 2013

Same Sex Couples - Comparative Insights on Marriage and Cohabitation Macarena Sáez, 2015-05-06 This book shows six different realities of same-sex families. They range from full recognition of same-sex marriage to full invisibility of gay and lesbian individuals and their families. The broad spectrum of experiences presented in this book share some commonalities: in all of them legal scholars and civil society are moving legal boundaries or thinking of spaces within rigid legal systems for same-sex families to function. In all of them there have been legal claims to recognize the existence of same-sex families. The difference between them lies in the response of courts. Regardless of the type of legal system, when courts have viewed claims of same-sex couples and their families as problems of individual rights, they have responded with a constitutional narrative protecting same-sex couples and their families. When courts respond to these claims with rigid concepts of what a family is and what marriage is as if legal concepts were unmodifiable, same-sex couples have remained outside the protection of the law. Until forty years ago marriage was the only union considered legitimate to form a family. Today more than 30 countries have granted rights to same sex couples, including several that have opened up marriage to couples of the same sex. Every day there is a new bill being discussed or a new claim being brought to courts seeking formal recognition of same sex couples. Not all countries are open to changing their legal structures to accommodate same-sex couples, but even those with no visible changes are witnessing new voices in their communities challenging the status quo and envisioning more flexible legal systems.
